Sir,

I have the honour to state that the allotment for
Conservancy made in the Anantapur Municipal Budget for 1898-99
bears a proportion of only 14.3 per cent of the estimated re-
ceipts. It should be increased to provide for the following
purposes:-

- (1). No allotment is made with reference to G.O.NO.1985M
dated 18th November 1896. A sum of Rs 280 should be set apart
on this account.
- (2). There are only 11 scavengers for the whole town.
Three more should be employed to secure efficient working.
- (3). I find no provision is made for giving the Sanitary
Inspector the usual horse allowance of Rs 15. I would advise
that a sum of Rs 165 or Rs 170 in round numbers be entered for
this purpose.
2. No extract from statement II-A has accompanied the
budget and in consequence I am unable to say whether any Sani-
tary works are proposed for execution under Grant I.

I have the honour to be,

Sir,

Your Most Obedient Servant,

W G King

Enclosure.

SIR,

Referring to the Palghat Munil Budget for 1898-99, I have the honour to state that the proposed expenditure on Conservancy is only 15.8 percent of the estimated receipts and needs revision with reference to the following remarks:-

(1) There is only one certificated Sanitary Inspector for this straggling town, which covers an area of 12 square miles. As laid down in G.O. No. 434 dated 4th Jan'y 1897, I would advise that a second trained Sanitary Inspector be employed on the minimum pay fixed by Government. To both these men, I would recommend the giving of a house allowance of Rs 15 each per mensem.

(2) The number of scavengers, namely, 38 is only half of what it should be; early steps should be taken to place this

This staff on a satisfactory footing.

I have the honour to be,

Sir,

Your most obedient servant,

W. L. D. L.

Surgeon General,

Sanitary Commissioner
for Madras.
