Where absolutely necessary to accommodate Praps
 provided they be provided & the estimates are
 approved - In cases, however, where up to date
 work has been efficiently done with the
 sheds, it would be best not to provide them
 It will involve a very large expenditure &
 moreover the accommodation at the stations &
 where the hospital is to have a large accommodation
 & work to the same satisfactory it would be best to allow
 the cattle of the station
 with plans & estimates etc

BELLARY.

To

THE Plague Commissioner
Madras.

SIR,

With reference to your letter no 188 dated 12.10.98, I have the honour to forward for favour of approval plan and estimates for the sheds to be constructed at each of the road frontier inspection stations for the use of the medical subordinates in charge of those stations. The estimates were prepared by the Dahsildar of Hoopes a man of Experience in such matters, who states that the rates adopted are as low as possible. No reduction in the amount of the estimate seems possible.

2 The return of the plan and

Estimates is requested.

I have the honour to be

Sir,

Your most obedient servant
