Copy of a letter from the Deputy Locomotive Superintendent to the Locomotive Superintendent dated 31st December 1897.

A few weeks ago Mr. Mir Sirajudin Saib, the Tahsildar of Saidapet called to see me, and in course of conversation I asked him whether the question of the erection of the plague sheds near these works had been referred to him. He explained that this had not been done and that as far as he knew the site for the sheds had been selected by subordinates of the municipality without reference to any proper authorities. Mr. Mir Sirajudin Saib further explained to me that when he first saw these sheds he was much surprised to find that they had been erected where they now are without a reference being made to the Collector at Chingleput. I understood him to say that on mentioning the matter to the Collector, Mr. Murdoch said that he would take an early opportunity of visiting the place and deciding what steps should be taken in the matter, but that he (Mr. Murdoch) had up to the date of Mr. Mir Sirajudin Saib's visit to me not done this. Mr. Mir Sirajudin Saib gave it as his opinion that the most suitable site

The Agent and Manager.

My dear Sir,

With reference to conversation at the recent Officers' meeting and in continuation of correspondence ending with my No. B2008/1377 of the 5th November last, I forward for your information copy of a memorandum given me by Mr. Pilkington regarding the erection of the Plague Huts at Perambur. These huts together with the row of latrines, which have now been put up, have, as I mentioned, been constructed on the land recently taken over by the Company, and they are in close contiguity to the Bungalows built for the Deputy and Assistant Locomotive Superintendents, as well as to the Railway Line and Workshops. The position selected seems to me to be most undesirable, and, if it is possible to get them demolished, it is I, think, very necessary that such should be done.

(True copy)

Yours faithfully

SIR,

I have the honor to forward herewith for your information copy of a letter from the Company's Locomotive Superintendent (with enclosure) and to request that you will be so good as to address the authorities concerned with a view to the plague sheds being removed to a less objectionable site.

The position chosen for the plague huts near the approach to the large and important Workshops at Perambur i likely in the event of plague breaking out to seriously interfere with the public interests, as should the huts be occupied by plague patients, the men engaged at the Shops will, it is thought, refuse to attend work.

I have the honor to be,
Sir,
Your most Obedient Servant.
