 orders

Mr. C. Gahan having been appointed Special Deputy Collector by Government to assist the Collector in the administration of Plague measures in the Kurnool District the following instructions are drawn up for his guidance.

1. Mr Gahan will constantly be on tour checking the work of the officers concerned in plague operations and taking prompt steps for remedying any defects noticed by him.
2. He will rectify by directly communicating with the Divisional Officers concerned all ordinary defects or irregularities reporting for my orders only such cases in which the issue of a special or general ruling is considered necessary.
3. In matters in which technical or professional knowledge is involved or where the District Medical & Sanitary Officer's action is necessary, or in cases wherein the conduct of a Plague Supervisor, Sanitary Inspector, or Hospital Assistant or any Police Officer has to be reported against, he will submit the matter with his remarks for my orders.
4. He will take special care to thoroughly satisfy himself during his tours that Tahsildars, Deputy Tahsildars, and other Revenue Subordinates clearly understand their duties and act up to the rules especially those relating to the observation of passengers coming from infected parts. He will also check the work of Plague Supervisors, Sanitary Inspectors, Hospital Assistants, Railway Staff and Station House Officers to see that they are properly carrying out their duties. Any remarks on the work of these officers should be included in the diary noted below.
5. He will at first devote his attention to rendering completely efficient the staff employed in the neighbourhood of Guntakal (say within a radius

radius of 20 miles) where plague is reported to exist. He will next inspect the Railway Stations in the District and see how the passport issuing officers do their work. The Deputy Collector will afterwards turn his attention to the working of the Plague Regulations in the other parts of the District. 6. Kurnool will, for the present, be fixed as his Head Quarters; and he will as much as possible avoid long sojourns at that place except for special reasons.

7. His establishment will for the present consist of one clerk on Rs 20 and 2 dalgos on Rs 7 each. A portion of the necessary stationery and furniture has already been supplied to him and the remainder will be ordered to be sent to him as soon as possible.

8. On the evening of every Saturday, he will submit to me a diary, written on half margin giving a brief description of the work turned out by him on each day of the week in a narrative form. Every important defect and the steps taken to remedy it should be specially noted. The remarks of the Collector will be entered on the blank margin of the diary and returned to the Deputy Collector. The diary should be treated as a semi-official correspondence.

The above are only general instructions & will of course be supplemented now and then as necessity arises.
