To the Health Officer, Madras.

I have the honour to bring to your notice that the marginally noted passengers who arrived here last Thursday the 7th Instant, by the S. S. Golconda, from Calcutta, were warned to report themselves for inspection at this Dispensary every morning between 7 and 10 A.M. for the following five days but have not done so, some, both yesterday and today and others only today.

Copy of letter from the Port Health Officer to the
Municipal Commission, Madras, to the Port Surgeon
the Pres.
with reference to letter no. 124 dated 8th July 1898, I
have the honour to state that only 4 out of the 15 persons
reported upon have been discovered.

As surveillance seems to be ineffective I would suggest
that passengers disembarking from healthy ships should be
placed under observation.

From the letter under reply it would appear that these
passengers disembarked on the 7th instant, failed to report
themselves as directed on the 8th instant, but their failure
was not reported until the 9th. This should be explained.
Had they been reported after 10 A.M. on the 8th they might
have been discovered.

Copy of letter from the Port Health Officer to the
Municipal President and Sanitary Authority, Madras, no. 120, d/
14th July 1898:-

- with reference to your office H.No. 142/L.P.,
- of 11th instant, I have the honour to state that I have no ob-
jection to the suggestion contained therein being followed.
Will you kindly arrange for the observation being carried out
 - the next steamer expected from Calcutta, likely to carry
deck passengers, is the Goorkha expected on the 15th instant.
 - I do not think it necessary, at present, to place Europeans
under observation.
 - It is regretted that the absentee passengers were not re-
ported on the 8th instant but it was expected they would re-
port themselves during the day. In future not later than 10
A.M. will be the hour at which passengers under surveillance
must report.
H.O. the nearest place will be Kayapuram Segregation shed
