Proceedings of the Plague Commissioner.

Read:-

Letter from the Sanitary Commissioner for Madras,,No.2782/S,dated Madras,20th November 1898.

"With reference to your Ref. On. C. No.1118,dated 8-11-98, I have the honour to report that the actual expenditure during the current year for anti-plague inoculation has been, according to the Accountant General, Rs.478-4-1. Having regard to the proposed extension of inoculation work so as to include Selected Civil Apothedaries and, holding in memory that the duty will be confined largely to districts now threatened by plague, I suggest that a sum of Rs.2500 should be provided. This I would devote under the following heads:-

Purchase of syringes.....Rs.1800.

Purchase of spare needles & barrels,, 300.
to supply breakages & damages.

Supply of accessory apparatus to
be included in outfits for ,, 400.
inoculation purposes.

2. I do not think it necessary to provide any sum for the cost of anti-plague serum, as the Government of India now proposes forming its central laboratory at Bombay, and, so far as Mons. Haffkine's information goes, the Government of India will make no charge for the supply."

Order No. 791 dated 24-11-98

Forwarded to the Financial Department with the request that a sum of Rs.2,500 may be provided for in the Plague Budget of the current year, and that the provision for the purchase of serum may be omitted,

(signed) M. Hammick

Plague Commissioner.

Memo

urgently after consultation if necessary
with the S. G. & A. G.

The Sanitary Comr. is requested
to report ^{after the close} the actual expenditure
incurred during the current year
on inoculation syringes, and to
submit an estimate of the probable
expenditure under this head for
the unexpired portion of the year.
He is also requested to state whether
any provision is required for the
purchase of the plague prophylactic.
It is believed it is supplied free
at present.

H. J. G.

To The Sanitary Comr.

note This information is required
for the Plague Estimates.
