LOCAL AND MUNICIPAL DEPARTMENT.

Memorandum.

Dated the 5—11—1898.

Memo No. 227-P.

The Plague Commissioner is requested to submit in future his daily report to Government of plague seizures and deaths in the forms(marked A & B) attached to the memo, two copies in the form marked A and three in the form B,being furnished at every time, so that the copies for His Excellency the Governor and the two Honourable Members may be sent off at once.This obviates the extra time and labour now involved in the further compilation that is being made in this office.

He is also requested to communicate to the Press direct the weekly returns of seizures and deaths.

A Edgington
for Secretary to Government.

To

The Plague Commissioner.
with 2 forms.

Circ. 1079.

NOTE FOR THE PLAGUE COMMISSIONER

The effect of the memo is to transfer a portion of the Secretariat work to this office -

2. The system of giving the local press a weekly statement of plague cases was begun in the Secretariat before the Plague Comsr was appointed. As the Plague Comsr supplies the Press information about plague every day, it is doubtful whether it is worth while compiling a weekly statement. If one is considered necessary, the S. C. may be asked to supply the Press with copies of his printed weekly statement.

3 To compile from P. information about plague in Mysore is also required at present none is received in this office. The Secy, L & M dept, may be requested to transfer to this office the daily telegrams he receives from the Resident in Mysore, or the Resident may be asked to send a telegram to the S.C.. At present the Resident sends
