From,

The Head Master,

To,

The Chairman,
Municipal Council.
Salem

Sir,

With reference to your Endt. Ref on No 32 of 98 / Govt dated 12th March 1898 on G.O No 405 M bearing date 18th February 98 (herewith returned), I have the honor to lay before you the following facts.

1. To dispense with the services of the additional teacher will necessitate the dismissal of a class of 36 pupils, as there is no room for them in the other divisions of the form, each of which is already at its maximum strength. As these pupils have paid three instalments of their first term fee, and as, under the terms of the Fee Notification, they are under obligation to pay the whole term fee before they can obtain Leaving certificates, the Municipal Council is under a corresponding obligation to provide for their instruction, at least to the end of the term

term

term. The immediate termination therefore of the services of this teacher would involve a breach of faith with the guardians of the pupils, whose money has been taken on the clear understanding that their children will be taught for at least the first term, if not for the whole year.

2. There is no call for effecting economies in the College by the curtailment of expenditure on the staff as the following figures will make abundantly clear.

	Rs – as – p.
Income from fees from from 1st April 97 up to date	7933 – 6 – 0
Balance of demand for the official year	861 – 6 – 0
Grants from Provincial Revenue	2523 – 2 – 10
Total Income	11,317 – 14 – 10
Expenditure on staff for the year ending 31 March 98	10,558 – 6 – 10
Contingent and Miscellaneous Expenditure	561 – 0 – 3
Total	11,119 – 7 – 1

From the above it is apparent that the College not only pays its way but brings in to the Council a net profit of Rs 198 – 7 – 9.

This surplus income may justly be

be expected to be sent in improving the condition of the College and furthering its growth.

The estimated income and expenditure for the year 1898–99 are

Income from fees	9600 – 0 – 0.
Do Provincial Grants	2750 – 0 – 0.
Total	12,350 – 0 – 0
Expenditure calculated on the present scale	11,440 – 0 – 0
Net profit to Municipality	910 – 0 – 0.

This institution has been rapidly growing in numbers as the following figures attest

No. on the rolls on the 1st April 1892 – 175
93 – 224; 94 – 253; 95 – 267;
96 – 274; 97 – 328; on the present date – 384.

There has accordingly arisen the need for almost annually adding to the strength of the teaching staff by the entertainment of additional temporary teachers, whose appointments have in the course of time become permanent. This year the classes in the Lower Secondary and Upper Secondary Departments, all contain the full complement of numbers

and

and it is a matter for consideration — whether it is not expedient to break up some of the higher classes (the IV form for instance which numbers 43) into smaller sections, so as to make the teaching more effective.

Under these circumstances to dismiss teachers and abolish classes would be to strike a death blow to the growth of the institution, and for no gain whatever.

3. The dismissal of the teacher in question would effect no saving to the Council. On the contrary it would result in a substantial loss. He is in charge of a class of 36 pupils paying annually Rs 462 by way of fees. His annual salary is Rs 300. As his dismissal involves necessarily the abolition of the class which he teaches, the Council will thereby incur an annual loss of Rs 162.

4. As the dismissal of the additional teacher has been enjoined by Government evidently under the misapprehension, that it would relieve the strain on the overburdened finances of the Municipality, I beg you will be good enough to bring this representation to their consideration, through the Director of Public Instruction, with a view to obtaining their consent to retaining the services of the said teacher, and eventually confirming him in his appointment, should, as I have every reason to expect, the stability of the class he teaches, be assured by time.
