Proceedings, No. 778, 23rd November 1898.

NOVEMBER.

Inoculation Certificates.

Stating that — should not be accepted unless they satisfy Government requirements, and requesting the Superintendent, Government Press, to print and issue certificates in the revised form.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

Read—the following papers:—

From the Hon'ble Lieut.-Col. Sir GEORGE MOORE, *Kt.*, C.I.E., President, Municipal Commission, Madras, to the Plague Commissioner, Madras, dated 22nd November 1898, G. No. 900.

I have the honour to bring to notice that many inoculation certificates are issued with no thumb marks, especially from Bangalore. This morning, out of ten inoculation certificates, there were seven without thumb marks, all from Bangalore.

Of course these are not accepted at Perambúr, and the holders made to take passports.

From the same Officer, dated 22nd November 1898, G. No. 906.

Abstract.—Bringing to notice another instance of an inoculation certificate without a thumb mark issued in Bangalore.

Proceedings—No. 778, dated 23rd November 1898.

The Municipal authorities are right in refusing to accept inoculation certificates which do not absolutely satisfy the Government requirements.

2. The forms of the inoculation certificates to be issued in this Presidency should be revised in accordance with G.O., No. 1423 P., dated 8th November 1898, and the privileges (*a*), (*b*) and (*c*) mentioned in the new regulation should be added to the note in the certificate. The Superintendent, Government Press, is requested to print and issue revised forms accordingly. A proof copy should be sent to the Plague Commissioner for approval.

Sir,

with reference to the enclosure, I beg to report as follows:—

when the Bangalore mail arrived yesterday morning, it happened that the compartment in which Captn. Smith of St. Thomas Mount was seated stood just opposite the place where I was standing, at once he beckoned me to him and said he was then freed from all the worry of taking passports as he got himself inoculated last time in Bangalore. Whereupon, I requested him to show me the certificate so that I may see whether it was in the prescribed form and act accordingly. He showed the certificate; and I informed him that, as it was not in the prescribed form and bore no thumbmark of his on it, I had orders to issue passports to such as have got such certificates. To this, he said: "As the thumb-mark is meant to identify the person and you know that I am the person mentioned in the certificate, I dont see why I should take a passport." Thereunto I answered that, as the Government has given

given one special form for the certificate which requires the thumb-mark and we had orders to issue passports to those that possess certificates without thumb-marks, it was my duty to give passports to him. Even then as he was not willing to take one, I informed the same to the Special Sanitary Inspector and we both went up to him. He also explained in his turn and requested him to take a passport at least for our sake. Whereupon he said he would do it under protest and I prepared one. When taken to him at the train for his signature, he asked which the one he gets was and which the one we retain. When informed, he asked what becomes of the retained duplicate as well as of the original he received, at the end. I answered that the duplicate will be sent to the local authority concerned, in that case to the Medical Officer of St. Thomas Mount, and that the original will be sent to the Tahsildar concerned and thence perhaps to the Collector of the district. Then he noted on the duplicate "I sign this under protest as I am inoculated" and signed. When handing over the original to him after my signing and noting that the certificate had no thumb-mark as usual, I showed him duplicates of two other passports issued to persons like him who had certificates without the thumbmarks, and here the matter came to an end.

I beg to remain,
Sir,
Your most obedient Servant,
K. Shiva Rao
