ENCLOSURES. one

From,

R. FISCHER, ESQUIRE,
Chairman, Municipal Council,

Madura.

To,

The Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

Adverting to Government Memorandum No. 125 dated 2nd February 1898, I have the honour to state that in the Budget for 1896-97 only a sum of Rs 500 was provided as in former years for cholera charges as it was expected that the town would be free from the disease during that year; but unfortunately it broke out in a sporadic form and gradually spread itself about the end of November 1896 which necessitated the extra expenditure now under reference.

2. The Collector of the District intimated on the 11th November 1896 that cholera was prevalent in Trichinopoly and other adjoining districts and taluks and obtained the sanction of Government by wire for adopting the rules embodied

1921 WL
12-11-96

united in G.O. no. 1536 in dated 9th September 1896 in their entirety on the 11th November 1896.

3. On receipt of this intimation the town was mapped out into 3 divisions consisting of 10 circles and the full complement of the observation and preventive staff was immediately entertained at the request of the District Medical and Sanitary Officer and the Collector.

4. A special Inspector was also employed under the orders of the District Medical Officer for duty at the Railway Station with 3 Hospital Assistants to look after the 3 divisions. A cholera shed was put up and placed in charge of a medical subordinate with necessary staff fully supplied with medicine and medical comforts and temporary sheds for the headquarters of the 3 medical subordinates were also erected in 3 convenient centres of the town.

5. In view to enable the Division Inspectors and the Hospital Assistants to move about expeditiously and as often as possible in their respective divisions an allowance of Rs 15/- each as provided in the rules was granted them with liberty to make their own arrangements with the Jutka wallahs, lest the system of engaging necessary carriages by Municipal Agency was considered inconvenient.

I herewith submit for easy reference a statement showing the total expenditure incurred

incurred under all the heads on account of cholera.

7. In conclusion I regret to state that the delay in obtaining the sanction of the Government was due to oversight consequent on the change in the personnel of the office establishment and I shall take care to prevent a recurrence of the kind.

I have the honour to be,
Sir,
Your most obedient servant,

H. H. H.
