It is pointed out to the Colls.
that Regulation 32 quoted by him
relates to passes and not passports.
Passports are granted to persons coming
from an infected area and passes to
those who leave an infected area
within a distance. The case of
bandy men referred to by the C.Ms. should
be dealt with in accordance
with G.O. No 1080 P.d/15-9-98.

2 I am now near Birangi where the
people flatly refuse to have a hospital
or hospital assistant in their village,
and cannot be induced to listen to
reason at all. I fear the same thing
may happen at Madam. I shall re-
port further on this matter in a day
or two when we have been there.

Acting Collector of Cuddapah.

TO

THE

Plague Commissioner,
Madras.

SIR,

Rule 32 page 38 of the

Plague Manual says that general
passports may be given to agriculturists
and others having occasion to make
frequent journeys by road, rail or boat
from an infected area. I proposed to apply
this to market bandy men who came to
markets in Madanapalli and other villages
from Mysore territory, and I have indented
for general passport forms. I now find
however that by Government Order 1080-P.
15.9.98,
government has ordered that bandy drivers

flying

plying regularly between Hosur and
Bangalore shall take out passports every
ten days. This seems to negative the
general passport rule, and I have the
honour to enquire whether I am to follow
the Government Order or rule 32 page 38.
Bandy men come in past Chigilabyle to
market in large numbers at a time -
Sometimes 30-40, and it is found extremely
difficult to stop them and issue passports
to them all. I am told that the other
day some 30 men simply refused to stop
one night and so continued their journey
without passports at all. If passports
have to be given them every ten days, this
will certainly recur, and we may have
a good deal of needless troubles. I would
therefore suggest that general passports
should be issued to such persons
who should merely show them everytime
they pass the frontier stations, the
