PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

Endorsement of the Plague Commissioner, Madras, Ref. on C. No. 835, dated 28th October 1898 on letter from the Surgeon-General, Madras, No. 424, dated 27th October 1898.

* Forwarded in original to J. with the Commr's endorsement thereon

O R D E R :—No. 1387, dated 17th November 1898.

Under the existing arrangements it is unlikely that any considerable number of native females of high caste will be treated in plague hospitals. Women of lower caste can be attended to by male doctors. In these circumstances, and looking to the great expense which the employment of female practitioners would involve, the Government is not prepared to accept the Surgeon-General's proposal.
