GENERAL.

No. 12984—Mis. F. 21-96, dated 12th April 1898.

In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation II of 1897, the Government of Mysore are pleased to prescribe the following revised Regulations in supersession of the corresponding Regulations 20 and 20 A published under Notification No. 9383—Mis. F. 21-96, dated 10th February 1898 :—

20. When any carriage from the Bombay Presidency or from any infected area is detached from a train at any railway station on the Bangalore-Nanjangud line except the Bangalore City Station, it shall be disinfected or ventilated in the following manner as soon as possible and before it is again brought into use.

Third and intermediate class carriages :—

The interior wood-work of the carriages, especially the floors and seats, shall be thoroughly washed with a solution of perchloride of mercury (1 in 1000) or with a carbolic acid solution (a wine glassful to a gallon) applied *with a mop*; the doors and windows shall be opened, and the vehicle exposed to the air.

First and second class carriages :—

The floors and wood-work shall be treated as above, the cushions being also brushed and thoroughly cleaned.

20 A. Any railway carriage from which a passenger who is suffering or suspected to be suffering from the plague has been removed, shall be detached at the nearest convenient station, and shall be disinfected as follows :—

(1) The carriages, after being detached from the train, should be thoroughly washed with soft soap and lime water. After an interval of two to three hours, this should be washed off with plain water, and then the following disinfecting solution should be thoroughly sprayed all over the interior as well as the exterior of the carriages by means of a syringe :—

Corrosive sublimate	..	..	..	1 oz.
Hydrochloric acid	..	..	..	1 oz.
Water	..	..	..	3 gallons.

This solution should be allowed to dry on the carriages. Special care must be taken to direct the solution into all the cracks and crevices and jilmills.

- After disinfection, the carriages should be kept out in the open for 48 hours. They can then be brought into use again.
- In the case of first and second class carriages, which afford greater facilities than third class compartments for the harbouring of plague germs, it will be necessary, if the carriages are contaminated, to burn the cushions and to disinfect the wood-work in the manner indicated above, and re-paint the interior.
- Any compartment in which a suspicious case has travelled should be sprayed with the above disinfecting solution before being allowed to proceed.

By Order,

C. SREENIVASINGAR,

Secy. to Govt., Gen. & Rev. Departments.

GENERAL.

No. 13220—Mis. F. 21-96, dated 16th April 1898.

For clause (b) of Regulation II of the Regulations under the Epidemic Diseases Regulation published with Notification No. 9384—Mis. F. 21-96, dated the 10th February 1898, the following shall be substituted, namely :—

"(b) take measures for segregating and retaining such person in his own house or in some other suitable place, if from the fact of such house or place being situated at a distance from crowded localities and from being surrounded by a large compound the Health Officer thinks that the said person can be there treated with no greater risk of spreading the infection than would arise if he were removed to a place provided under Regulation 8."

By Order,

C. SREENIVASINGAR,

Secy. to Govt., Gen. & Rev. Depis.

No. 2430 *E*

FROM

THE RESIDENT IN MYSORE.

TO

The Secretary to the Government of Madras,
Local and Municipal Department.

Dated Bangalore, 12th May 1898.

SIR,

In continuation of this Office letter No. 1287 dated the 16th

No. 12384—Mis. F. 21-96, dated the 12th April 1898, and

Nos. 13220 and 13221—Mis. F. 21-96, dated the 16th April 1898.

ultimo, I have the honour to forward 2 copies of each of the marginally noted Notifications issued by the Mysore Darbar, under their Epidemic Diseases Regulation, revising rules 20, 20 A., and clause (b) of Regulation II and clause (b) of Regulation 3 of the Regulations published under Notifications Nos. ^{9333 and 9384} Mis. F. 21-96 of the 10th February last.

I have the honour to be,

Sir,

Your most obedient Servant,

[Signature]
Resident.
