NOTE by the Sanitary Commissioner for Madras, dated 1-10-98

Reference.

Accompanying letter
to Plague Committee dated
30/9/98.

I do not think the
would help us. The
only way to clearly
understand possibilities
of the accommodation
available, would
be to ask the Munici-
pality to make
a ground plan showing
each room to which
an entry is
the number of ppl. This
at disposal. This
they should be able
to do by Monday evening.
I suggest the report deferred
till inspection takes
Tuesday morning. In
short time, I will com-
municate with Sir
George Moore and
let you know the
result.
