Plague

Copy of Letter No. 461/4.11.98 from the
Medical Officer in charge of the railway
inspection station Hospet to the Collector
of Bellary

With reference to the Plague Com-
missioner's Proceedings No 235, dated 19th
October 1898 communicated to me in your
No. 653 P dated 24th October 1898, reducing
my indent for furniture etc, by two
pieces of Camp table and two Easy chairs,
I have the honour to inform you that the
articles of furniture mentioned in the
indent were purchased some time ago
from Messrs. Bomar Sait & Co. Bellary and
have been made use of in the camp, and
I think he will not now take them back.

The articles of furniture indented for
are not in excess of the requirements of
the camp. A good many second class
Eurasian passengers are being regularly
detained here for observation and they
naturally expect at least a table and
a chair for their use.

I therefore request you will be
good enough to refer the question of

The sanction of these articles for re-
consideration.

I forwarded to the Plague Commissioner,
The articles are not absolutely necessary,
But as they have been purchased the
Commissioner may perhaps be willing to
sanction them. The Medical Officer should
not, in my opinion, be allowed to make
purchases in anticipation of sanction,
Except of such things as are urgently
required for the use of the sick.

Acting Collector
