SIR

With reference to your Proceedings No. 204 dated 17th October 1898 I have the honor to forward herewith 10 printed copies of the list of plague Establishment entertained in this District as it stood on 1st Instant.

2. The delay in furnishing the list was caused by the fact that just when the list first prepared was about to be sent to the Press your Proceedings No. 382 dated 25th October 1898 was received. From this it appeared that the Police men employed on plague duty at the Quarantine Stations should also be included in the list though they were not specially enlisted for plague work. Information had therefore

to be called for about them and
this was received only on the
11th Instant.

Under the provision made in the Municipal Budget for 98-99 under epidemic charges, The Sanitary Inspector and the peon were entertained by the Chairman, Since the beginning of the year and were employed on plague duty at the Railway Station and in the Town. I have since ordered that the pay of the Sanitary Inspector should be debited to Conservancy establishment of the Municipality and an allowance of Rs 10 granted him on account of plague duty: This was done since 21st September 98

As the appointment of a matron especially for this purpose is costly the Municipal Council pays an allowance of Rs 10 to the Matron attached to the Municipal Hospital for this extra duty.
