Arrivals from plague-infected tracts.

Directing that the provisions of Mufassal Regulation 1 issued in G.O., No. 2830 M., dated 17th December 1897, regarding the reporting of — should be strictly carried out throughout the Presidency.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—again the following official memorandum, No. 33 P., dated 26th May 1898:—

The Chairmen, Municipal Councils, Ootacamund and Coonoor, are requested to report whether they insist on the managers of hotels, clubs, chattrams and other places of public resort reporting the arrival of persons from plague-infected tracts as required by Original Mufassal Regulation 1 of the 17th December 1897, and what action is taken in case of default.

READ—also the following papers:—

From the Chairman, Municipal Council, Ootacamund, dated 27th May 1898, No. 1122.

ABSTRACT.—Stating that the provisions of Regulation 1 of December 1897 regarding reports of arrivals from infected areas have not hitherto been enforced and that steps will be taken to enforce them in future.

From the Chairman, Municipal Council, Coonoor, dated 1st June 1898, No. 142.

ABSTRACT.—Stating that managers of hotels, &c., have not hitherto been required under Regulation 1 of December 1897 to report arrivals from infected tracts.

ORDER—No. 556 P., dated 11th June 1898.

The Government is not satisfied with the reasons adduced for not enforcing in Ootacamund and Coonoor the provisions of Mufassal Regulation 1 issued in G.O., No. 2830 M., dated 17th December 1897. The regulation should be strictly carried out throughout the Presidency as a check on the working of the revised Mufassal Regulation 17 (G.O., No. 466 P., dated 13th May 1898), and prosecution should be resorted to in places where the duty of reporting arrivals from plague-infected parts is neglected in spite of repeated warnings. If in any municipal town the existing sanitary staff is unequal to the task of properly carrying out the system of observation, it should be strengthened.

Sir,

With reference to your memorandum dated the 26th May instant, No. 335, I have the honor to report that the revised regulation I of the 18th December 1897, requiring every house-holder and every keeper or person in charge of an hotel &c to report arrivals has not been enforced, as reports of all arrivals from infected areas are received from the Collector, and the Sanitary Inspectors - (of whom there are three) required to keep the arrivals under their observation.

2. Since Dr. Thompson's return to Ootacamund he has asked for a weekly return from each Inspector. This return is sent to him direct.

3. The revised regulation I will however be printed and circulated to every house-holder &c. and the Sanitary Inspectors required to enforce it as far as they are able. I may mention that

the original regulation I circulated
with the Collector's order dated 19th February
1897, was sent to each Sanitary Inspector
on the 29th idem, with the following endorsement.
"Forwarded to Sanitary Inspector
Mr _____, who will see that the
regulations are duly attended to, and
bring to the notice of the Chairman
any case of plague in his circle. He
will also be held responsible for
inattention in enforcing any of the
regulations. 50 Copies of the regulations
are sent for distribution to merchants
importing goods from Bombay. —
Merchandise imported and people
coming from Bombay should be
carefully watched and reported upon"

4. To enforce the revised regulation
properly, it is necessary there should
be some observation staff, as the
Sanitary Inspectors are unable to
devote the care and attention necessary
for enforcing the regulation.

I have the honor to be,
Sir,
Your most obedient Servant,

Sir,

With reference to memorandum
from Government dated 25th Ultimo No 33 P.
I have the honour to state that the Managers
of hotels, &c. have not been required hitherto
to report the arrival of persons from plague
infected districts. as there is a special Inspector
posted at the Coonoor budge who reports all
such arrivals, and the Sanitary Inspector visits
and keeps them under observation for 10 days
after their arrival.
