No. 60 Municipal Office

Enclosures Three Madura 14th December 1897.

From,

R. Fischer Esquire,

Chairman, Municipal Council,

Madura.

To,

The Secretary to Government,

Local and Municipal Department,

Madras.

Thro' The Collector of Madura.

Sir,

In forwarding herewith copy of the resolution of the Municipal Council No. 451 dated 8th December 1897 granting a Strip of land applied for by the Vice President of the District Board and Member of the Chuttram Committee, for a Chuttram proposed to be constructed near the Railway Station for the accommodation of the pilgrims and travellers passing through this town, I have the honour to State that though the object of the grant may be laudable yet the assignment of a portion of a public Street in a growing and populous town like this, seems to be wrong in principle.

2. The land forms part of the West Marret Street. It is marked in red pencil in the accompanying Sketch and measures 8 feet at the Southern end and tapers to a

point

point at the northern extremity. It contains an area of 1500 square feet and not 1990 as stated in the resolution. The object for which this bit of land is required is said to be merely to make the site of the future Chuttram rectangular — not that its omission will in any way diminish the space inside the Chuttram and cause inconvenience to travellers but its occupation on the other hand will permanently disfigure and destroy the symmetry and utility of a public Street.

3. The eastern side of the West Marret Street now covered by a Cocoanut tope is being purchased by several gentlemen in the town and laid out into plots for the purpose of erecting houses thereon and with the completion of the proposed Chuttram and the gradual conversion of the tope into buildings there can be no doubt that the traffic in that part of the Street will be considerably increased and the necessity of a broad metalled Street will be greatly felt. It seems to me, therefore, that public utility and convenience should over-ride all other considerations of a secondery nature.

4 The West Marret Street besides is the long established route of an annual procession of the local Goddess Meenakshi during the Ashtami Pradatchanam.

This is not necessary. It is sufficient to withhold sanction for the present.

5. In these circumstances, I think it my duty to request Government to cancel the resolution in question.

6. When this subject came on for consideration in July last, the Council declined to grant the land for the purpose required vide copy of the resolution enclosed. It was however again brought on for reconsideration on the motion of the Vice President when the resolution in question was passed.

I have the honour to be,
Sir,
Your most obedient Servant,

R Rucker
Chairman

From,

J. G. D. Partridge Esquire
Acting Collector
Madura

To,

The Secretary to Government
Local and Municipal
Department
Madras.

Sir,

In forwarding the Chairman's letter to Government I must state that in my opinion public roads in a big town should not be given up for building purposes even if the road at present is wider than the traffic requires. The proposed Chattram's site is already over 430 feet long by 84' at one end and 96' at the other. This must be ample to build the Chattram and the addition asked for can only be a for making the plot rectangular.

I have the honour to be
