ENCLOSURES.

Collector's Office,

Dated 19th November 1898.

Camp Kadai.

FROM

H. S. Harding Esquire,
Ag. Collector of

Cuddalore.

TO

THE

Plague Commission,
Madras.

SIR,

I have the honour to report that, hearing from the medical officer deputed to Amadapur frontier station that he only lived there on sufferance, could not ^{do any} work, and would be, perhaps, killed, if he tried to do any, I yesterday visited Amadapur. I find the country is all open, and there are various ways in from Mysore. The construction of sheds in one route with only send people in by another. There are no roads, but only hand tracks

across fields. A frontier station there
cannot fulfil its purpose, and is
useless. I found the people strongly
opposed to sheds. They say sheds
will bring plague and also are very
much afraid that if sheds are
erected, any person who has any
ailment will be carried off there
and killed. Further, the Hospital
Assistant deputised for duty there
is a Malayali who does not know
a word of Telugu, and therefore even
if the station were useful, he
would be useless. Under these
circumstances, I have abolished
the station, and ordered the Hos-
pital Assistant to return to
his ordinary duties. The people every-
where are alive to the importance of
keeping strangers at a distance,
and a system of Kudikanal is
far more satisfactory than a

frontier station which is of little
use and creates much fear.
I have the honour to request your
approval of my action.

I have the honour to be,
Sir,

Your most obed^t servant,

Asst. Surgeon
A. S. S. S.
