ORDERS.

The Gazette of India of the 7th May containing the note on Anti-plague inoculations by Surgeon Major General Harvey about which the Govt of India telegraphed last week has now been received. In answer to Question No ~~XXVII~~ at the last Legislative Council meeting, it was stated that the note would be considered immediately. Since then this note does not seem to contain any information beyond what is embodied in the two reports just ordered to be published and communicated to the public.
