CURRENT No. 80

From The Sanitary Commissioner for Madras

H.M.

For Orders

In G.O. No 352 A. P. d/16-4-98
The Sanitary Commr. was requested
to make all preliminary arrangements

for the provision of "suitable (disinfecting)
apparatus for Kandasalli". He
now requests authority to notify
the intelligents of Govt. to purchase
a "Compressed air cylinder" from the
J.D.W. Workshops and to proceed
with the necessary alterations.

It is probable that if the new ^{disinfecting} apparatus
is not required at Kandasalli, it may
be required elsewhere, or may be purchased
by the Madras Municipality. The S.C. / H. B. S.
request may therefore be granted.

As regards the mortuary returns
the S.C. is already checking them & send
for information a copy of his circular to
J.D.W. O.S.

At his remark of 7-5-98

"In this connection, I presume the Sanitary Commr is watching the returns received by him for any unexplained increase in mortality. Better ask him d.o."

S.O. 16.P

Dear Sir King

I am directed to inquire whether the Hon Sir Henry Bliss is correct in presuming that in connection with the plague you are watching the mortuary returns received by you from the districts for any unexplained increase in mortality.

The Resident tells me that the report of plague in Hyderabad City was false.

Your application for leave has been submitted to India with this Government's recommendation.

Has anything been done with regard to the provision of a steam disinfecting apparatus for Kadapalli? I shall keep your successors informed of the arrangements made by you till now.

Certainty that another apparatus will be required in some part of the Presidency I think that at least Government should state its willingness to buy the cylinders, and proceed with them as far as fitting the doors is concerned. For a third apparatus, incomplete correspondence shows I can probably secure a suitable old boiler for disinfecting chambers, and a work heat boiler for steam generation, belonging to a firm at Kurnool.

Yours faithfully,
W. G. King.

Office of Sanitary Commissioner,
Madras, 19-48. MAY-1898.
GOVERNMENT
MUNICIPAL DEPARTMENT

Dear Mr. Freeman, Dear Sir,
Yours D.O. 17th 16 of the 10th May. I enclose for the information of the Hon. Mr. Henry Bliss a copy of a circular issued by me in October 1897, on the subject he allude to. I am also carefully watching recruits. District vital statistics reach this office so late, as to convince me that my watching them would not be of much use, except in relation to instances of gross neglect; hence my particular asking District Medical Officers to do their best to impress all authorities with

100-1-497

Office of Sanitary Commissioner
Fort St George 19 Oct 1897.

From
Surgeon Lt Col. W. G. King M.B. Ch.D.
Sanitary Commissioner

To
All District Sanitary Officers.

Sir,
Having regard to the approach of plague towards the borders of this Presidency, I have the honor to request you will kindly do your best to enlist the interests of all authorities with whom you are brought in contact as to the imperative necessity of watching for any increase of fever mortality in any part of your district. Where plague has effected an invasion and this fact has not been discovered in rural parts, it will be found that an increase of mortality under this head of fever may force the truth upon notice.

I have to
Sd/- W. G. King.
Surgeon Lt Col.
Sanitary Commissioner
for Madras
