From

J. A. Cumming Esqre.,
Acting SubCollector of Coimbatore

To

The Collector of
Coimbatore

Sir,

Referring to your Refce. on 601 dated
15th November 1897, I have the honor to report
as follows: -

2. In Erode, it is found there are 576
qualified to vote. This is a large enough number
for dividing into wards. The Chairman proposed
4 wards, but as there is no particular reason
for this, the town may be divided into two, in
accordance with the recommendation of G. O. No.
188 m., dated 12th June 1885, and two members allotted
to each.

3. I enclose a map dividing the town
into two wards - the Fort and Agraharam - with
a statement of the boundaries proposed. I also
enclose information as to the number of
voters in each and the names of the chief
castes in each.

4. In Karur, there are only 360 voters,
and no less than 130 of these are collected in

in the bazaar street, 127 of whom are Konatis. There would be no great harm in allowing the election to be made by the whole town as the number of electors is not very large, but the Municipal Chairman desires to have 4 wards. There is no special reason for this, and if the ward system is to be introduced, the town may be divided into two wards - east and west - with two members each.

5. I enclose the necessary information regarding these two wards.

I have &c
(Signed) J. A. Cumming.
