Sir,

With reference to the suggestions of the Sanitary Commissioners contained in his letter no. 414, dated 24th February 1898, referred to this Council in order no. 548 M. M. 8/10-3-98, for careful consideration and early report, I have the honour to submit that, at its meeting held on the 21st instant, the Council resolved that the number of scavengers now employed (11) is sufficient for the present - wants & that when the system of Private scavenging is extended more hands may be necessary & that as for the proposed horse allowance to the Sanitary Inspector, the town being a small one there is no real necessity for him to have a horse & no allotment need therefore be made for the purpose.

2. I request that Government may be pleased to approve of the resolution - a copy of which is herein enclosed.

I have the honour to be,
Sir,
