Supply of Seeds and Bulbs obtained for India from Foreign Countries.

Referring to certain Municipal Councils and the Municipal Commissioners of Madras Government Order, Revenue Department, referring for report letter from the Government of India forwarding a despatch from the Secretary of State requesting that certain information regarding the — may be supplied direct to the Government of New South Wales.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

G.O., Mis. No. 200, Revenue, dated 14th January 1898.

Read—the following letter from the Government of India, Revenue and Agricultural Department, dated 4th January 1898, Circular No. 1—106-2 :—

I am directed to forward a copy of a despatch* and of its enclosures received from Her Majesty's Secretary of State for India, in which it is requested that information regarding the supply of seeds and

bulbs obtained for India from foreign countries may be supplied direct to the Government of New South Wales. I am to ask that, with the permission of the Governor in Council, the Colonial Government may be furnished with a list of public gardens in the Madras Presidency which are managed by Government or municipalities or other public bodies or societies, with the name of the Superintendent in charge. If possible, a rough estimate should also be given of the sum spent annually in the purchase of seeds, plants and bulbs from foreign countries and the source of supply should be stated.

2. I am to request that a copy of the papers supplied to the Colonial Government may also be forwarded to the Government of India.

ENCLOSURES.

Despatch from the Right Hon'ble Lord GEORGE HAMILTON, Her Majesty's Secretary of State for India, to the Government of India, dated India Office, London, 28th October 1897, No. 185 (Revenue).

Colonial Office, to India Office, 24th July 1897.
India Office, to Colonial Office, 28th September 1897.
Colonial Office, to India Office, 5th October 1897.
India Office, to Colonial Office, 26th October 1897.

I forward herewith a copy of a correspondence with the Colonial Office regarding the supply of seeds and bulbs for India, and will be glad if your Excellency will give instructions for the required information being communicated to the New South Wales Government.

2. A copy of any letter you may send to Sydney should be forwarded for record here.

From JOHN BRAMSTON, Esq., c.b., Under Secretary of State for the Colonies, to the Under Secretary of State for India, dated Colonial Office, London, 24th July 1897, No. 15660-97.

I am directed by Mr. Secretary Chamberlain to transmit to you, to be laid before the Secretary of State for India in Council, the accompanying copy of a letter from the Agent-General for New South Wales, in which

he desires information as to the annual requirements of the Government of India in the way of seeds and bulbs, with a view to the encouragement of seed-farming in the colony.

Mr. Chamberlain would be glad if Sir Saul Samuel's request could be complied with.

From Sir SAUL SAMUEL, K.C.M.G., G.C.B., Agent-General for New South Wales, to the Under Secretary of State for the Colonies, dated Westminster Chambers, 19th July 1897, No. 5345.

I have the honour to state it has been reported to the Government of New South Wales that considerable sums are expended annually by the Government of India in the purchase of seeds, and it is thought by my Government that many of such seeds, as well as quantities of those imported for Government and private establishments in other countries of Asia and elsewhere, could doubtless be supplied from New South Wales, and so promote in the colony a profitable industry in seed-farming.

With a view, therefore, to the development of such an industry, I have now the honour, at the instance of my Government, to ask that the Secretary of State for India in Council may be moved to cause enquiry to be made as to the kinds and quantities of seeds and bulbs purchased annually from other countries by the Government of India.

The favour of this information will be much appreciated by the New South Wales Government.

From A. N. WOLLASTON, Esq., c.i.e., Assistant to the Secretary of State for India, to the Under Secretary of State for the Colonies, dated India Office, London, 28th September 1897, No. R. & S. 2109.

I am directed by the Secretary of State for India to acknowledge the receipt of your letter, and enclosure, of the 24th July last, and in reply to state, for the information of the Agent-General for New South Wales, that no indents are made on this office by the Government of India for an annual supply of seeds and bulbs on their account. It is understood that the Superintendents of military and other public gardens in India make their own arrangements for the supply of seeds and plants from abroad, either through the local Agri-Horticultural Societies or direct with seedsmen and florists in the United Kingdom and British Colonies.

From Sir EDWARD WINGFIELD, Under Secretary of State for the Colonies, to the Under Secretary of State for India, dated Colonial Office, London, 5th October 1897, No. 21036-97.

With reference to your letter of the 28th ultimo, marked R. & S. 2109, respecting the request of the New South Wales Government for information as to the supply of seeds and bulbs required for India, I am directed by the Secretary of State for the Colonies to state that he would be greatly obliged if you would move Secretary Lord George Hamilton, should he see no objection, to procure further information on the subject from the Government of India, such as a list of the Superintendents of the principal public gardens or of the Agri-Horticultural Societies through which it is understood that seeds and bulbs are purchased.

From Sir A. GODLEY, c.b., Under Secretary of State for India, to the Under Secretary of State for the Colonies, dated India Office, London, 26th October 1897, No. R. & S. 2667.

I am directed by the Secretary of State for India to acknowledge the receipt of your letter of the 5th instant, and in reply to inform you that the Government of India have been asked to send to Sydney the information regarding the supply of seeds and bulbs for India required by the New South Wales Government.

Order—Mis. No. 200, Revenue, dated 14th January 1898.

Referred to the Board of Revenue, to the Collector of the Nilgiris and to the Principal of the College of Agriculture, Saidapet, for early report.

2. Information relating to municipal gardens will be obtained in the Local and Municipal Department.
