SALEM COLLECTOR'S OFFICE,

11th November 1898.

Robert B. Legg Esq.,

Collector and District Magistrate,

Salem,

To

Plague

THE SECRETARY TO THE COMMISSIONER OF

South Saint George,

Madras.

SIR,

I have the honor to submit for your information and return the plans and estimates for the sheds erected at the Golarpet Camp. They are as follows:-

(1) Plague Hospital for Europeans and Natives and staff quarters with out-houses for servants and relations, dispensary and storeroom, kitchens and latrines and bathing platforms. Rs. 4004

(2) Native Observation Camp 1188

(3) European Observation Camp 755

(4) Disinfecting Camp 1222

(5) Wells, roads etc 680

(6) Repairing certain tiled buildings near

the

at camp for the use of the Subordinate
Medical Staff.

7849

266

(7) male and female hospital for
pariahs

586

The District Board Engineers report
accompanying the estimates shows the
accommodation afforded by each of the
buildings. In addition to these an observation
ward in connection with the suspect Camp
as required in para 33 page 103 of the
pamphlet and a mortuary are under
construction and the estimates for them are
awaited. There may also be some other
smaller works necessary not herein
provided for.

2. The native Hospital now contains
accommodation for 6 native men and 4
native women. It will be seen from the
list of patients admitted into the hospital
sent separately that on the 28th October
there were 4 males and 3 females under
treatment. It is not unlikely that as
plague extends in the Mysore Province

the admissions will increase and I have
therefore ordered for the hospital for native
males and females being extended by three
rooms each. I enclose a site plan of the
Camp.

I request these may all be returned
as early as possible.

I have the honor to be,
Sir,

Your most obedient servant,

For ag Collector

Hein x M
Jill
