MARCH.

Municipal Budget.

Reviewing the Tuticorin — for 1898–99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R.Ry. J. M. B. ROCHE VICTORIA Avargal, Chairman, Municipal Council, Tuticorin, to the Secretary to Government, Local and Municipal Department, dated Tuticorin, 4th January 1898, No. 5.

I have the honour to submit for sanction the budget estimates of receipts and charges of this municipality for the financial year 1898–99, as adopted by the council in their special meeting convened on Tuesday the 28th December 1897.

1. Educational budget estimates (through the Director of Public Instruction).
2. A proposition statement of revision of establishment.
3. Extracts of budget estimates.

2. A copy of the resolution of the council passing the above and other papers detailed in the margin are enclosed.

Revised Estimate for 1897–98.

Receipts.

3. The grand total of receipts of the year is expected to be Rs. 46,300, which include Rs. 6,095, being the opening balance as shown in G.O., No. 2247 M., dated 14th October 1897, reviewing the administration report of this municipality for 1896–97. There is an increase of Rs. 3,010 over the budget estimate for the year, which is ascribed to the actual increase in the opening balance, as well as to the increased receipts anticipated to be realized from taxes on arts, &c., buildings, warrant fees (a new item) and contribution from the Taluk Board, Tuticorin, and refunds of expenditure incurred on account of pay of Assistant Surgeon, Mr. Pereira, employed in the municipal dispensary when the permanent civil apothecary attached to the station had been on furlough, as explained in paragraph 37 of the administration report of the last year embodied in Government order above referred to. This is, however, counterbalanced by a decrease of Rs. 840, being loss under tolls owing to the low bid in sale consequent upon the failure of crops especially in cotton and other export articles such as onions, chillies, &c., which are largely brought into the town by means of carts.

4. The abnormal increase of Rs. 850 under tax on arts is due to the classification of the schedule which is clearly defined under the Amendment Act. The demand notice appertaining to this tax was issued rather very late this year owing to the complete revision of the register, and hence nothing was realized under the tax during the first eight months of the year. It is, however, hoped that the whole demand will, as usual, be realized during the year. The other items of variations have been explained in Statement VI wherever necessary.

Charges.

5. The expenditure is expected to amount to Rs. 42,000 against the estimate of Rs. 39,860, which does not include the subsequent allotment shown in Statement VI-A.

6. *Grant 1, New Works—Drainage.*—A sum of Rs. 100 over the allotment is necessary under this item for the completion of that portion of the work which was started in Kaliappa Pillai street.

7. *Grant 2—(b) Stipends to Normal Students.*—The needlessness of the provision of this item is self-evident for this town, as year after year the amount provided

simply lapses almost in consequence of no student being sent up for training. The sum of Rs. 19 entered here is the stipends paid on account of the teacher of the Muhammadan [illegible]lary-result school trained in the last year.

8. *Grant 3—Under cholera charges,* (5) (c).—Rs. 500 have been added to meet any contingency during the remaining part of the year, as already Rs. 1,390 have been expended. Rs. 300 against plague represents the amount of compensation paid for second-hand gunnies destroyed, having been imported from plague-sticken locality prior to the issue of Regulation under the Epidemic Diseases Act and the pay of the temporary watchman to the shed.

9. *Grant 4—Under* (9) (iv).—Rs. 1,425 have been shown as compensation paid for the land acquired for the use of the burial-ground for Roman Catholic Christians as per G.O., Mis. No. 2079 M., dated 23rd September 1897.

10. The year is expected to close with a balance of Rs. 4,300 against Rs. 3,430, which has been carried forward as the working balance of the ensuing year's budget.

Budget Estimates for 1898–99.

Receipts.

11. The council expect to realize a revenue of Rs. 40,100 by the levy of the usual rates and taxes against Rs. 37,220, being the actuals of the year 1896–97, and against Rs. 40,205 in the revised estimate. A small addition has been made to the taxes on arts and buildings, as the trades are expanding and new buildings are increasing. Nevertheless, there is a further reduction of Rs. 500 shown under tolls fearing that there is little prospect of good harvest and that comparatively there will be less competition in sale during the year.

12. It is expected to have a small increase to the extent of Rs. 370 from the sale-proceeds and composition fees of medicines and other hospital receipts, income from slaughter-house and fines from Municipal and other Acts.

13. *Under* (6) *Miscellaneous.*—It is expected to realize an increase of Rs. 100 over the last year as fees for private scavenging service, as it is hoped to expand the system as much as practicable.

14. The other items agree more or less with the revised estimate and need no comment.

Expenditure.

15. The council set apart Rs. 40,400 under the several grants reserving Rs. 4,000 at the closing of the year. They, however, regret their inability, from want of funds, to comply with the proposals and recommendations of the Surgeon-General and the Director of Public Instruction. The wire-fence round the common gymnasium, referred to in paragraph 3 of the budget proposals of the Assistant Inspector of Schools, has been already put up and reported upon (*vide* paragraph 26 of the annual report of this municipality for 1895–96 embodied in G.O., No. 1537 M., dated 10th September 1896).

16. Under new works no provision has been made, except under communications for which Rs. 2,100 have been allotted for completing the Victoria street extension road referred to in the concluding sentence of paragraph 4 of G.O., No. 2247 M., dated 14th October 1897, the necessity of which has been advocated by the Sub-Collector and Collector, and except under buildings for which a small provision of Rs. 200 has been made for the purpose of erecting a compound wall at the back of the hospital assistant's quarters which is the property of the council. The backyard is in a low swamp filled with rain water during a greater part of the year, having caused and causing illhealth to the inmates of the house. This has been hitherto enclosed with cadjan fence going into constant disrepair; besides it is situated within the limits prohibited from combustible substances being used. It is therefore proposed to once for all have the place raised sufficiently high and enclosed with compound wall so as to be economical in the long run and to be free from fear of person or property. Beyond this no provision could be made for usual items of dust-bins and latrines owing to financial wants.

17. *Repairs—Communications.*—Under this item a sum of Rs. 750 has been cut short this year, as it is hoped that the existing roads can be maintained in good order with Rs. 5,250. This includes Rs. 250, being the value of a bit of land to be acquired for a street way.

18. The other items of the grant have their normal provisions made.

19. *Grant 2.*—The allotment of Rs. 3,810 made by the Director of Public Instruction has been wholly adopted as it is in accordance with the usual provision.

20. *Grant 3, Hospitals and Dispensaries.*—There is some change made in the establishment. One of the two compounders is entitled to grade promotion from Rs. 12 to Rs. 15 and a third compounder is indispensably necessary, as the work of the compounders is always found to be heavy in this town and as the medicines are prescribed at any hour—day or night. The peon of the hospital, who has passed in compounding and who had been assisting the compounders, has been made a compounder in place of the permanent incumbent resigned, and the peon's place is now filled up by a person not freely conversant with English and fresh in the field. The two compounders are therefore worked not less than 10 or 11 hours a day, besides sleeping in the hospital every alternate night. A provision of Rs. 9 is consequently made for a third compounder on the recommendation of the District Medical and Sanitary officer.

21. The other items under this head are as usual.

22. (5) *Conservancy, Road-cleaning, &c.—Under* (*a*) (i) *Establishment.*—Two watchmen for the shed of the bullocks have been appointed on a salary of Rs. 7 each. They will look after the feeding of the bullocks, cleaning of the stand, watching of the sheaves of straw collected for the bullocks, and supply of water to them, which are at present 50 in number, at the cattle stand during droughts. This arrangement will not interfere with the business of the regular sweepers and scavengers. These two men have been sweepers for more than 15 years in this municipality and have some practical veterinary knowledge. They have also been doing this service since the last year. Three additional sweepers have been appointed on the usual salary of Rs. 6 per mensem.

23. A sum of Rs. 1,500 is shown against (5) (*a*) (ii) below the revised estimated figure, as the council have bullocks of their own and as the provision of Rs. 3,200 will do for the upkeep of the cattle, &c.

24. The other provisions are usual except under plague for which a provision of Rs. 500 is set apart.

25. *Grant 4—9* (v) *Other items.*—Rupees 350 entered here consist of Rs. 150, being the usual remuneration to the prosecuting vakil, Rs. 60 for water pandal, Rs. 70 for law charges and Rs. 70 for other expenses, such as rewards for killing stray dogs, payment of assessment on lands to Government, &c.

26. *Grant 5.*—The only item of importance worthy of mention in this grant is the appointment of a Secretary on Rs. 125 in accordance with G.O., Mis. No. 2813 M., dated 16th December 1897. The matter will be reported to Government in a separate communication after obtaining the views of the council as to which of the Chairman's powers have to be delegated to the Secretary. The carriage allowance of Rs. 30 hitherto paid to the Chairman has been dispensed with in view of the appointment of a Secretary. The other provisions are as usual and do not seem to require any explanation.

27. The grand total of expenditure will thus stand at Rs. 40,400 and the year will close with a balance of Rs. 4,000.

Forwarded.

(Signed) C. G. SPENCER,
Ag. Sub-Collector.

18*th January* 1898.

Cur. No. 167-Gl.

Submitted to Government.

REVISED ESTIMATE FOR 1897–98.

2. The general increase under "Taxes" and under "Other fees" is satisfactory.

BUDGET ESTIMATES FOR 1898–99.

3. *Receipts.*—It is satisfactory to note that the council anticipates an increased income under "Rates and taxes" and under "Private scavenging fees."

4. *Charges.*—The provision of Rs. 2,100 under "New works—Communications" for the extension of the Victoria street is desirable owing to increased traffic in the town.

5. The entertainment of three additional sweepers under conservancy establishment may be approved.

6. The other proposals for expenditure seem generally desirable.

7. The provision under plague III 5-c, is insufficient as the municipality will have to pay a moiety of the cost of establishment engaged on inspection at the Tuticorin railway station.

8. The budget closes with a balance of Rs. 4,000 or 10 per cent. of the estimated receipts.

(Signed) R. B. CLEGG,
Ag. Collector.

25*th January* 1898.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 20th January 1898, No. 439.

I have the honour to state that the provision made for education in the budget estimate of the Tuticorin Municipality for 1898–99 is in accordance with the recommendations of this department and may be accepted. The net expenditure proposed is Rs. 3,530 (3,810—280), or about 10·7 per cent. of the estimated income from taxation and rents. Under "Receipts", credit has been taken for Rs. 10 for "Normal stipends" and Rs. 270 for "Municipal schools". These figures should be Rs. 70 and Rs. 210, respectively.

2. The Panchama school in the municipality is reported to stand in urgent need of a building of its own, and I would accordingly recommend that an allotment of Rs. 600 be made for the purpose under Grant 1.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 28th January 1898, No. 91.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tuticorin Municipality for the year 1898–99 is sufficient.

2. It would be advisable for the municipality to raise a loan to meet the following recommendations of the District Medical and Sanitary Officer in order to make the hospital complete:—

(1) Construction of a standard plan lying-in ward and an operation room;
(2) Iron cots with bedside tables; and
(3) Separate accommodation for venereal cases amongst females.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 1st February 1898, No. 217-S.

With reference to the Tuticorin municipal budget for 1898–99, I have the honour to state that the proposed expenditure on conservancy is 27·7 per cent. of the estimated receipts. The provision should be raised with reference to the following remarks:—

(1) The horse allowance given to the certificated sanitary inspector is only Rs. 7–8–0; this should be increased to Rs. 15, as it is impossible to maintain a pony efficiently on a less sum. There are two conservancy overseers on Rs. 15 each. In view of the commercial importance of the town and the frequency with which the interests at stake in reference to epidemics have been brought to the notice of Government, I would recommend that these two men be replaced by a second certificated sanitary inspector on Rs. 20 + Rs. 15.

(2) The scavengers who are only 37 strong should be raised to 50.

2. The allotment for vaccination is sufficient.

ORDER—No. 505 M., dated 5th March 1898.

The estimated receipts and charges of the Tuticorin Municipality for 1898–99, as passed by Government, are compared below with the budget and revised estimates for the year 1897–98 and the actuals of 1896–97:—

Balance	6,095	3,430	4,300	3,480

REVISED ESTIMATE FOR 1897–98.

2. The current receipts and charges are now estimated at Rs. 40,210 and Rupees 42,000, respectively, against Rs. 38,850 and Rs. 39,860 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts and refunds and is partly counterbalanced by a decline under tolls, while the increase in the charges appears mainly under Grants 3 and 4. The realizations under the principal taxes during the first eight months of the year were unsatisfactory, but the poor collections under the tax on arts are ascribed to the late issue of bills owing to the complete revision of the registers. The sanction of Government should be obtained for the entertainment of the temporary watchman referred to in paragraph 8 of the Chairman's letter.

BUDGET ESTIMATE FOR 1898–99.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 40,100 against Rs. 40,210 in the revised estimate. Although the totals do not differ materially, there is a marked decline under tolls and refunds, which is almost counterbalanced by increases under several of the other items of receipt, especially under the taxes on arts and buildings and income from slaughter-houses. The credit taken for a Provincial grant of Rs. 10 and Rs. 270, respectively, on account of normal stipends and municipal schools will be altered into Rs. 70 and Rs. 210, respectively, with reference to the remarks of the Director of Public Instruction in paragraph 1 of his letter read above.

4. *Charges.*—(1) The probable charges are entered as Rs. 40,400 against the revised estimate of Rs. 42,000, the decrease being mainly under Grants 3 and 4.

(2) *Grant 1.*—As recommended by the Director in paragraph 2 of his letter, a sum of Rs. 600 will be provided for the construction of a building for the Panchama school.

(3) *Grant 3.*—The entertainment of an additional compounder on Rs. 9 for the hospital and the additions to the conservancy establishment, proposed in paragraphs 20 and 22 of the Chairman's letter, are sanctioned. The remarks and suggestions contained in paragraph 2 of the Surgeon-General's, and in paragraph 1 of the Sanitary Commissioner's, letters read above, will be commended to the municipal council for careful consideration. The council's attention is drawn to the remarks of the Collector in paragraph 7 of his endorsement.

(4) *Grant 5.*—The discontinuance of the Chairman's carriage allowance, proposed in paragraph 26, is approved. The further communication regarding the appointment of the secretary, promised by the Chairman, is awaited. In the meantime

the provision made on this account will be allowed to stand. With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the central office establishments will be reduced from Rs. 400 to Rs. 322, or Rs. 320 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 3,480, or 8·7 per cent. of the estimated receipts.

MARCH.

Municipal Budget.

Reviewing the Tuticorin — for 1898–99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. J. M. B. ROCHE VICTORIA Avargal, Chairman, Municipal Council, Tuticorin, to the Secretary to Government, Local and Municipal Department, dated Tuticorin, 4th January 1898, No. 5.

I have the honour to submit for sanction the budget estimates of receipts and charges of this municipality for the financial year 1898–99, as adopted by the council in their special meeting convened on Tuesday the 28th December 1897.

1. Educational budget estimates (through the Director of Public Instruction).
2. A proposition statement of revision of establishment.
3. Extracts of budget estimates.

2. A copy of the resolution of the council passing the above and other papers detailed in the margin are enclosed.

REVISED ESTIMATE FOR 1897–98.

Receipts.

3. The grand total of receipts of the year is expected to be Rs. 46,300, which include Rs. 6,095, being the opening balance as shown in G.O., No. 2247 M., dated 14th October 1897, reviewing the administration report of this municipality for 1896–97. There is an increase of Rs. 3,010 over the budget estimate for the year, which is ascribed to the actual increase in the opening balance, as well as to the increased receipts anticipated to be realized from taxes on arts, &c., buildings, warrant fees (a new item) and contribution from the Taluk Board, Tuticorin, and refunds of expenditure incurred on account of pay of Assistant Surgeon, Mr. Pereira, employed in the municipal dispensary when the permanent civil apothecary attached to the station had been on furlough, as explained in paragraph 37 of the administration report of the last year embodied in Government order above referred to. This is, however, counter balanced by a decrease of Rs. 840, being loss under tolls owing to the low bid in sale consequent upon the failure of crops especially in cotton and other export articles such as onions, chillies, &c., which are largely brought into the town by means of carts.

4. The abnormal increase of Rs. 850 under tax on arts is due to the classification of the schedule which is clearly defined under the Amendment Act. The demand notice appertaining to this tax was issued rather very late this year owing to the complete revision of the register, and hence nothing was realized under the tax during the first eight months of the year. It is, however, hoped that the whole demand will, as usual, be realized during the year. The other items of variations have been explained in Statement VI wherever necessary.

Charges.

5. The expenditure is expected to amount to Rs. 42,000 against the estimate of Rs. 39,860, which does not include the subsequent allotment shown in Statement VI-A.

6. *Grant 1, New Works—Drainage.*—A sum of Rs. 100 over the allotment is necessary under this item for the completion of that portion of the work which was started in Kal'appa Pillai street.

7. *Grant 2—(b) Stipends to Normal Students.*—The needlessness of the provision of this item is self-evident for this town, as year after year the amount provided

simply lapses almost in consequence of no student being sent up for training. The sum of Rs. 19 entered here is the stipends paid on account of the teacher of the Muhammadan salary-result school trained in the last year.

8. *Grant 3—Under cholera charges,* (5) (*c*).—Rs. 500 have been added to meet any contingency during the remaining part of the year, as already Rs. 1,390 have been expended. Rs. 300 against plague represents the amount of compensation paid for second-hand gunnies destroyed, having been imported from plague-sticken locality prior to the issue of Regulation under the Epidemic Diseases Act and the pay of the temporary watchman to the shed.

9. *Grant 4—Under* (9) (iv).—Rs. 1,425 have been shown as compensation paid for the land acquired for the use of the burial-ground for Roman Catholic Christians as per G.O., Mis. No. 2079 M., dated 23rd September 1897.

10. The year is expected to close with a balance of Rs. 4,300 against Rs. 3,430, which has been carried forward as the working balance of the ensuing year's budget.

BUDGET ESTIMATES FOR 1898–99.

Receipts.

11. The council expect to realize a revenue of Rs. 40,100 by the levy of the usual rates and taxes against Rs. 37,220, being the actuals of the year 1896–97, and against Rs. 40,205 in the revised estimate. A small addition has been made to the taxes on arts and buildings, as the trades are expanding and new buildings are increasing. Nevertheless, there is a further reduction of Rs. 500 shown under tolls fearing that there is little prospect of good harvest and that comparatively there will be less competition in sale during the year.

12. It is expected to have a small increase to the extent of Rs. 370 from the sale-proceeds and composition fees of medicines and other hospital receipts, income from slaughter-house and fines from Municipal and other Acts.

13. *Under* (6) *Miscellaneous.*—It is expected to realize an increase of Rs. 100 over the last year as fees for private scavenging service, as it is hoped to expand the system as much as practicable.

14. The other items agree more or less with the revised estimate and need no comment.

Expenditure.

15. The council set apart Rs. 40,400 under the several grants reserving Rs. 4,000 at the closing of the year. They, however, regret their inability, from want of funds, to comply with the proposals and recommendations of the Surgeon-General and the Director of Public Instruction. The wire-fence round the common gymnasium, referred to in paragraph 3 of the budget proposals of the Assistant Inspector of Schools, has been already put up and reported upon (*vide* paragraph 26 of the annual report of this municipality for 1895–96 embodied in G.O., No. 1537 M., dated 10th September 1896).

16. Under New Works no provision has been made, except under communications for which Rs. 2,100 have been allotted for completing the Victoria street extension road referred to in the concluding sentence of paragraph 4 of G.O., No. 2247 M., dated 14th October 1897, the necessity of which has been advocated by the Sub-Collector and Collector, and except under buildings for which a small provision of Rs. 200 has been made for the purpose of erecting a compound wall at the back of the hospital assistant's quarters which is the property of the council. The backyard is in a low swamp filled with rain water during a greater part of the year, having caused and causing illhealth to the inmates of the house. This has been hitherto enclosed with cadjan fence going into constant disrepair; besides it is situated within the limits prohibited from combustible substances being used. It is therefore proposed to once for all have the place raised sufficiently high and enclosed with compound wall so as to be economical in the long run and to be free from fear of person or property. Beyond this no provision could be made for usual items of dust-bins and latrines owing to financial wants.

17. *Repairs—Communications.*—Under this item a sum of Rs. 750 has been cut short this year, as it is hoped that the existing roads can be maintained in good order with Rs. 5,250. This includes Rs. 250, being the value of a bit of land to be acquired for a street way.

18. The other items of the grant have their normal provisions made.

19. *Grant 2.*—The allotment of Rs. 3,810 made by the Director of Public Instruction has been wholly adopted as it is in accordance with the usual provision.

20. *Grant 3, Hospitals and Dispensaries.*—There is some change made in the establishment. One of the two compounders is entitled to grade promotion from Rs. 12 to Rs. 15 and a third compounder is indispensably necessary, as the work of the compounders is always found to be heavy in this town and as the medicines are prescribed at any hour—day or night. The peon of the hospital, who has passed in compounding and who had been assisting the compounders, has been made a compounder in place of the permanent incumbent resigned, and the peon's place is now filled up by a person not freely conversant with English and fresh in the field. The two compounders are therefore worked not less than 10 or 11 hours a day, besides sleeping in the hospital every alternate night. A provision of Rs. 9 is consequently made for a third compounder on the recommendation of the District Medical and Sanitary officer.

21. The other items under this head are as usual.

22. (5) *Conservancy, Road-cleaning, &c.—Under (a) (i) Establishment.*—Two watchmen for the shed of the bullocks have been appointed on a salary of Rs. 7 each. They will look after the feeding of the bullocks, cleaning of the stand, watching of the sheaves of straw collected for the bullocks, and supply of water to them, which are at present 50 in number, at the cattle stand during droughts. This arrangement will not interfere with the business of the regular sweepers and scavengers. These two men have been sweepers for more than 15 years in this municipality and have some practical veterinary knowledge. They have also been doing this service since the last year. Three additional sweepers have been appointed on the usual salary of Rs. 6 per mensem.

23. A sum of Rs. 1,500 is shown against (5) (*a*) (ii) below the revised estimated figure, as the council have bullocks of their own and as the provision of Rs. 3,200 will do for the upkeep of the cattle, &c.

24. The other provisions are usual except under plague for which a provision of Rs. 500 is set apart.

25. *Grant 4—9* (v) *Other items.*—Rupees 350 entered here consist of Rs. 150, being the usual remuneration to the prosecuting vakil, Rs. 60 for water pandal, Rs. 70 for law charges and Rs. 70 for other expenses, such as rewards for killing stray dogs, payment of assessment on lands to Government, &c.

26. *Grant 5.*—The only item of importance worthy of mention in this grant is the appointment of a Secretary on Rs. 125 in accordance with G.O., Mis. No. 2813 M., dated 16th December 1897. The matter will be reported to Government in a separate communication after obtaining the views of the council as to which of the Chairman's powers have to be delegated to the Secretary. The carriage allowance of Rs. 30 hitherto paid to the Chairman has been dispensed with in view of the appointment of a Secretary. The other provisions are as usual and do not seem to require any explanation.

27. The grand total of expenditure will thus stand at Rs. 40,400 and the year will close with a balance of Rs. 4,000.

———

Forwarded.

Ag. Sub-Collector.

Cur. No. 167-Gl.

Submitted to Government.

REVISED ESTIMATE FOR 1897–98.

2. The general increase under "Taxes" and under "Other fees" is satisfactory.

BUDGET ESTIMATES FOR 1898–99.

3. *Receipts.*—It is satisfactory to note that the council anticipates an increased income under "Rates and taxes" and under "Private scavenging fees."

4. *Charges.*—The provision of Rs. 2,100 under "New works—Communications" for the extension of the Victoria street is desirable owing to increased traffic in the town.

5. The entertainment of three additional sweepers under conservancy establishment may be approved.

6. The other proposals for expenditure seem generally desirable.

7. The provision under plague III 5-c, is insufficient as the municipality will have to pay a moiety of the cost of establishment engaged on inspection at the Tuticorin railway station.

8. The budget closes with a balance of Rs. 4,000 or 10 per cent. of the estimated receipts.

(Signed) R. B. CLEGG,
Ag. Collector.

25*th January* 1898.

———

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 20th January 1898, No. 439.

I have the honour to state that the provision made for education in the budget estimate of the Tuticorin Municipality for 1898–99 is in accordance with the recommendations of this department and may be accepted. The net expenditure proposed is Rs. 3,530 (3,810—280), or about 10·7 per cent. of the estimated income from taxation and rents. Under "Receipts", credit has been taken for Rs. 10 for "Normal stipends" and Rs. 270 for "Municipal schools". These figures should be Rs. 70 and Rs. 210, respectively.

2. The Panchama school in the municipality is reported to stand in urgent need of a building of its own, and I would accordingly recommend that an allotment of Rs. 600 be made for the purpose under Grant 1.

———

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 28th January 1898, No. 91.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tuticorin Municipality for the year 1898–99 is sufficient.

2. It would be advisable for the municipality to raise a loan to meet the following recommendations of the District Medical and Sanitary Officer in order to make the hospital complete:—

(1) Construction of a standard plan lying-in ward and an operation room;

(2) Iron cots with bedside tables; and

(3) Separate accommodation for venereal cases amongst females.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 1st February 1898, No. 217-S.

With reference to the Tuticorin municipal budget for 1898–99, I have the honour to state that the proposed expenditure on conservancy is 27·7 per cent. of the estimated receipts. The provision should be raised with reference to the following remarks:—

(1) The horse allowance given to the certificated sanitary inspector is only Rs. 7–8–0; this should be increased to Rs. 15, as it is impossible to maintain a pony efficiently on a less sum. There are two conservancy overseers on Rs. 15 each. In view of the commercial importance of the town and the frequency with which the interests at stake in reference to epidemics have been brought to the notice of Government, I would recommend that these two men be replaced by a second certificated sanitary inspector on Rs. 20 + Rs. 15.

(2) The scavengers who are only 37 strong should be raised to 50.

2. The allotment for vaccination is sufficient.

ORDER—No. 505 M., dated 5th March 1898.

The estimated receipts and charges of the Tuticorin Municipality for 1898–99, as passed by Government, are compared below with the budget and revised estimates for the year 1897–98 and the actuals of 1896–97:—

REVISED ESTIMATE FOR 1897–98.

2. The current receipts and charges are now estimated at Rs. 40,210 and Rupees 42,000, respectively, against Rs. 38,850 and Rs. 39,860 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts and refunds and is partly counterbalanced by a decline under tolls, while the increase in the charges appears mainly under Grants 3 and 4. The realizations under the principal taxes during the first eight months of the year were unsatisfactory, but the poor collections under the tax on arts ascribed to the late issue of bills owing to the complete revision of the registers. The sanction of Government should be obtained for the entertainment of the temporary watchman referred to in paragraph 8 of the Chairman's letter.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 40,100 against Rs. 40,210 in the revised estimate. Although the totals do not differ materially, there is a marked decline under tolls and refunds which is almost counterbalanced by increases under several of the other items of receipt, especially under the taxes on arts and buildings and income from slaughter-houses. The credit taken for a Provincial grant of Rs. 10 and Rs. 270, respectively, on account of normal stipends and municipal schools will be altered into Rs. 70 and Rs. 210, respectively, with reference to the remarks of the Director of Public Instruction in paragraph 1 of his letter read above.

4. *Charges.*—(1) The probable charges are entered as Rs. 40,400 against the revised estimate of Rs. 42,000, the decrease being mainly under Grants 3 and 4.

(2) *Grant 1.*—As recommended by the Director in paragraph 2 of his letter, a sum of Rs. 600 will be provided for the construction of a building for the Panchama school.

(3) *Grant 3.*—The entertainment of an additional compounder on Rs. 9 for the hospital and the additions to the conservancy establishment, proposed in paragraphs 20 and 22 of the Chairman's letter, are sanctioned. The remarks and suggestions contained in paragraph 2 of the Surgeon-General's, and in paragraph 1 of the Sanitary Commissioner's, letters read above, will be commended to the municipal council for careful consideration. The council's attention is drawn to the remarks of the Collector in paragraph 7 of his endorsement.

(4) *Grant 5.*—~~The entertainment of a secretary on a salary of Rs. 125, rising to Rs. 150, by annual increments of Rs. 5, and~~ the discontinuance of the Chairman's carriage allowance, proposed in paragraph 26, ~~are~~ approved. The further communication regarding the ~~powers to be delegated to~~ the secretary, promised by the Chairman,

In the meantime the provision made on this account will be allowed to stand.

is awaited. With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the central office establishments will be reduced from Rs. 400 to Rs. 322, or Rs. 320 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 3,480, or 8·7 per cent. of the estimated receipts.

Tuticorin municipal budget for 1898-99

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. J. M. B. ROCHE VICTORIA Avargal, Chairman, Municipal Council, Tuticorin, to the Secretary to Government, Local and Municipal Department, dated Tuticorin, 4th January 1898, No. 5.

I have the honour to submit, for sanction, the budget estimates of receipts and charges of this municipality for the financial year 1898–99, as adopted by the council in their special meeting convened on Tuesday the 28th December 1897.

1. Educational budget estimates (through the Director of Public Instruction).
2. A proposition statement of revision of establishment.
3. Extracts of budget estimates.

2. A copy of the resolution of the council passing the above and other papers detailed in the margin are enclosed.

REVISED ESTIMATE FOR 1897–98.

Receipts.

3. The grand total of receipts of the year is expected to be Rs. 46,300, which include Rs. 6,095, being the opening balance as shown in G.O., No. 2247 M., dated 14th October 1897, reviewing the administration report of this municipality for 1896–97. There is an increase of Rs. 3,010 over the budget estimate for the year, which is ascribed to the actual increase in the opening balance, as well as to the increased receipts anticipated to be realized from taxes on arts, &c., buildings, warrant fees (a new item) and contribution from the Taluk Board, Tuticorin, and refunds of expenditure incurred on account of pay of Assistant Surgeon, Mr. Pereira, employed in the municipal dispensary when the permanent civil apothecary attached to the station had been on furlough, as explained in paragraph 37 of the administration report of the last year embodied in Government order above referred to. This is, however, countervailed by a decrease of Rs. 840, being deprecating loss under tolls owing to the low bid in sale consequent upon the remissness of the outturn of crops especially in cotton and other export articles such as onions, chillies, &c., which are largely brought into the town by means of carts.

4. The abnormal increase of Rs. 850 under tax on arts is due to the classification of the schedule which is clearly defined under the Amendment Act. The demand notice appertaining to this tax was issued rather very late this year owing to the complete revision of the register, and hence nothing was realized under the tax during the first eight months of the year. It is, however, hoped that the whole demand will, as usual, be realized during the year. The other items of variations have been explained in Statement VI wherever necessary.

Charges.

5. The expenditure is expected to amount to Rs. 42,000 against the estimate of Rs. 39,860, which does not include the subsequent allotment shown in Statement VI-A.

6. *Grant 1, New Works—Drainage.*—A sum of Rs. 100 over the allotment is necessary under this item for the completion of that portion of the work which was started in Kaliappa Pillai street.

7. *Grant 2—(b) Stipends to Normal Students.*—The needlessness of the provision of this item is self-evident for this town, as year after year the amount provided

simply lapses almost in consequence of no student being sent up for training. The sum of Rs. 19 entered here is the stipends paid on account of the teacher of the Muhammadan salary-result school trained in the last year.

8. *Grant 3—Under cholera charges,* (5) (*c*).—Rs. 500 have been added to meet any contingency during the remaining part of the year, as already Rs. 1,390 have been expended. Rs. 300 against plague represents the amount of compensation paid for second-hand gunnies destroyed having been imported from plague-sticken locality prior to the issue of Regulation under the Epidemic Diseases Act and the pay of the temporary watchman to the shed.

9. *Grant 4—Under* (9) (iv).—Rs. 1,425 have been shown as compensation paid for the land acquired for the use of the burial-ground for Roman Catholic Christians as per G.O., Mis. No. 2079 M., dated 23rd September 1897.

10. The year is expected to close with a balance of Rs. 4,300 against Rs. 3,430 which has been carried forward as the working balance of the ensuing year's budget.

BUDGET ESTIMATES FOR 1898–99.

Receipts.

11. The council expect to realize a revenue of Rs. 40,100 by the levy of the usual rates and taxes against Rs. 37,220, being the actuals of the year 1896–97, and against Rs. 40,205 in the revised estimate. A small addition has been made to the taxes on arts and buildings, as the trades are expanding and the new buildings are increasing. Nevertheless, there is a further reduction of Rs. 500 shown under tolls fearing that there is a little prospect of good harvest and that comparatively there will be less competition in sale during the year.

12. It is expected to have a small increase to the extent of Rs. 370 from the sale-proceeds and composition fees of medicines and other hospital receipts, income from slaughter-house and fines from Municipal and other Acts.

13. *Under* (6) *Miscellaneous.*—It is expected to realize an increase of Rs. 100 over the last year as fees for private scavenging service, as it is hoped to expand the system as much as practicable.

14. The other items agree more or less with the revised estimate and need no comment.

Expenditure.

15. The council set apart Rs. 40,400 under the several grants reserving Rs. 4,000 at the closing of the year. They, however, regret their inability, from want of funds, to comply with the proposals and recommendations of the Surgeon-General and the Director of Public Instruction. The wire-fence round the common gymnasium, referred to in paragraph 3 of the budget proposals of the Assistant Inspector of Schools, has been already put up and reported upon (*vide* paragraph 26 of the annual report of this municipality for 1895–96 embodied in G.O., No. 1537 M., dated 10th September 1896).

16. *Under New Works.*—No provision has been made, except under communications against which Rs. 2,100 have been allotted for completing the Victoria street extension road referred to in the concluding sentence of paragraph 4 of G.O., No. 2247 M., dated 14th October 1897, the necessity of which has been advocated by the Sub-Collector and Collector, and except under buildings against which a small provision of Rs. 200 has been made for the purpose of erecting a compound wall at the back of the hospital assistant's quarter which is the property of the council. The backyard is in a low swamp filled with rain water during a greater part of the year, having caused and causing unhealth to the inmates of the house. This has been hitherto enclosed with cadjan fence going into constant disrepair; besides it is situated within the limits prohibited from combustile substances being used. It is therefore proposed to once for all have the place raised sufficiently high and enclosed with compound wall so as to be economical in the long run and to be free from fear of person or property. Beyond this no provision could be made for usual items of dust-bins and latrines only from financial wants.

17. *Repairs—Communications.*—Under this item a sum of Rs. 750 has been cut short this year, as it is hoped that the existing roads can be maintained in good order with Rs. 5,250. This includes Rs. 250, being the value of a bit of land to be acquired for a street way.

18. The other items of the grant have their normal provisions made.

19. *Grant 2.*—The allotment of Rs. 3,810 made by the Director of Public Instruction has been wholly adopted as they are consonant to usual provisions.

20. *Grant 3, Hospitals and Dispensaries.*—There is some change made in the establishment. One of the two compounders is entitled to grade promotion from Rs. 12 to Rs. 15 and a third compounder is indispensably necessary, as the work of the compounders is always found to be heavy in this town and as the medicines are prescribed at any hour—day or night. The peon of the hospital, who has passed in compounding and who had been assisting the compounders, has been made a compounder in place of the permanent incumbent resigned, and the peon's place is now filled up by a person not freely conversant with English and fresh in the field. The two compounders are therefore worked not less than 10 or 11 hours a day, besides sleeping in the hospital every alternate night. A provision of Rs. 9 is consequently made for a third compounder on the recommendations of the District Medical and Sanitary officer.

21. The other items of the head are as usual.

22. (5) *Conservancy, Road-cleaning, &c.—Under* (*a*) (i) *Establishment.*—Two watchmen for the shed of the bullocks have been appointed on a salary of Rs. 7 each. They will look after the feeding of the bullocks, cleaning of the stand, watching of the sheaves of straw collected for the bullocks, and supply of water to them, which are at present 50 in number, at the cattle stand during droughts. This arrangement will not interfere with the business of the regular sweepers and scavengers. These two men have been sweepers for more than 15 years in this municipality and have some practical veterinary knowledge. They have also been doing this service since the last year. Three additional sweepers have been appointed on the usual salary of Rs. 6 per mensem.

23. A sum of Rs. 1,500 is shown against (5) (*a*) (ii) below the revised estimated figure, as the council have bullocks of their own and as the provision of Rs. 3,200 will do for the upkeep of the cattle, &c.

24. The other provisions are common except under plague (*e*) (ii) against which a provision of Rs. 500 is set apart.

25. *Grant 4—9* (v) *Other items.*—Rupees 350 entered here consist of Rs. 150 being the usual remuneration to the prosecuting vakil, Rs. 60 for water pandal, Rs. 70 for law charges and Rs. 70 for other expenses, such as reward for killing stray dogs, payment of assessment on lands to Government, &c.

26. *Grant 5.*—The only item of importance worthy of mention in this grant is the appointment of a Secretary on Rs. 125 in accordance with G.O., Mis. No. 2813 M., dated 16th December 1897. The matter will be reported to Government in a separate communication after obtaining the view of the council as to which of the Chairman's powers have to be delegated to the Secretary. The carriage allowance of Rs. 30 hitherto paid to the Chairman has been dispensed with in view of the appointment of a Secretary. The other provisions are as usual and do not seem to require any explanation.

27. The grand total of expenditure will thus stand to be Rs. 40,400 and the year will close with a balance of Rs. 4,000.

Forwarded.

Revised Estimate for 1897-98

2. The Current receipts and Charges are now estimated at Rs 40210 and Rs 42000, respectively against Rs 38850 and Rs 39860 anticipated in the Sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts and repunds and is partly counterbalanced by a decline under tolls, while the increase in the Charges appears mainly under Grants 3 and 4. The realizations under the principal taxes during the first of the year Eight months were unsatisfactory, but the poor Collections under the tax on arts are ascribed to the late issue of bills owing to the Complete revision of the registers. The Sanction of Govt should be obtained for the Entertainment of the temporary watchman referred to in para. 8 of the Chairman's letter.

Vide para. 4 of the Chairman's letter.

Budget Estimate for 1898-99

3. Receipts. The receipts for the ensuing year are placed at Rs 40100, against Rs 40210 in the revised Estimate. Although the totals do not differ materially there is a marked decline under tolls and refunds which is almost counter-balanced by increases under several of the other items of receipt, especially under the taxes on arts and buildings and income from Slaughter-houses. The Credit taken for a Provincial grant of Rs 10 and Rs 270, respectively on account of normal stipends and municipal schools, will be altered into Rs 70 and Rs 210 respectively

with reference to the remarks of the Director of Public Instruction, in para. 1 of his letter read above.

4. Charges. (1) The probable charges are entered as Rs 40400 against the revised Estimate of Rs 42060, the decrease being chiefly under heads 3 and 4.

(2) Grant 1 - As recommended in para. 2 of his letter by the Director a sum of Rs 600 will be provided for the Construction of a building for the Panchama School.

(3) Grant 3. The Entertainment of an additional Compounder on Rs 9 for the hospital, and the additions to the Conservancy Establishment, proposed in paras. 20 and 22 of the Chairman's letter, are sanctioned. The remarks and suggestions contained in para. 2 of the Surgeon Generals, and in para. 1 of the Sanitary Commissioners, letters read above, will be communicated to the Municipal Council for careful Consideration. The Council's attention is drawn to the remarks of the Collr in para. 7 of his Endorsement.

(4) Grant 5. The Entertainment of a Secretary on a Salary of Rs 125, rising to Rs 150, by annual increments of Rs 5, and the discontinuance of the Chairman's Carriage allowance proposed in para. 26 are approved. The further Communication regarding the powers to be delegated to the Secretary promised by the Chairman is awaited with reference to G.O. No 2478 dt 22nd December 1897.

5. The Contribution for the Central office Establishment will be reduced from Rs 400 to Rs 322 or Rs 320 in round figures.

6. As revised by Govt, the budget closes with a balance of Rs 3,480 or 8.7 per Cent of the Estimated receipts.
