Municipal Budget.

Reviewing the Tanjore — for 1898–99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From M.R.Ry. V. APPASWAMI VANDAYAR Avargal, Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional-officer, Tanjore), dated 24th January 1898, No. 174.

I have the honour to submit the revised estimate for the current official year and the budget estimate of receipts and charges for 1898–99 in the prescribed forms.

2. The revised and budget estimates were discussed and passed by the council at its two meetings held on the 20th December 1897 and 7th January 1898. Extracts from their proceedings are herein enclosed.

Revised Estimate for 1897–98.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimates for 1897–98 against the budget estimate for the same year :—

	Revised estimate.	Budget estimate.
	Rs.	Rs.
Opening balance	50,430	49,850
Receipts	99,700	94,920
Total ..	1,50,130	1,44,770
Expenditure	1,39,630	1,31,790
Closing balance	10,500	12,980
Total ..	1,50,130	1,44,770

Receipts.

4. *Professional Tax.*—The income from this source is estimated in the revised estimate at Rs. 9,910 against the budget estimate of Rs. 14,490 of the same year. The reason for the fall in the revised estimate was the higher minimum of income fixed by the amendment Act III of 1897 and the grant of large remissions of arrears.

5. A provision of Rs. 4,450 has been made under recoveries on account of house-service pipes from private individuals.

6. The variations under other items of receipts are chiefly due to the collection of arrears under the principal taxes and income from markets, &c.

Charges.

7. *Grant 1, New works—Water-supply.*—A sum of Rs. 2,895 has been paid during the year on account of drivers' quarters built in the previous year. Hence an increase in the revised estimate.

8. *Repairs—Water-supply.*—The provision of Rs. 3,700 made in the budget to meet the charges for excavating channels for feeding the filter beds in the Vennar during the hot weather and for repairing machines, tanks, &c., has been cut down to Rs. 1,700, owing to the anticipated short expenditure on channel excavation and on repairs to machinery. The repairs to tanks cannot possibly be executed during the unexpired portion of the current year owing to there being still a large quantity of water in them.

9. The provision of Rs. 4,450 under Grant 4—Other Charges, corresponds to the provision under receipts (paragraph 5 *supra*.)

10. The other items call for no special remarks.

Budget Estimate for 1898–99.

11. The following is an abstract of the receipts and charges under the various heads :—

12. In preparing the budget estimates for 1898–99, the figures of the revised estimates for 1897–98 have been generally adopted. The items which call for special remarks are hereunder noticed.

Receipts.

13. *Water-Tax.*—As advised in clause 5, paragraph 4, of the G.O., No. 2190 M., dated 8th October 1897, the water-tax was raised by the council from 4 to 6 per cent. to meet the expenditure on conservancy and water-supply. Hence an increased estimate in the budget (*vide* resolution of the council, dated 20th December 1897, No. 2-A).

14. *Tolls.*—The increase under this head is due to the proposed levy of tolls at the maximum rates from April 1898 instead of as hitherto at three-fourths (*vide* resolution of the council, No. 2, dated 7th January 1898).

15. *Sale-proceeds of Night-soil and Street-refuse.*—The increase under the item by Rs. 3,000 is due to the anticipated income from the depôt system, the adoption of which has been resolved as per suggestion of the District Medical and Sanitary Officer made in his report embodied in G.O., No. 2190 M., dated 8th October 1897 (*vide* resolution of the council, No. 2-A., dated 20th December 1897).

16. *Private Scavenging.*—The increase is due to the anticipated extension of the system by enforcing the new sanitary provisions of the Act.

Charges.

17. *New Works—Buildings.*—Under this head, provision of Rs. 600 has been made for the construction of three latrines in the three divisions of the town.

18. *Repairs.*—The allotments now made under buildings, drainage and repairs to works and machinery are considered by the council to be quite sufficient for the year. Hence the decrease under these items.

19. *Grant 3, Hospitals and Dispensaries.*—An additional allotment of Rs. 36 has been made as the compounder of the municipal dispensary, Manambuchavady has become entitled to the increase of Rs. 3 per mensem by service qualification (*vide* G.O., Mis., No. 2292 M., dated 27th October 1897).

20. *Contribution to Local Boards.*—An additional provision of Rs. 500 over the usual allotment of Rs. 1,500 has been sanctioned by the council on the representation made by the President, District Board, for increased contribution.

21. *Conservancy—Road Cleaning Establishment.*—An increase in the allotment in the budget on account of the employment of ten additional sweepers and fifteen additional toties at Rs. 4 each has been provided to secure the thorough cleanliness of

the town. The increase of Rs. 10 a month to the pay of the chief sanitary inspector and of Re. 1 to that of the conservancy peons of ten years' service has also been provided.

22. Provision has been made under 5 (*a*) (ii) other charges for the purchase of five more night-soil carts at Rs. 150 each and for the hire of draught bullocks for four more night-soil carts and six dust carts.

23. A provision of Rs. 200 has now been made for watering the main roads to keep down the dust.

24. *Private Scavenging Establishment.*—For increase under this head *vide* remarks in paragraph 16 *supra*.

25. *Clearing Cesspools of Private Houses.*—A provision of Rs. 800 has been made for clearing cesspools of private houses by hiring four cask-mounted carts.

26. *Grant 4, Market Establishment.*—The increase under this head is due to the provision of a separate bill-collector on Rs. 10 a month for market collection in order to relieve the sanitary inspectors of this work.

27. *Grant 5, Office Establishment.*—The appointment of a secretary has led to a substantial increase in the allotment under this head.

28. The total expenditure under all heads for 1898–99 will thus amount to Rs. 1,09,480, leaving a closing balance of Rs. 11,880.

29. A proposition statement for the revision of establishments is herein enclosed.

Endt. Cur. No. 61-Ml. of 1898.

Forwarded.

2. *Statement No. I.*—It is time to take up the general revision of tax on buildings, which was last revised in 1892–93. Probably, a large increase of income will result as was the case in Kumbakónam. The attention of the council may be invited to the same. As the council has a paid secretary, he could, with advantage, take up the work.

3. *Statement No. II.*—Now that a paid secretary has been appointed, I have no doubt but that the Chairman would be willing to give up his carriage allowance (Rs. 40 per mensem) if so advised. Also with a paid secretary, a manager on Rs. 60 is scarcely necessary, and as he was only appointed a year ago, the question of reducing the salary of the appointment might be considered.

4. *Paragraph 25.*—The cost of removing sewage from private houses should not fall—at least entirely—on the municipality at large, any more than private scavenging. Fees should be levied and the system gradually, if not at once, made self-supporting, as has been proposed by the Negapatam council.

5. Considering the large increase in the estimated receipts from tolls, the provision for "Communications" is inadequate, and less than the minimum prescribed by Government.

6. The council appears to have overlooked the directions contained in paragraph 3 (1) of G.O., No. 2190 M., dated 8th October 1897, regarding the revision of the tax on arts.

(Signed) J. ANDREW,
Collector.

11*th February* 1898.

Note.—The attention of the divisional officer will be drawn to the fact that he passed on this without remarks.

From A. S. RUSSELL, Esq., Acting Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 3rd February 1898, No. 174.

I have the honour to state that the allotments made by the Municipal Council of Tanjore in their budget estimate for 1898–99 under Repairs—Water-supply, of which a copy has been sent to this office, call for no remarks.

2. The budget estimate further provides the fee payable to Government for the boiler inspection.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 5th February 1898, No. 131.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tanjore Municipality for the year 1898–99 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 7th February 1898, No. 1135.

Referring to the budget estimate of the Tanjore Municipality for 1898–99, I have the honour to state that the provision made therein for education may be accepted with an addition of Rs. 100 to the allotment for salary grants, which should, with reference to the actuals of 1896–97, be fixed at Rs. 2,400. The net expenditure under Grant 2 will then be Rs. 9,890 (10,210—320), or about 11 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Lieut.-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 24th February 1898, No. 428-S.

I have the honour to remark that the Tanjore Municipal Council proposes to spend on conservancy next year about 21·8 per cent. of its anticipated current receipts. The provision is insufficient, as already pointed out in my reviews of previous budgets. The conservancy supervising staff is short of the scale laid down by Government in G.O., No. 4 M., dated 4th January 1897, by one Sanitary Inspector. I would advise that this appointment be made at once, and that the man thus employed and the existing second sanitary inspector be given the usual allowance of Rs. 15 per mensem. As a partial set off against the extra cost involved by the above proposals, the services of two of the five conservancy overseers and of two of the eighteen peons now employed may be dispensed with.

ORDER—No. 630 M., dated 22nd March 1898.

REVISED ESTIMATE FOR 1897–98.

2. The current receipts and charges are now estimated at Rs. 99,700 and Rupees 1,39,630, respectively, against Rs. 94,920 and Rs. 1,31,790 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on buildings, water-tax, income from markets and slaughter-houses and recoveries for services to private individuals and is partly counterbalanced by a decline under the tax on arts, while the increase in the charges appears mainly under Grants 1 and 4. The collections under the principal taxes and the expenditure on drainage (new works and repairs) and on repairs—communications and buildings during the first eight months of the year were unsatisfactory. The allotments of funds referred to in paragraphs 7 and 9 of the Chairman's letter are sanctioned.

BUDGET ESTIMATE FOR 1898–99.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 1,10,860 against Rs. 99,700 in the revised estimate, the increase which occurs mainly under the water-tax, tolls, conservancy receipts and miscellaneous being partly counterbalanced by a decline under the taxes on arts and buildings and recoveries for services to private individuals. The proposal of the municipal council to raise the rate of tolls from three-fourths to the maximum and that of the water-tax from 4 to 6 per cent. of the annual value of buildings and lands, is sanctioned. The proceeds of the latter tax, however, should not be utilized for conservancy—*vide* the proviso to section 47 of the Act. The attention of the municipal council is drawn to the Collector's remarks in paragraph 2 of his endorsement, on which the council is requested to report within one month.

4. *Charges.*—(1) The probable charges are entered as Rs. 1,09,480 against the revised estimate of Rs. 1,39,630, the decrease which appears under Grants 1 and 4 being partly made good by an increase under Grants 3 and 5.

(2) *Grant 1.*—With reference to the Collector's remarks in paragraph 5 of his endorsement, the provision for repairs—communications will be raised from Rupees 8,000 to Rs. 10,500.

(3) *Grant 2.*—As suggested by the Director of Public Instruction in his letter read above, the allotment for salary grants will be raised from Rs. 2,300 to Rs. 2,400.

(4) *Grants 3 and 4.*—The question of increasing the contribution paid to the District Board on account of the hospital should form the subject of a separate communication, in which the necessity for the increase should be fully explained. In the meantime, the allotment under this head will be allowed to stand. The additions to, and alterations in, the conservancy and private scavenging establishments and the entertainment of a bill-collector on Rs. 10 for the collection of market fees, proposed in paragraphs 21, 24 and 26 and shown in the proposition statement are sanctioned. From statement II-B it appears that it is proposed to dispense with the services of the three gardeners on Rs. 4 each attached to the People's Park, but no reference has been made to this either in the proposition statement or in the Chairman's letter. This omission should be explained without delay. The suggestions made by the Sanitary Commissioner regarding the re-organization of the sanitary staff will be commended to the municipal council for careful consideration. Its attention is drawn to the Collector's remarks in paragraph 4 of his endorsement.

(5) *Grant 5.*—The Collector's suggestions in paragraph 3 of his endorsement will be referred to the council for consideration and early report. With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the Central office establishments will be reduced from Rs. 910 to Rs. 883 or Rs. 880 in round numbers.

5. *Debt and closing balance.*—The provision for interest on loan will be reduced from Rs. 7,520 to Rs. 7,250. As revised by Government, the budget closes with a balance of Rs. 9,580 or 8·6 per cent. of the estimated receipts.

17. *New Works—Buildings.*—Under this head, provision of Rs. 600 has been made for the construction of three latrines in the three divisions of the town.

18. *Repairs.*—The allotments now made under buildings, drainage and repairs to works and machinery are considered by the council to be quite sufficient for the year. Hence the decrease under these items.

19. *Grant 3, Hospitals and Dispensaries.*—An additional allotment of Rs. 36 has been made as the compounder of the municipal dispensary, Manambuchavady has become entitled to the increase of Rs. 3 per mensem by service qualification (*vide* G.O., Mis., No. 2292 M., dated 27th October 1897).

20. *Contribution to Local Boards.*—An additional provision of Rs. 500 over the usual allotment of Rs. 1,500 has been sanctioned by the council on the representation made by the President, District Board, for increased contribution.

21. *Conservancy—Road Cleaning Establishment.*—An increase in the allotment in the budget on account of the employment of ten additional sweepers and fifteen additional toties at Rs. 4 each has been provided to secure the thorough cleanliness of

the town. The increase of Rs. 10 a month to the pay of the chief sanitary inspector and of Re. 1 to that of the conservancy peons of ten years' service has also been provided.

22. Provision has been made under 5 (*a*) (ii) other charges for the purchase of five more night-soil carts at Rs. 150 each and for the hire of draught bullocks for four more night-soil carts and six dust carts.

23. A provision of Rs. 200 has now been made for watering the main roads to keep down the dust.

24. *Private Scavenging Establishment.*—For increase under this head *vide* remarks in paragraph 16 *supra*.

25. *Clearing Cesspools of Private Houses.*—A provision of Rs. 800 has been made for clearing cesspools of private houses by hiring four cask-mounted carts.

26. *Grant 4, Market Establishment.*—The increase under this head is due to the provision of a separate bill-collector on Rs. 10 a month for market collection in order to relieve the sanitary inspectors of this work.

27. *Grant 5, Office Establishment.*—The appointment of a secretary has led to a substantial increase in the allotment under this head.

28. The total expenditure under all heads for 1898–99 will thus amount to Rs. 1,09,480, leaving a closing balance of Rs. 11,880.

29. A proposition statement for the revision of establishments is herein enclosed.

Endt. Cur. No. 61-Ml. of 1898.

Forwarded.

2. *Statement No. I.*—It is time to take up the general revision of tax on buildings, which was last revised in 1892–93. Probably, a large increase of income will result as was the case in Kumbakónam. The attention of the council may be invited to the same. As the council has a paid secretary, he could, with advantage, take up the work.

3. *Statement No. II.*—Now that a paid secretary has been appointed, I have no doubt but that the Chairman would be willing to give up his carriage allowance (Rs. 40 per mensem) if so advised. Also with a paid secretary, a manager on Rs. 60 is scarcely necessary, and as he was only appointed a year ago, the question of reducing the salary of the appointment might be considered.

4. *Paragraph 25.*—The cost of removing sewage from private houses should not fall—at least entirely—on the municipality at large, any more than private scavenging. Fees should be levied and the system gradually, if not at once, made self-supporting, as has been proposed by the Negapatam council.

5. Considering the large increase in the estimated receipts from tolls, the provision for "Communications" is inadequate, and less than the minimum prescribed by Government.

6. The council appears to have overlooked the directions contained in paragraph 3 (1) of G.O., No. 2190 M., dated 8th October 1897, regarding the revision of the tax on arts.

Collector.

Note.—The attention of the divisional officer will be drawn to the fact that he passed in this without remarks.

From A. S. RUSSELL, Esq., Acting Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 3rd February 1898, No. 174.

I have the honour to state that the allotments made by the Municipal Council of Tanjore in their budget estimate for 1898–99 under Repairs—Water-supply, of which a copy has been sent to this office, call for no remarks.

2. The budget estimate further provides the fee payable to Government for the boiler inspection.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 5th February 1898, No. 131.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tanjore Municipality for the year 1898–99 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D, Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 7th February 1898, No. 1135.

Referring to the budget estimate of the Tanjore Municipality for 1898–99, I have the honour to state that the provision made therein for education may be accepted with an addition of Rs. 100 to the allotment for salary grants, which should, with reference to the actuals of 1896–97, be fixed at Rs. 2,400. The net expenditure under Grant 2 will then be Rs. 9,890 (10,210—320), or about 11 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Lieut.-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 24th February 1898, No. 428-S.

I have the honour to remark that the Tanjore Municipal Council proposes to spend on conservancy next year about 21·8 per cent. of its anticipated current receipts. The provision is insufficient, as already pointed out in my reviews of previous budgets. The conservancy supervising staff is short of the scale laid down by Government in G.O., No. 4 M., dated 4th January 1897, by one Sanitary Inspector. I would advise that this appointment be made at once, and that the man thus employed and the existing second sanitary inspector be given the usual allowance of Rs. 15 per mensem. As a partial set off against the extra cost involved by the above proposals, the services of two of the five conservancy overseers and of two of the eighteen peons now employed may be dispensed with.

ORDER—No. 630 M., dated 22nd March 1898.

REVISED ESTIMATE FOR 1897-98.

2. The current receipts and charges are now estimated at Rs. 99,700 and Rupees 1,39,630, respectively, against Rs. 94,920 and Rs. 1,31,790, anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on buildings, water-tax, income from markets and slaughter-houses and recoveries for services to private individuals and is partly counterbalanced by a decline under the tax on arts, while the increase in the charges appears mainly under Grants 1 and 4. The collections under the principal taxes and the expenditure on drainage (new works and repairs) and on repairs—communications and buildings during the first eight months of the year were unsatisfactory. The allotments of funds, referred to in paragraphs 7 and 9 of the Chairman's letter, are sanctioned.

BUDGET ESTIMATE FOR 1898-99.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 1,10,860 against Rs. 99,700 in the revised estimate, the increase which occurs mainly under the water-tax, tolls, conservancy receipts and miscellaneous being partly counterbalanced by a decline under the taxes on arts and buildings and recoveries for services to private individuals. The proposal of the municipal council to raise the rate of tolls from three-fourths to the maximum and that of the water-tax from 4 to 6 per cent. of the annual value of buildings and lands is sanctioned. The proceeds of the latter tax, however, should not be utilized for conservancy—*vide* the proviso to section 47 of the Act. The attention of the municipal council is drawn to the Collector's remarks in paragraph 2 of his endorsement, on which the council is requested to report within one month.

4. *Charges.*—(1) The probable charges are entered as Rs. 1,09,480 against the revised estimate of Rs. 1,39,630, the decrease which appears under Grants 1 and 4 being partly made good by an increase under Grants 3 and 5.

(2) *Grant 1.*—With reference to the Collector's remarks in paragraph 5 of his endorsement, the provision for repairs—communications will be raised from Rupees 8,000 to Rs. 10,500.

(3) *Grant 2.*—As suggested by the Director of Public Instruction in his letter read above, the allotment for salary grants will be raised from Rs. 2,300 to Rs. 2,400.

(4) *Grants 3 and 4.*—The question of increasing the contribution paid to the district board on account of the hospital should form the subject of a separate communication, in which the necessity for the increase should be fully explained. In the meantime, the allotment under this head will be allowed to stand. The additions to, and alterations in, the conservancy and private scavenging establishments and the entertainment of a bill-collector on Rs. 10 for the collection of market fees, proposed in paragraphs 21, 24 and 26 and shown in the proposition statement, are sanctioned. From statement II-B it appears that it is proposed to dispense with the services of the three gardeners on Rs. 4 each attached to the People's Park, but no reference has been made to this either in the proposition statement or in the Chairman's letter. This omission should be explained without delay. The suggestions made by the Sanitary Commissioner regarding the re-organization of the sanitary staff will be commended to the municipal council for careful consideration. Its attention is drawn to the Collector's remarks in paragraph 4 of his endorsement.

(5) *Grant 5.*—The Collector's suggestions in paragraph 3 of his endorsement will be referred to the council for consideration and early report. With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the Central office establishments will be reduced from Rs. 910 to Rs. 883 or Rs. 880 in round numbers.

5. *Debt and closing balance.*—The provision for interest on loan will be reduced from Rs. 7,520 to Rs. 7,250. As revised by Government, the budget closes with a balance of Rs. 9,580 or 8·6 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R Ry. V. APPASAMY VANDAYAR Avargal, Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional-officer, Tanjore), dated 24th January 1898, No. 174.

I have the honour to submit the revised estimate for the current official year and the budget estimate of receipts and charges for 1898-99 in the prescribed forms.

2. The revised and budget estimates were discussed and passed by the council at its two meetings held on the 20th December 1897 and 7th January 1898. Extracts from their proceedings are herein enclosed.

Revised Estimate for 1897-98.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimates for 1897-98 against the budget estimate for the same year:—

	Revised estimate.	Budget estimate.
	Rs	Rs.
Opening balance	50,430	49,850
Receipts	99,700	94,920
Total ..	1,50,130	1,44,770
Expenditure	1,39,630	1,31,790
Closing balance	10,500	12,980
Total ..	1,50,130	1,44,770

Receipts.

4. *Professional Tax.*—The income from this source is estimated in the revised estimate at Rs. 9,940 against the budget estimate of Rs. 14,490 of the same year. The reason for the fall in the revised estimate was the higher minimum of income fixed by the amendment Act III of 1897 and the grant of large remissions of arrears.

5. A provision of Rs. 4,450 has been made under recoveries on account of house-service pipes from private individuals.

6. The variations under other items of receipts are chiefly due to the collection of arrears under the principal taxes and income from markets, &c.

Charges.

7. *Grant 1, New works—Water-supply.*—A sum of Rs. 2,895 has been paid during the year on account of drivers' quarters built in the previous year. Hence an increase in the revised estimate.

8. *Repairs—Water-supply.*—The provision of Rs. 3,700 made in the budget to meet the charges for excavating channels for feeding the filter beds in the Vennar during the hot weather and for repairing machines, tanks, &c., has been cut down to Rs. 1,700, owing to the anticipated short expenditure on channel excavation and on repairs to machinery. The repairs to tanks cannot possibly be executed during the unexpired portion of the current year owing to there being still a large quantity of water in them.

9. The provision of Rs. 4,450 under Grant 4—Other Charges, corresponds to the provision under receipts (paragraph 5 *supra*.)

10. The other items call for no special remarks.

BUDGET ESTIMATE FOR 1898–99.

11. The following is an abstract of the receipts and charges under the various heads:—

	RS.
Opening balance	10,500
Estimated receipts	1,10,860
Total ..	1,21,360

Charges.

	RS.	
Grant 1, Public works	34,590	
„ 2, Education	10,110	
„ 3, Sanitation and Medical service	30 640	
„ 4, Miscellaneous	11,490	
„ 5, Supervision and management	8,810	
Repayment of debt	6,320	
„ of interest	7,520	
		1,09,480
Closing balance		11,880
Total ..		1,21,360

12. In preparing the budget estimates for 1898–99, the figures of the revised estimates for 1897–98 have been generally adopted. The items which call for special remarks are hereunder noticed.

Receipts.

13. *Water-Tax.*—As advised in clause 5, paragraph 4, of the G.O., No. 2190 M., dated 8th October 1897, the water-tax was raised by the council from 4 to 6 per cent. to meet the expenditure on conservancy and water-supply. Hence an increased estimate in the budget (*vide* resolution of the council, dated 20th December 1897, No. 2-A).

14. *Tolls.*—The increase under this head is due to the proposed levy of tolls at the maximum rates from April 1898 instead of as hitherto at three-fourths (*vide* resolution of the council, No. 2, dated 7th January 1898).

15. *Sale-proceeds of Night-soil and Street-refuse.*—The increase under the item by Rs. 3,000 is due to the anticipated income from the depôt system, the adoption of which has been resolved as per suggestion of the District Medical and Sanitary Officer made in his report embodied in G.O., No. 2190 M., dated 8th October 1897 (*vide* resolution of the council, No. 2-A., dated 20th December 1897).

16. *Private Scavenging.*—The increase is due to the anticipated extension of the system by enforcing the new sanitary provisions of the Act.

Charges.

17. *New Works—Buildings.*—Under this head, provision of Rs. 600 has been made for the construction of three latrines in the three divisions of the town.

18. *Repairs.*—The allotments now made under buildings, drainage and repairs to works and machinery are considered by the council to be quite sufficient for the year. Hence the decrease under these items.

19. *Grant 3, Hospitals and Dispensaries.*—An additional allotment of Rs. 36 has been made as the compounder of the municipal dispensary, Manambuchavady has become entitled to the increase of Rs. 3 per month by service qualification (*vide* G.O., Mis., No. 2292 M., dated 27th October 1897).

20. *Contribution to Local Boards.*—An additional provision of Rs. 500 over the usual allotment of Rs. 1,500 has been sanctioned by the council on the representation made by the President, District Board, for increased contribution.

21. *Conservancy—Road Cleaning Establishment.*—An increase in the allotment in the budget on account of the employment of ten additional sweepers and fifteen additional toties at Rs. 4 each has been provided for to secure the thorough cleanliness of

the town. The increase of Rs. 10 a month to the pay of the chief sanitary inspector and of Re. 1 to that of the conservancy peons of ten years' service has also been provided.

22. Provision has been made under 5 (*a*) (ii) other charges for the purchase of five more night-soil carts at Rs. 150 each and for the hire of draught bullocks for four more night-soil carts and six dust carts.

23. A provision of Rs. 200 has now been made for watering the main roads to keep down the dust.

24. *Private Scavengering Establishment.*—For increase under this head *vide* remarks in paragraph 16 *supra*.

25. *Clearing Cesspools of Private Houses.*—A provision of Rs. 800 has been made for clearing cesspools of private houses by hiring four cask-mounted carts.

26. *Grant 4, Market Establishment.*—The increase under this head is due to the provision of a separate bill-collector on Rs. 10 a month for market collection in order to relieve the sanitary inspectors of this work.

27. *Grant 5, Office Establishment.*—The appointment of a secretary has led to a substantial increase in the allotment under this head.

28. The total expenditure under all heads for 1898–99 will thus amount to Rs. 1,09,480, leaving a closing balance of Rs. 11,880.

29. A proposition statement for the revision of establishments is herein enclosed.

From A. S. RUSSELL, Esq., Acting Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 3rd February 1898, No. 174.

I have the honour to state that the allotments made by the Municipal Council of Tanjore in their budget estimate for 1898–99 under Repairs—Water-supply, of which a copy has been sent to this office, call for no remarks.

2. The budget estimate further provides the fee payable to Government for the boiler inspection.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 5th February 1898, No. 131.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tanjore Municipality for the year 1898–99 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 7th February 1898, No. 1135.

Referring to the budget estimate of the Tanjore Municipality for 1898–99, I have the honour to state that the provision made therein for education may be accepted with an addition of Rs. 100 to the allotment for salary grants, which should, with reference to the actuals of 1896–97, be fixed at Rs. 2,400. The net expenditure under Grant 2 will then be Rs. 9,890 (10,210—320), or about 11 per cent. of the estimated income from taxation, markets and rents.

Endt. Cur. No. 61-Ml. of 1898.

Forwarded.

2. *Statement No. I.*—It is time to take up the general revision of tax on buildings, which were last revised in 1892–93. Probably, a large increase of income will result as was the case in Kumbakónam. The attention of the council may be invited to the same. As the council has a paid secretary, he could, with advantage, take up the work.

3. *Statement No. II.*—Now that a paid secretary has been appointed, I have no doubt but that the Chairman would be willing to give up his carriage allowance (Rs. 40 per mensem) if so advised. Also with a paid secretary, a manager on Rs. 60 is scarcely necessary, and as he was only appointed a year ago, the question of reducing the salary of the appointment might be considered.

4. *Paragraph 25.*—The cost of removing sewage from private houses should not fall—at least entirely—in the municipality at large, any more than private scavengering. Fees should be levied and the system gradually, if not at once, made self-supporting, as has been proposed by the Negapatam council.

5. Considering the large increase in estimated receipt from tolls, the provision for "Communications" is inadequate, and less than the minimum prescribed by Government.

6. The council appears to have overlooked the directions contained in paragraph 3 (1) of G.O., No. 2190 M., dated 8th October 1897, regarding the revision of the tax on arts.

Collector.

Revised Estimate for 1897-98

2. The Current receipts and charges are now Estimated at Rs 99700, and Rs 139630 respectively, against Rs 94920 and Rs 131790, anticipated in the Sanctioned budget. The increase in the receipts occurs chiefly under the tax on buildings, water tax, income from markets and slaughterhouses and recoveries for Services to private individuals and is partly counterbalanced by a decline under the tax on carts, while the increase in the charges appears mainly under Grants 1 and 4. The Collections under the principal taxes and the expenditure on drainage (new works and repairs) and on repairs to Communications and building during the first Eight months of the year were unsatisfactory. The allotments of funds referred to in paragraphs 7 and 9 of the Chairman's letter, are sanctioned.

Budget Estimate for 1898-99

3. Receipts. The receipts for the ensuing year are placed at Rs 110860, against Rs 99700 in the Revised Estimate, the increase which occurs mainly under the water tax, tolls, Conservancy receipts and miscellaneous, being partly Counterbalanced by a decline under the

the taxes on carts and buildings and receveries for services to private individuals. The proposal of the municipal Council to raise the rate of tolls from three fourths of the maximum to the maximum and that of the water tax from 4 to 6 per cent of the annual value of buildings and lands is sanctioned. The attention of the municipal Council is drawn to the Collector's remarks in para. 2 of his Endorsement, on which should receive immediate and careful attention. The Council is requested to report within one month.

Note — Tolls are levied at the maximum rates in all the other municipalities except Tanjore, Dindigul, Kumbakonam —

The proceed of the latter tax should not be utilized for Conservancy - vide the provisions to sec. 47 of the Act.

4. Charges — (1) The probable charges are entered as Rs. 109480 against the revised Estimate of Rs 139630, the decrease which appears under Grants 1 and 4, being partly made good by an increase under Grants 3 and 5.

(2) Grant 1. With reference to the Collector's remarks in para. 3 of his Endorsement, the proposals for repairs - Communications will be raised from Rs 5000 to Rs 10000.

(3) Grant 2 - As suggested by the Director of Public Instruction in his letter read above, the allotment for salary grants will be raised from Rs 2300 to Rs 2400.

(4) Grants 3 & 4 - The proposed alterations in the Conservancy and Scavenging Establishments and the employment of a bill Collector on Rs 10. for the Collection of market fees proposed in paras. 21, 24 & 26 and shown in the proposition statement are sanctioned. From Statement II B, it appears that it is proposed to dispense with the services of the three gardeners on Rs 4 each attached to the People's Park, but no reference has been made to this either in the proposition statement or in the Chairman's letter. This omission should be explained without delay. The suggestions made by the Sanitary Commissioner regarding the reorganization of the Sanitary Staff will be commended to the municipal Council for careful consideration. Its attention is drawn to the Collector's remarks in para. 4 of his Endorsement.

The question of increasing the Contribution paid to the District Board on account of the hospitals should form the subject of a separate Communication, in which the necessity for the increase should be fully explained. In the meantime, the allotment under this head will be allowed to stand. - Vide para 20 of the Collector's

(5) Grant 5 - The Collector's suggestions in para. 3 of his Endorsement will be referred to the Council for consideration and early report. With reference to G.O. No 2473L dated 22nd December 1897, the Contribution for the Central office Establishments will be reduced from Rs 910 to Rs 883 or Rs 880 in round number.

5. Debt Closing balance - The provision for interest on loan will be reduced from Rs 7520 to Rs 7250 As revised by us the budget closes with a balance of Rs 9580 or 8.6 per Cent of the Estimated receipts.
