FROM

AG. COLLECTOR OF

TO

THE

Plague Commission,

Madras.

SIR,

I have the honour to request instructions on two points - one, how and at whose cost are people fed in segregation camps, whether at frontier stations or in villages ~~that~~ attacked by plague, and the other, what is done with the valuables of people whose houses are vacated for purposes of segregation either for precautionary measures or for disinfection etc after a case of plague has occurred. If clothes are to be disinfected certain things

may be subjected to steam, but I
do not, ~~know~~ in the least, know how
to obtain the steam required, and
obviously expensive machinery for the
purpose cannot be erected all over
the Country. On the vacation of an
infected house, there will be numerous
jewels, clothes, vessels, articles of
furniture and grain to be dis-
posed of. The people are very
anxious to know what will become of
all these things, and I really do not
know what to tell them. I have
the honour to request early instructions
on these points.

I have the honour to be,
Sir,
Yours most obed^t servant,
