Ootacamund.

3rd August 1898.

My dear Twigg,

I am directed to enquire how it was Government heard nothing from you about the suspected case of Plague at Nefapalam, until it sent a telegram on seeing the para. in the South Indian Post.

It is presumed you have dug up the floors and burnt them by the kiln process, besides disinfecting the house and all needing disinfection with perchloride of mercury 1 in 1000. You will of course report fully as to all action taken and as to evasion of passport &c, &c.

Yours Sincerely

(signed) H. Tremeneere.

P.S.

Government is to be kept fully and constantly informed until all fear of infection is past.
