

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

(1898)

MISCELLANEOUS.

No. 604

Dated 7-11-98

Despatched 8/11/98.

[Despatch Abstract.]

Road Frontier Inspection Station

*Informing the Collector of Anantapur
that it is not advisable to establish a
— in Mysore Territory or at Chowler
and that it is sufficient to authorise the
village headman at Chowler to issue
passports and to watch all suspicious
arrivals.*

Order No 6047-11

In view of the recent disturbance at Chaulmura in the Pagar Comm. does not think it would be wise to place any further station outside British territory - If a further station is put up at ~~Chaulmura~~ ^{Chaulmura} it will be ~~in the hands of the rebels~~

Chaulmura. Any further station must be made to guard both roads as to British territory - But as the Comm. about this place is probably very poor

the Comm. very doubtful whether it is worth while putting a further station at this place. If the Chaulmura headman is authorized to grant permission when as situated to water are sufficient persons coming in to British Territory it would seem to be sufficient

5. xi 98.

To the Comm. of Anantapur

Ch 693 of 1898.

Settling.

To the Resident in Mysore.

I have the honor to forward herewith a letter from the Collo of Anantapur requesting that the sanction of the Mysore Govt may be obtained for the erection of a shed in the Mysore territory, at a point where the branch road to Chaulmura takes off from the Bangalore high road. The Collo considers that if the sheds are erected in the British territory, at the boundary & line limit, both passenger & goods traffic would flow by the Cross road to Chaulmura

and get to Hindupur
via Sanlebidru and
Verikera, thus totally
defeating the object
of the inspection station.
~~Constructing the~~
~~road~~. I therefore
request that you
will ^{kindly} address the
Mysore District
on the subject and
obtain ~~the necessary~~
permission to locate
our inspection station within the
Mysore territory.

Very
respectfully

No.

Anantapur COLLECTOR'S OFFICE,

Camp,

22^d October

1898.

FROM Banatya Maelord Esquire

Esq.,

COLLECTOR OF

Anantapur

To

THE

Plague Commission,
Madras.

SIR,

With reference to the telegraphic order
no. 1329 P dated 13th instant from the Secretary
to Government L & M Department to Establish
Road Inspection Stations & observation Circles in
South Anantapur, I have the honour to forward
herewith copy of Hindupur Tahsildar's a/c no.
R. 14 dated 22^d September 1898 with the Head
Assistant Collector's foot note N No. P.C. 81 dated
2^d October 1898 together with a sketch, and to
state that as the road to Chowloor, the Southern
most British Village in the Hindupur Taluk,
lies in the Mysore Territory, and as it is very
necessary to have our Road Frontier Station
just at the point where the cross road branches
off to Chowloor the permission of the Mysore
Dharbar has been obtained for putting up
the sheds on the State ground. I therefore
request that you will be good enough to get
the required permission. I think the
Dharbar will not have any special objection

as our arrangements will be for the benefit
of the Mysore Province also.

I have the honour to be,
Sir,
Your most obedt. Servt.

Kyayulapawanam
for Collector

Ref on current N^o. R.P. 4.

Hindupur Taluk Office
Dated 22nd September 1898.

From,

M. K. K.

T. G. Sankarasa Iyer Avarghal
Tahsil dar of
Hindupur.

To
The Head Assistant Collector of
Anantapur.

Sir,

With reference to your order N^o. Ref: in
P.C. 36 dated 12th September 1898 directing the
construction of Plague Sheds at the Road
frontier stations of Chowloo and Chila matters
on the two high roads leading from Bangalore
via Hindupur and Pala Samundram, I beg
to report that I inspected the site at Chowloo
on the 13th instant. A sketch of the site I
here with submit from which you will see
that there is some difficulty in the choice
of a site for the location of the sheds. The
boundary stone demarcating the limits of
Mysore and British Territory is in the 55 mile
furlong stone. The branch road leading to
Chowloo from the high road is in the 53 mile
furlong. Chowloo village is situated to the
West of the river Penner, while the country
between the river and the Railway line
is all Mysore Territory.

2. Now, if the sheds are constructed at the
boundary stone limit the traffic, both
passenger and goods, would turn by the
cross road to Chowloo and get to Hindupur

via Sault Ste Marie and Kori Kora thus
totally defeating the object of constructing
the sheds. Nor could the sheds be constructed
at the point of turning of the branch road
to Chowloo as the Country is not British
Country. I therefore beg to solicit your
orders on the point. I think it would be
best to obtain permission of the Mysore
Shah for the construction of the sheds at
the last mentioned place. Though the con-
struction of Road frontier stations is now
postponed for the present, I beg that
permission may be obtained for
use when occasion comes.

Submitted to the Collector.

Submitted to the Collector.

If there is any likelihood of a Road
Inspection Station being required at Chowdwar
it would be advisable to obtain the consent
of the Mysore Shirkas for having the sheds
erected in Mysore Territory as recommended
by the Dabildas.
