Plague

No. 1293
5

Office of Sanitary Commissioner,
Fort St. George, 7th June 1898.

From

Surgeon Major H. Thomson, M.B., D.P.H.,

Acting Sanitary Commissioner for Madras

To

The Secretary to Government,

Local and Municipal Department.

Enclosure.

Sir,

With reference to Memorandum No:38P, dated 3rd June 1898, I have the honour to inform that I am of opinion that existing arrangements should be continued until-- after the break of the South-West Monsoon which is likely to take place soon. With a fall of temperature there is the possibility of a reappearance of plague in the Hyderabad States.

I have the honour to be,

Sir,

Your most obedient servant,

H. Thomson
Surgeon Major,

Acting Sanitary Commissioner, Madras.

SUBJECT.

The Sanitary Commission

FOR ORDERS.

The return furnished by the Govt of India to the Secretary of State shows that in the week ending 16 May 1898 there were 104 attacks & 68 deaths from plague in Punjab and 11 attacks and 9 deaths in Calcutta, ~~and~~ and no cases elsewhere outside the Bombay Presidency. Hyderabad State is now free from plague, and it is a matter for consideration whether a double row of observation circles is any longer necessary in the Humnool District. Plague seems to linger still at Hubli and to Billary must continue to be under observation.

*A specimen of Dr. King -
What I am afraid of is that
there may be a recrudescence
of plague when the rains set in -*
