Read—the following paper :—

Proceedings of the Board of Revenue (Land Revenue), No. 339, dated 13th October 1897.

Read—the following letter from W. S. MEYER, Esq., I.C.S., on special duty with the Government Secretariat, to the Secretary to the Commissioners of Land Revenue, dated Ootacamund, 27th September 1897, No. 23 :—

With reference to paragraph 7 of G.O., No. 1243, Judicial, dated 27th August 1897, I have the honour to address the Board on the returns relating to deaths caused by, and destruction of, wild animals and venomous snakes and connected statements.

2. In 1875, the Government of India called * for a brief annual report (*per* calendar year) on the measures taken to exterminate wild beasts and snakes. This report is prepared by the Board which obtains its information from Collectors, and is submitted to the Local Government and by it to the Government of India and contains the following statements :—

* G.O., No. 726, Revenue, dated 13th May 1875, in Board's Proceedings, No. 1588 of 11th June 1875.

A. The return prescribed by the Government of India in paragraph 9 of the Home Department letter of 15th October 1891, in G.O., No. 1087,† Revenue, of 14th November 1891. This will be found on pages 6 and 7 of Board's Proceedings, No. 81, of 16th March 1897, reviewed in G.O., No. 306, Revenue, dated 7th May 1897, and embodies the following information :—

† In Board's Proceedings, No. 728, of 18th December 1891.

(*a*) Number of persons killed by wild animals and snakes.
(*b*) Number of cattle killed by wild animals and snakes.
(*c*) Number of wild animals and snakes destroyed and rewards paid for their destruction ; and
(*d*) Number of licenses issued under the Indian Arms Act for the destruction of wild animals and protection of crops.

Under cattle referred to in (*b*) only horses, ponies, asses, mules, oxen, cows and buffaloes are required by the Government of India to be included. They do not want information as to sheep, goats and pigs, and the Board does not accordingly furnish statistics in regard to these last-mentioned animals.

B. A statement showing monthly particulars of human deaths from wild animals and snakes in the various districts of the Presidency, the object being to ascertain whether it is during the cultivation season and the hot months, when the ryots are largely absent from their houses or sleep outside of them, that these casualties mostly occur— *vide* Board's Proceedings, No. 754, Land Revenue, dated 28th October 1889, and G.O., Mis. No. 7766, Revenue, dated 2nd December 1889 (in Board's Proceedings, No. 872, of 10th December 1889) and Appendix B on page 8 of Board's Proceedings, No. 81, of 16th March 1897, reviewed in G.O., No. 306, Revenue, dated 7th May 1897.

C. A statement (Appendix C on page 9 of the Board's Proceedings last quoted) showing the expenditure on the removal of undergrowth in villages where snakes are most noxious.

3. Though the general return (*a*) required by the Government of India is only for each year, it is at present supposed to be submitted monthly to Collectors—*vide* paragraph 10 of Board's Proceedings, No. 1364, of 16th May 1883. The village headman maintains registers showing all the particulars required by the Government of India except those relating to Arms Act licenses and submits an extract therefrom to the Tahsildar month by month as required by paragraph 9, page 87, of the Village Officers' Manual. As a matter of fact, however, the monthly statement appears to have fallen into abeyance in most districts, and the Tahsildar everywhere submits an *annual* statement to the Collector (in some districts direct; in others through the Divisional officer) from which the latter tabulates the district information which he has to furnish to the Board.

4. The Huzur Sheristadars' Committee appointed by Board's Proceedings, Mis. No. 3991, Land Revenue, dated 29th August 1896, to revise the taluk forms propose, however,—

(1) to make the monthly submission of the returns by the Tahsildars universal ;

(2) to require also an annual report from the taluk office ;

(3) that both the monthly and annual statements should go to the Treasury Deputy Collector, and that the latter, after tabulation for the district, should go from him to the Collector (see entries against " wild animals " on pages 9, 14 and 15 of the Sheristadars' Committee's list of forms circulated with Board's Proceedings, No. 211, dated 25th June 1897).

5. These proposals seem to me futile. The object of the Board in calling for the monthly submission of returns to the Collector's office was to avoid delay in the preparation of the annual report. The delays, however, still continue—*vide* the remarks on this subject in paragraph 2 of G.Os., No. 306, * Revenue, dated 7th May 1897, and No. 195, † Revenue, dated 13th May 1896, and it is clear that the mere sending in of a monthly statement on which no action will be taken until the end of the year will do nothing to prevent them, for such statements will obviously be pigeon-holed. Punctuality can be quite well enforced on a yearly return by the censure or punishment of the Tahsildar who submits it late, and I would therefore relieve the Taluk office of the burden of the useless monthly statements. Again, there is no object in a double submission first to the Treasury Deputy Collector and then by him to the Collector. The returns should go straight to the Collector's office and can there be dealt with, if necessary, by the Treasury Deputy Collector.

Board's Proceedings, No. 1364, of 16th May 1883, paragraph 10.

* Board's Proceedings, No. 182, of 26th May 1897.

† Board's Proceedings, No. 384, of 30th June 1896.

6. As for the submission of the information by village officers, I think that a quarterly return to the taluk would suffice. The number of returns to be deposited in the Taluk office would thus be reduced to one-third of the present number.

7. The question then arises whether Statement B above referred to (paragraph 2) need in future accompany the annual report. The returns of vital statistics are always available for reference as to the months in which deaths by wild animals and snakes are the most numerous, and the special return in question, having now been in force for several years, ought to have accumulated a fair amount of information on the points which led to its prescription. I would therefore suggest the abolition of this statement.

8. Statement C (paragraph 2 *supra*) having only been prescribed in 1895—*vide* Board's Proceedings, No. 294, Land Revenue, of 15th August 1895, has failed to find a place in the Sheristadars' list of general returns. I think it should be submitted annually by the Collector along with the A return, but that the information as to removal of undergrowth should be submitted by the Divisional officers as Taluk Board Presidents and not by the Tahsildar. The expenditure is carried out by taluk boards and the Taluk Board President has therefore got the information complete. The information as to deaths from snake-bite will be available from Statement A and from the monthly returns of vital statistics, quarterly extracts from which can be sent by the Treasury Deputy Collector to the Taluk Board Presidents with reference to the remarks of the Government of India on this subject in paragraph 8 of Home Department letter, dated 4th December 1890, in G.O., No. 59, Revenue, dated 28th January 1891 (Board's Proceedings, No. 163, of 13th March 1891), and paragraph 8 of the same department's letter, dated 16th September 1895, in G.O., No. 663, Revenue, of 4th October 1895 (Board's Proceedings, No. 393, of 28th October 1895).

9. Besides the above information, the Board requires from Collectors a Statement (D) in the form enclosed showing the particulars of wild animals killed and rewards paid for the *official* year, and this information has, of course, to be obtained by the Collector from the taluks. The only object of these returns appears to be for chapter III of the Land Revenue Commissioners' report required for insertion in the General Administration report for the Presidency —*vide* G.O., No. 663,* Public, dated 30th April 1879. I submit that it would be quite sufficient to insert in the latter document the returns for the last calendar year available as is done in so many other instances (*e.g.*, Criminal and Civil Justice, Prisons, Police, Vital and Sanitary Statistics, Emigration, Factories and Arms Act, Sulphur Licenses, Vagrancy, &c.).

* Board's Proceedings, No. 1449, of 28th May 1879.

10. There are besides some purely local returns which might well be abolished. Examples of these are—

(1) In Salem † a weekly statement from the Revenue Inspector to the Tahsildar showing the number of applications received for the removal of prickly-pear from villages.

† The Salem statement has now been abolished at my suggestion.

(2) In Chingleput and Trichinopoly, a monthly statement of mortality from snake-bite. In the former district, this goes from the Tahsildar to the Divisional officer and thence to the District Magistrate; in the latter from the village officers to the Tahsildar.

(3) In Tinnevelly, a monthly return of cattle destroyed by wild animals from the karnam to the Tahsildar. The general monthly statements prescribed on page 87 of the Village Officers' Manual and the proposals above made as to submission of returns from Taluk offices will render all such special returns unnecessary and they should be abolished wherever they exist.

11. If these proposals be accepted, the only periodical returns necessary in regard to wild animals will be the following:—

(1) From village officers a quarterly statement to the Tahsildar in the form given on page 88 of the Village Officers' Manual.

(2) From Tahsildars an annual report in the above form to the Collector, with the addition of the information relating to Arms Act licenses contained in columns 38—40 of Statement A on pages 6 and 7 of Board's Proceedings, No. 81, of 16th March 1897, reviewed in G.O., No. 306, Revenue, dated 7th May 1897.

(3) From Taluk Board Presidents an annual return to the Collector giving the information in columns 2—5 of Appendix C on page 9 of the last-mentioned paper.

(4) From the Collector—

(*a*) Compilation and submission to the Board of the annual statements received from the taluks and taluk boards.

(*b*) Quarterly extracts of deaths from snake-bite in his division to each Divisional officer as Taluk Board President.

In paragraph 1 of Board's Proceedings, No. 339, Land Revenue, dated the 13th October 1897, it is directed that the proposals of Mr. Meyer contained in paragraphs 5, 6, 8 and 10 of his letter printed therein should be given effect to from the beginning of the next calendar year. In paragraph 8 and in item 3 of paragraph 11 of his letter referred to, Mr. Meyer proposes the submission to the Collector of an annual statement (*c*) by the Presidents of Taluk Boards showing the expenditure on the removal of undergrowth in villages; but nothing has been said of municipalities.

2. Under paragraph 2 of Board's Proceedings, No. 163, Land Revenue, dated the 13th March 1891, communicating G.O., No. 59, Revenue, dated the 28th January 1891, both local boards and municipalities are charged with the duty of attending to the clearance of undergrowth in and around villages. The submission of an annual report in the matter by the Chairmen, Municipal Councils, also seems necessary.

3. I have the honour, therefore, to solicit the orders of the Board as to whether the annual report (*c*) should be required to be submitted by the Chairmen, Municipal Councils, also.

Read—the following Proceedings of the Board of Revenue (Land Revenue), No. 339, dated 13th October 1897 :—

Read—the following letter from W. S. MEYER, Esq., I.C.S., on special duty with the Government Secretariat, to the Secretary to the Commissioners of Land Revenue, dated Ootacamund, 27th September 1897, No. 23 :—

Sir,

page 6 of G.O. 1031 Rev. 9-12-97

In para 1 of Board's Proceedings, Land Revenue, No. 339 dated the 13th October 1897 it is directed that the proposals of Mr. Meyer contained in paragraphs 5, 6, 8 and 10 of his letter printed therein should be given effect to from the beginning of the next Calendar year. In para 8 and in item 3 of para 11 of his letter referred to, Mr. Meyer proposes the submission to the Collector of an annual statement (C) by the Presidents of Taluk Boards, showing

The

the expenditure on the removal of undergrowth in villages: but nothing has been said of Municipalities.

2. Under para 2 of Board's Proceedings 163. L.R. dated the 13th March 1891, communicating G.O. No. 59 (Revenue) dated the 28th January 1891, both Local Boards and Municipalities are charged with the duty of attending to the clearance of undergrowth in and around villages. The submission of an annual report in the matter by the Chairmen, Municipal Councils also seems necessary.

G.O 5062 9-3-91

3. I have the honor therefore, to solicit the orders of the Board as to whether the annual report (C) should be required to be submitted by the Chairmen, Municipal Councils also.

I have the honor to be
