dated 11-11-98.

Circular

Under present orders all bandymen entering Madanapalle from Mysore through Chigililulu frontier station have to receive passports at Chigililulu. Many of these men are Mysore men, who return to Mysore the next day and are not likely themselves to bring infection of Plague to Madanapalle. Many others are Madanapalle men who, I understand, leave Madanapalle for Chinthamani on Friday night and return to Madanapalle on Tuesday morning. If Chinthamani becomes infected, these men may by misfortune, bring the disease to Madanapalle. Therefore, some arrangements must be made. At the same time it seems needlessly troublesome to require these Madanapalle bandy men to take passports every time they come in through Chigililulu and thereafter to show them selves at the Hospital every day. To meet these cases the following arrangements are made:-
The Tahsildar will prepare a list of all ^{Madanapalle} bandy men ^{territory} who regularly travel between Mysore ^{territory} and Madanapalle through Chigililulu. All such men will receive a ticket inscribed as follows:-

Madanapally Mysore pass -

Name of bandy man -
Initials of officer issuing ticket -
Date -

The tickets will be issued by Mr. Hawks or in his absence, by the Stationary Sub-Magistrate who will report their names to Mr. Hawks. On returning to Madanapalle through Chigililulu, ticket holders will be allowed to pass; if they have no fever on showing their tickets. They will not require to take out passports but, if they carry passengers

C No 1304

these passengers must be examined and given passports. Every Friday morning that is on the morning before they return to Mysore territory all ticket-holders must attend at the Hospital. The Civil Apothecary on ascertaining that they have no fever will initial and date the tickets in token of their being so renewed.

The Civil Apothecary will keep a copy of the list and tick off the renewals weekly. Any person who fails to renew his passport should be reported to the Chairman who will enquire why he has not renewed and whether he is suffering from fever or not. Mysore handymen who come in to market only and return the same or the next day may be let through without passports, but will be merely examined to see if they have fever. These arrangements are for the benefit of all concerned.

Bandies will thus be detained for the shortest possible time at Chigili byls, while Madanapalle handymen will be kept under sufficient observation without the trouble of being observed at the Hospital every day.
