Through the Collector of Tanjore

Sir,

I have the honour to submit
for the orders of Government copies of
Correspondence between this office and
the Treasury Deputy Collector of Tanjore
on the subject of refunding the fines
realized under sections 3 to 5 of the
Town Nuisances Act III of 1889. In
pursuance of G.O. No 1460 m 2-9-96 approving
the arrangements proposed by the
Accountant General to recover from
Municipalities the establishment charges
of the Bench of Magistrates, the Treasury
Deputy Collector of Tanjore under

instructions from the Accountant General requested me (his letter no 4242
16.1.97 Encl A) to permit into the local treasury the fines realized from April 96 to 20th November 1896 viz Rs 888.8.3 and credited to the Municipal funds from time to time. In reply I wrote to say that the G.O. does not appear to have retrospective effect, that the fines realized and credited to Provincial funds from & after the date of the Government order will more than cover the local Bench Magistrates' Establishment charges, that if there should be any deficit the same will be permitted forthwith, and that in case of his not agreeing with me a reference might be made to the higher authorities. A reference was accordingly made by him to the Accountant General who in his proceedings dated 23rd March 1897 (Encl C.) says that to secure a uniformity of procedure in the

matter of adjusting the charges the whole of the fines realized from April 96 to March 1897 should be transferred to the credit of Government Treasury.

Under this arrangement the budget allotments are disturbed, no provision being made in the budget and great inconvenience is felt in refunding a large sum as 888 and odd at the close of the year. The working balance of the current official year will be very much reduced in consequence. The Bench fines under sections 3 to 5 of the Town nuisances Act credited to Provincial funds from November 96 to March 1897 will probably amount to Rs 350 whereas the Establishment charges to be recovered are not likely to exceed Rs 200. If the Council had known that this demand would be made when it framed its budget for the current official year, it would have made the

necessary provision in it. I beg
therefore to request that Government
will be pleased to direct that the
refund of fines Rs 888-8-3 may
not be insisted on, the necessary
adjustments being made out of the
fines already credited to Provincial
funds from November 1896 to 31st
March 1897.

I have the honor to be

OFFICE OF THE MUNICIPAL COUNCIL.

From

To

The Secretary to the Government of Fort Saint George,

Madras,

Local and Municipal Department,

Through the Head Assistant Collector and the Collector of Tanjore.

SIR,

I am in reply to S. O. No 2272 dated
18th October 1897 reviewing the Administration
report of this Municipality for 1896-97. I
have the honor to report as follows
on the various points referred to therein,
Para 3 (3) of the S. O.

A Copy of the Communication referred
to therein is enclosed. The reference
is no longer necessary as the question
has already been disposed of.

Para 4 (1) of the S. O. A Copy of the
estimate for the water supply scheme
of this Municipality has been
obtained and is pending disposal
by

by the Council. The Council's resolution on the Subject will be submitted to Government for orders as soon as it is disposed of by it.

The Nagore road is maintained in good order. The Head Assistant Collector in his remarks seems apparently to refer to the unmetalled portion at the extreme sides of the metalled road.

Para 4 (2) of the S. O. — A Sessional School has again been opened in view to train the untrained teachers.

The suggestion to withhold grants in whole or part to Schools taught by untrained teachers will be considered when C. Memoranda are received for payment.

Para 4 (3) of the S. O. — Regarding the Civil Surgeon's suggestions to appoint an Apothecary and an Eurasian nurse to the hospital I beg to state that the question

was discussed by the Council at its budget meeting of the 18th December last. The Council is precluded from entertaining the proposals on financial grounds.

Para 4 (4) of the S. O. — The apparent discrepancy in the number of Children^{ed.} Vaccinated under one year of age being more than the average number of births registered is explained by the fact that there is a large floating population of whom several children are vaccinated.

Para 4 (5) of the S. O. — The Council has fully discussed the difficulties attending the departmental management of the Conservancy Carts and bullocks before giving them on Contract. In the long run the departmental working is found to be most unprofitable not to speak of the trouble and inconvenience involved in the feeding of the bullocks.

2. Para 3(3) of the G.O. The Communi-
cation, copy of which is now submitted,
not having passed through this office,
reference had to be made to the Chair-
man and to the Treasury Deputy
Collector, Tanjore to ascertain how the
question was disposed of. The Accountant
General (to whom the Treasury De-
puty Collector forwarded a copy of the
communication under reference sent to
him direct by the Chairman) did not
insist upon the refund of the sum of
Rs 888. 8-3. probably because the sub-
sequent collections were, as submitted
by the Chairman, more than sufficient
to cover the cost of the establishment
of the Bench Court. Particulars of
this adjustment are noted in the
