To

The Plague Commissioner
Madras.

Sir,

I have the honor to inform you that the concession granted in G.O. No. 432, Marine, dated 27th May '98, on the representation of Messrs. Burnett and Son of Tellicherry, resulted last month in the importation of a case of plague into Calicut. The B.I.S.N. SS "Ellora" touched at Tellicherry on the 18th instant but was not medically inspected there because an inspection had already been made the same day at Cannanore. When she arrived at Calicut one of the crew was found to have the plague. It is quite possible that this case might have been detected at Tellicherry if the vessel had been inspected there.

2. It is a matter for your consideration whether, in view of these facts, the Government should be asked to withdraw the concession.
