Bellary.

To,

The Collector of
Bellary.

Sir,

I have the honour to regret that
some weeks ago in operating in Hospital
I wounded one of my hands and that
since I have been put to considerable
trouble to avoid blood poisoning
but that on my last tour of Plague
inspection my arm became swollen
and I had to return sooner than
I intended, the day before yesterday
to have my hand operated on by
a doctor here. As a result, I am
much better but it is still an

open question whether amputation of
the thumb will not become necessary.
That cannot be decided for 10
days or so. Meanwhile I am some
what crippled and may any minute
be in a position to need the
surgical aid of a doctor. Hence
I am not in a position to go into
camp on plague inspection. But
I can carry on the routine duties
of the District Surgeon. I have
therefore the honour to request your
sanction to Doctor Idlingworth's
proceeding on plague inspection
duty in my stead pending the
development of events in the
wound of my hand.

I have the
(signed) C. L. Williams.
