3. Read office note from the Chairman, stating that he has obtained the services of V. thro' the Collector
and Sub Collector of
Malabar.

Sir,

In enclosing for the information of Government extract from the Proceedings of the Municipal Council at a meeting held on 14th January 1898, I have the honor to respectfully request that Government may be pleased to sanction the recommendations in the two resolutions contained in it.

2. The Council have unanimously agreed to my proposal to request Government to lend the services of V. Kannan ag 3rd Clerk of the Sub Collector's Office as Manager of the Municipal Office and to give him an allowance of Rs 30 per mensem in addition

to

to the pay of the Manager during the term of his ag appointment that is from 1st January 1898 until 31st March 1898.

3. On resuming charge of the office of Chairman in accordance with the orders of Government, I found that the permanent Manager Mr R. W. Frank was obviously unable to cope with the immense amount of work which remained to be done if the affairs of the Municipality were to be put into anything approaching an orderly state before 31st March 1898. He informed me too that he was in bad health and he fell in with my suggestion that he should take leave on loss of pay until 31st March 1898.

4. Next year I presume a paid Secretary will have been appointed and doubtless some alteration in the appointment of Manager will have been made. Proposals on the point will be embodied in the Budget for 1898-99 the delay in the submission of which to Government is regretted but has hitherto been unavoidable. It will be submitted very shortly.

5. After considering the question of filling up the temporary vacancy I decided that my present nominee was the most suitable person and I accordingly appointed him subject to the sanction now asked for.

6. The permanent Manager has however owing

to

to his laxity and inefficiency left a heritage of woe to his successor and I am of opinion that nothing less than the extra allowance now asked for would be an adequate compensation to the present Manager for the transfer from his tranquil and orderly work in the Sub Collector's office to the chaos which prevailed in that of the Municipality. The fixed pay of the Manager is Rs 50 but the permanent Manager drew the pay and did not do the work, so I respectfully submit that the ordinary pay of the appointment need not form a precedent for the ag Manager. It has been recommended that the new Secretary should draw Rs 100 to 150 per mensem. Though his work will of course be more responsible than that of the present ag Manager, I doubt if he will ever have more to do than the latter has at present.

7. A special temporary establishment has been appointed to aid in writing out bills and warrants, and thousands have been issued since I took charge. Further additional Bill Collectors have had to be appointed to aid in presenting the bills for payment and in executing the warrants. All these temporary hands have to be supervised by the Manager in addition to the close supervision which must be exercised over the permanent staff. The daily collections have to be checked each day with the warrant and bill books, and as there are at present eight persons on collection

duty

duty and the average daily collections amount to about Rs 250, this takes a lot of time more specially as each individual warrant and bill is generally for a very small amount. Besides it was found that the demand registers had hardly been started for the current year. The business of writing them up is also being pushed on and has to be carefully watched. So the present Manager has to come to office early in the morning and can only leave it pretty late in the evening.

8. The Municipality will be amply repaid for the trifling extra expense incurred by this proposal if in consequence of it and of the other measures detailed already, a considerable reduction in the extensive arrears now existing be effected before the close of the official year 1897-98. As the demand registers are not yet completely written up I cannot state the exact arrears but they are somewhere about Rs 17,000 I believe.

9. The necessary application for allotment of funds is also enclosed.

I have the honor to be,
Sir,
your most obedient servant.

Chairman.
