SUBJECT.

Submitting draft notification for the acquisition of land required by the Madras Municipality for laying water pipes in Purohita

Note for order
In view of the occupier's objection should the land be acquired? It will ruin his compound. It is submitted that it would be much better to pay him compensation and get permission to lay the pipes and have access to them to repair when necessary rather than buy the land. The Dy Commr's letter does not make it clear whether the pipes have already been laid, as suggested by the occupier, or not.

The collector of Madras with six enclosures referred to the Madras

Gazette. It is a matter for the discretion of the Municipality. I agree it will ruin the compound; nor can I agree it will ruin the compound; all owners say so.
