SUBJECT.

Returned - with thanks: The President
Municipality no doubt knows more about the
kaffir in Madras than I do. Mr. Tolson says
(1) that there is very great probability that
these walkers do not come along the roads
at all. They probably leave the roads & come
into Madras by the numerous paths which
exist. (2) that the kaffir at the Toll
gate is too heavy especially at night that
a very large establishment would be
necessary to work any fairish system
if the President thinks it worth while to try an
experiment at one gate. Such an experiment
might be tried but I doubt its being of much use.

Forwarding for favour of
remarks correspondence
about certain persons who
received passports to a
Arkonian and came to
Madras by the way via
Colingwood and stating
that the city of Madras
is opened to danger by
not being guarded at
Toll gates.
