Camp No 185
6.11.98

Molagavalli dated 6.11.98

From Major J. W. Evans Insd
District Medical & Sanitary Officer
Bellary

To
The Plague Commissioner
Through the Collector of
Bellary

Sir,
I have the honour to invite your
attention to the tents which have been
provided for the use of the medical
Officers on plague duty.

2 The tents issued are, I believe,
condemned tents or only considered fit
for standing camps.

3 The tents I have is a staff sergeant's
in very bad repair, the outer fly is appa-
rently too rotten to hold to the poles and
the whole tent has seen much service
and repair.

4. As the area of inspection extends
from Yemmiganur some sixty miles
north east of Bellary to Arapanakatty
some eighty miles south-west, it is
obvious that the tents will have to be

Constantly on the move.

5. The patterns are not the most suitable as there are no verandahs or bath rooms but I believe no others are available at the arsenal.

6. Medical Officers draw no tents and I would earnestly ask that I should be supplied with a set of tents similar to that would be given an Officer of my rank in the police, salt or other departments who are provided with tents by Government.

I have the honour to be

Sir,

Your most obedient servant

(sd) J. W. Evans

Major I. M. S.

District Medical & Sanitary Officer

True copy

Forwarded.

The set of tents supplied by the Ordnance Department, which I have just inspected, is unsuitable and in bad repair. As the plague work seems likely to continue, I recommend the supply of a new set of tents from the Vellore Jails.

Yours faithfully

J. W. Evans
