FROM Mahamed Razakhan Esquire

COLLECTOR OF KURNOOL,

TO

THE SECRETARY TO Government
Local & Municipal Departm
Madras.

SIR, Adverting to para 5 of Governmen order No 396 C, dated, 27.4.98, I have the honour to report that the Kurn Municipality which contains about 6,500 houses & 24,400 population is treated as one division and formed into 4 circles containin 1474, 2031, 2028 & 933 houses with a population (approximate) of 5600, 7600, 7650 & 3500 respectively.

2. A certificated Sanitary Inspector on Rs 60 (45+15 horse allowance) and an assistant Sanitary Inspector on Rs 20 (both being men sent by the Sanitary Commissioner) are

in charge of these circles. The staff is at present considered sufficient as found by my personal observation & inspection. In case plague breaks out only two European officers will be required for this Municipality for employment as supervisors.

3. The stock of disinfectants ~~are~~ as required by rule 4 in Government order No 522 M dated 13.3.97 is maintained by the Municipality.

I have the honor to be

Dated 27th August 1898.

Enclosures.

From
H. O. D. Harding Esq
Collector of Cuddapah.

To
The Secretary to Government
Local and Municipal Dept.

Sir,

In reply to para 5 of G. O. No. 396 O. dated 27th April 1898, I have the honor to report that the Chairman Municipal Council Cuddapah informs me that, in pursuance of the instructions contained in G. O. no. 522/13.5.97, the municipal town has been divided into three circles forming one division and that the present Sanitary Inspector of the Municipality is a trained and certificated man. It is also reported by the Chairman that a stock of disinfectants is kept and that three European Officers, one for each circle, would be required should Plague break out. He does not mention the classes of officers that would be so required. I am of opinion that for a small town like Cuddapah the services of a single European officer of the class of Plague officers' will be sufficient.

2. The Chairman Municipal Council, has since telegraphed to me that two cases of suspected plague imported into Cuddapah are being treated in the Segregation Shed. I have addressed the Chairman to inform me by wire again immediately he decides whether these are cases of real Plague or not and to make ready to appoint the necessary staff at a moments' notice should these prove to be Plague. Up to date the reports are that they are not plague and that the patients are improving.

3. I shall submit ~~future~~ further report on hearing again from the Chairman.

I have the honor to be
Sir
Your most obedient Servant

B&G Eng

From
J. K. Batten Esqr.
Ag. Collector & District Magistrate,
North Arcot.

To
The Secretary to Government,
Local and Municipal department
Fort Saint George

Sir,

Referring to para 5 of G.O. No. 596 P dated 27th April 98, I have the honor to report as follows:-

2. All the four municipal towns in this district have already been divided into circles and these divisions have been approved of by Mr Wynne. The biggest of them viz Vellore, has been divided into 5 circles, each ward being Constituted into one circle. The Municipalities of Gudiyattam and Wallaja have each been divided into two circles and Tirupati municipality has been divided into three circles.

3. The chairman of the Vellore municipal council reports that, in case plague breaks out, two European

officers (Civilians) who are well acquainted with the languages, Customs, and usages of the Country and who possess a great deal of tact and judgment will be sufficient. The Chairman of the Gudiyatam municipal council will be satisfied with one European officer. The Chairman of the Tirupati municipal council says that one European officer would suffice. The chairman of the Wallaja municipal council has failed to report on this point and I am writing to him today to submit the required information by return post. I will Communicate his reply as soon as it is received. I think one European officer would be sufficient for Wallajah. I agree with the estimates of the other Chairmen and think that the officers should, if possible, be civilians.

4. Each of these municipalities has employed one certificated Sanitary Inspector at present and the Chairman of the Vellore municipal council has applied to the Sanitary Commissioner to send him two more Inspectors.

5. The required stock of disinfectants is

is maintained in all the municipalities. The stock of some items having run short in the Tirupati municipality the Chairman has indented on Messrs Smith and Co to make it up.

6. The delay in the submission of this report is due to the fact that the Chairman of the Wallaja municipal council did not send his reply to my reference until he was reminded by a telegram the day before yesterday.

I have the honor to be,
Sir,
Your most obedient servant
J W Salter
Ag. Collector.

Tinnevelly DISTRICT COLLECTOR'S OFFICE,
Dated 9th. September 1898.

C. No. 1741 P.

FROM

A.W.B. Higgens Esquire,
COLLECTOR OF THE
Tinnevelly *District*,

TO

THE SECRETARY TO GOVERNMENT,
Local & Municipal DEPARTMENT,
Madras.

SIR,

I have the honour to reply to para 5 of G.O.No.396 P. dated 27th. April 1898 communicating Government of India resolution on the Rules framed by the Bombay plague Commission

Tuticorin.
Palamcottah.
Tinnevelly.
Srivilliputur.

2. There are four Municipal towns in this District as noted in the margin. They have been divided into Circles and divisions according to the instructions contained in Rule 3 of the Rules printed in G.O.No.522 M. dated 13th. March 189~~8~~7.

3. As regards the number of European Officers that will be required, should plague break out, I beg to state that for effective supervision one European Civil Officer not lower in rank than an Assistant Collector or an Assistant Superintenden~~d~~t of Police would be required for each Municipality. A European Medical Officer would also be required for Tuticorin. For Tinnevelly and Srivilliputur an officer not lower in rank than a Civil Surgeon would be necessary. Palamcottah would also require the services of a Civil Surgeon, if the District Medical and Sanitary Officer should be required for work in the District.

4. Each Municipality contains a population less than 30,000 inhabitants. The recommendations of Government to employ - passed Sanitary Inspectors have been or are being carried out by the Councils. A stock of disinfectants ordered to be maintained by rule 4 of the rules printed in G.O.No.522 M.

quoted above has been purchased and kept in stock in each municipal town of this District.

I have the honour to be,

Sir,

Your most obedient servant,

TANJORE, COLLECTOR'S OFFICE,
CAMP, 8th September 1898.

FROM
J. Twigg ESQUIRE,
Ag. COLLECTOR,
TANJORE,

TO
The SECRETARY TO GOVERNMENT,
Local & Municipal DEPARTMENT,
MADRAS.

SIR,

With reference to para 5 of G.O. No. 396 P. dated 27th April 1898. enquiring whether the Municipal towns in the District have been divided into Circles and Divisions as required in G.O. No. 522. M. dated 13th March 1897. and what number of European officers and of what Classes would be required for each town. Should plague break out. I have the honour to report as follows:—

2. Of the 5 Municipal towns,

in the District, Tanjore, Kumbakonam and Negapatam have been divided into Circles and Divisions as noted in the margin,* with reference to G. O. No. 1536. M. dated 9th September 1896. The arrangements have not yet been completed in Mayavaram and Mannargudi; but each will probably consist of 3 or possibly 4 Circles forming one division.

* Tanjore. 6 Circles – 2 Divisions
Kumbakonam. 7 Circles – 2 Divisions
Negapatam. 5 Circles – 3 Divisions.

Chn 2011 1928.

3. As regards the number and class of European Officers required for plague duty, the requirements of the Municipalities as reported by the Chairmen, are as shown below: —

IV. C. P. No. 208—20-3-97—200 L.

Name of Municipality.	No. of European officers required
Tanjore.	6 European Officers not below the grade of Assistant Inspector of Salt and Abkari Department for the 6 Circles.
Negapatam	3 Plague Inspectors for the 3 divisions, and a European Plague Supervisor for the whole town
Kumbakonam.	2 European Officers preferably Medical men for the 2 Divisions.
Mayavaram.	1 European Officer of the grade of a Civil Medical Officer for the whole town.
Mannargudi.	Information not furnished yet.

4. In my opinion, should plague break out, each Municipality would require a Commissioned Medical Officer and also an European Officer not below the grade of Assistant Inspector of Salt and abkari Department for

each Circle, or for the District a total of 5 European Commissioned Medical Officers and 26 European Officers of grade of Assistant Inspector.

I have the honour to be,
Sir,
Your most obedient Servant

VIZAGAPATAM COLLECTOR'S OFFICE,
Dated 9 September 1898.

Plague

From

W. O. Horne Esq^re.
Ag. Collector,
Vizagapatam District.

To

J. H. A. Tremenheere Esquire,
Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

With reference to para 5 of G.O. no 396 P dated 27th April last, I have the honor to report that each Municipal town in the District has been mapped and divided into Circles on the principles laid down in rule 3 of the Rules printed in G.O. no 522 M dated 13th March 1897.

The towns are divided as follows -

	Circles		Divisions
Vizagapatam	7	-	3
Vizianagaram	6	-	2
Anakapalli	4	-	1
Bimlipatam	2	-	1

The Chairmen's proposals as to the number of European officers required vary much, Vizagapatam asking for 7 Inspectors of the Salt, and Abkari Department and 3 Commissioned Medical officers, while Anakapalle thinks no European

Officer at all is required. I do not quite know on what scale it is intended that European officers should be employed, but, given a severe outbreak of plague in all municipalities, I think one Commissioned Medical officer would be needed for each Division or 7 for the District and 19 officers for Circle charge in the municipalities, whether European or native.

3. The instructions contained in G.O. No 4 M dated 3rd January 1897 regarding the employment of Certificated Sanitary Inspectors have been complied with by the Municipalities of Vizagapatam and Vizianagaram while the other two smaller municipalities are prepared to employ each one Inspector should necessity arise.

4. The stock of disinfectants prescribed in rule 4 of the rules printed in G.O. No 522 M dated 13th March 1897 is maintained by each municipality except Bimlipatam which has indented for it.

I have the honor to be,
Sir,
Your most Obedient Servant,

Collector.

SOUTH CANARA COLLECTOR'S OFFICE,
Mangalore
10th September 1898.

FROM
M.R.Ry
D. Ananthaya Avargal ~~Esquire,~~
Dy. Collector ~~of~~ in charge of
Treasury, South Canara,

To
THE ~~CHIEF~~ SECRETARY TO GOVERNMENT,
Local & Municipal Department,
Fort St. George.

Sir,

With reference to Government telegram dated 8th instant (which reached here yesterday), the Collector being on tour I have the honor to report as follows:-

2. The papers connected with Government Memorandum, No. 102 P., dated 16th August 1898, have already been sent to Collector's camp, and a reply will be sent in the course of 2 or 3 days.

3. As regards para 5 of G.O. No. 3960 dated 27th April 1898, the Chairman of the Mangalore Municipal Council has reported that he has maintained a stock of disinfectants as noted in the margin, that the Municipality has been

	lbs.
(1) Perchloride of Mercury	18
(2) Commercial Hydrochloric acid	18
(3) Carbolic acid	120
(4) Permanganate of potash	50

divided into 8 circles corresponding with the existing 8 municipal wards and that one certificated Sanitary Inspector (on Rs 60+15 rupees horse allowance) has been employed in the Municipality. As however the Chairman had not divided the Municipality into "divisions" also and as he did not say whether a stock of (1) portable tin Canisters for disinfectants (2) sawdust and (3) unslaked lime has also been maintained as required by the rules, the Chairman was asked to supply these omissions and report. His reply has not been received, though 2 reminders were sent. A third reminder has been sent now.

I have the honor to be,
Sir,
Your most obedient Servant

Deputy Collector

P.S. The Municipal Chairman's letter is received just now. He proposes to divide the Municipality into five circles and two divisions. He also reports that necessary arrangements have already been made for procuring tin canisters, sawdust and unslaked lime & he adds that these can be had at any moment. The Collector's reply on all the points touched in the G.O. will be sent as soon as possible.

C No 1852 P

Dis № 577/G.B of 1898

SOUTH CANARA COLLECTOR'S OFFICE,
Camp, Beltangady,
12th September 1898.

FROM

A. F. Pinhey, Esquire,
Ag: Collector of
South Canara,

To

THE ~~CHIEF~~ SECRETARY TO GOVERNMENT,
Local and Municipal Department,
Fort St. George.

Sir,

With reference to para 5 of G.O., № 396 P. (Local & Municipal), dated the 27th April last, I have the honor to report as follows in continuation of my Ty: Deputy's report, № Ref. on G.B.R. 860/98, dated the 10th instant.

2. I have approved the division of the Mangalore Municipal Town into 5 Circles and 2 divisions, proposed by the Chairman in consultation with the District Medical & Sanitary Officer.

3. In the event of plague breaking out in the town I think two European Officers, one for each division, will be necessary to superintendent the carrying out of the regulations; and

I would employ the Assistant Collector and the Forest Settlement Officer on this duty. If the Assistant Collector should not be available, I would suggest the employment of a special officer of Salt and Abkari Department of the grade of Inspector.

4. The Chairman reports that there is already one Certificated Sanitary Inspector on Rs 60 + 15 in the Municipality. I think that another Sanitary Inspector on Rs 20 + 15 is necessary. As Government has already urged this point on the consideration of the Municipality in para 3 of its order, No. 1512 M. Mis, dated 25th August 1898, I presume the Municipality will now comply with the wishes of Government in this matter.

5. As reported by my Treasury Deputy the Municipality has maintained the prescribed stock of disinfectants sufficient for 2 divisions, except a few easily procurable articles which, it is said, have since been ordered.

6. I regret the delay in the submission of this report caused by the imperfect information given by the Chairman in the first instance and his delay in answering the reference which had consequently to be made to him.

I have the honor to be,
Sir,
Your most Obedient Servant,

for Ag: Collector.

KISTNA DISTRICT.
COLLECTOR'S OFFICE,
Camp Narasaraopet ~~MASULIPATAM~~
10th September 1898

FROM,

R. Morris Esqr,
Ag. Collector, Kistna District.

To,

The Secretary to Government,
Local & Municipal Department.
Fort Saint George.

Sir,

I have hitherto been unable to reply to para 5 of G.O. dated 27th April No 396 P for want of certain information from the Chairmen of Guntur and Bezwada Municipalities. In response to your telegram of the nineth I submit such information as is at present available.

2. Guntur and Masulipatam have been divided into circles in accordance with rule 3 of the rules in G.O. dated 13th March 1897 No 522 M. I have not yet got information as to Bezwada.

3/. Should plague break out three European officers will be required in Masulipatam, two in Guntur and one in Bezwada. They should be of the status of ~~the~~ Assistant Inspectors of the Salt and Abkari Department.

4/. The rules in regard to the employment of ~~the~~ certificated Sanitary Inspectors have been complied with in all Municipalities. There is however a vacancy at Bezwada, which the Chairman is endeavouring to fill.

5/. A stock of disinfectants is maintained in Masulipatam as required by rule 4 of the G. O. of the 13th March 1897. Information is still wanting in regard to Guntur and Bezwada

6/. I have sent reminders to the Chairmen concerned and will address you again on receipt of their replies. I am proceeding to Guntur in a day or two from here (Narasaraopet) and thence to Bezwada and I ought to be able to get information then.

I have the honor to be,
