Note.

The number of the private scavenging houses rose to 360. The private scavenging fees collected monthly amount to nearly Rs 66. There are only 17 scavengers now whose pay comes to about Rs 43 per month. The greaser Cutters pay is Rs 3 1/2 and the pay of the Maistry is Rs 5 a month. Now the total amount that is being spent monthly on private scavenging is about Rs 52. There is thus a saving of Rs 14 per month. In this connection I beg to invite the attention of the Council to the last portion of paragraph 28 of the G. O. (General Municipal Review for 1896-97) Twenty is a fair number for one toky and an additional toky may therefore be appointed. It may be mentioned that with great difficulty the number of the houses was increased and it could not have been done without greater difficulty but for the help of the toky who were in charge of some of the houses that have now come under the Municipal Agency. I therefore strongly recommend that the pay of the tokies may be increased to Rs 3 a month. The additional cost will only be Rs 1 1/2 per month and still there will be a saving of Rs 4 and odd per month.

No. 192

Dated, 8th March 1898

From *Public Health Officer*
Richard B. Howard
CHAIRMAN,
MUNICIPAL COUNCIL, CHICACOLE.

To
THE *Secretary to the Government*
(Overland National Department)
Address.

Sir,

In forwarding herewith an extract from the Proceedings of the Municipal Council Chicacole passed at its meeting held on the 28th February 1898, I have the honour to state that the number of the private scavenging houses has risen to 360 from 269 and the income from the private scavenging fees to the Council is about Rs 68 per month as mentioned in my note referred to in the extract, a copy of which is also herewith enclosed.

2. The entertainment of an additional private Scavenger and the increase of pay of all the scavengers by eight annas each per month were sanctioned by the Council pending approval of the Government as the houses have been under the Municipal Agency actually from 1st February 1898 and the services of an additional Scavenger were found very necessary from that date as one Scavenger cannot be fairly expected to conserve more than 20 houses.

a day in a satisfactory manner.

3. It would be seen from the above mentioned note that the additional expenditure which should be incurred on account of the increase of pay of the scavengers and the ~~disbursement~~ of an additional one would be met from the scavenging fees collected every month not to say of a saving of a few rupees to the Council per month.

Under the above mentioned circumstances I request that the action of the Council may meet with the approval of the Government.

5. The usual proposition statement and the applications for allotment of funds are enclosed.

I have the honor to be,

Sir,
Your obedient servant,
R. S. S. S.

R. S. S. S.

Chairman.
