ORDER. No. 84 P. mis. d^y 24. 2. 98

The following telegram will be despatched to Surgeon Major W.B. Bannerman:—

Visit some (of the) districts where plague is worst and is being most successfully dealt with and observe all arrangements as to methods of establishing not only plague hospitals, but segregation and health camps; their cost; (the) accommodation afforded; (the) arrangements; establishment employment, nature, strength and cost and to what extent drawn from existing revenue or other establishments; in fact all these particulars, which appertain to (the) general administrative duties of the campaign against

22-2-98
Yes - let him be recalled -
but let him first go round

Visit
 Some of the districts in which plague
 is the worst is being most successfully
 dealt with & observe all arrangements
 as to methods of establishing not only plague
 hospitals, but segregation & health camps;
 their cost; the accommodation afforded;
 the bazaar arrangements; establishment
 employed, nature, strength & cost and
 to what extent drawn from existing revenue
 or other establishments; — in fact
 all those particulars which appertain
 to the general administrative duties
 of the campaign against plague, rather
 than to its medical aspect. These
 general duties will be of great importance
 if plague comes & I am afraid that
 Dr B. may not have devoted suff-
 attention to them. They would probably advise
 not seem to him as important as
 medical questions, though really
 they are so. —

As

Enclosure No. 1 to Letter No. 189/24-2-98

750-1-4-97.

No. 295
 S

OFFICE OF SANITARY COMMISSIONER,
 Bombay, 17th/24th/8th. February, 1898.

From

SURGEON MAJOR W. B. BANNERMAN, M.D., B.Sc.,

INSPECTOR OF VACCINATION

AND DEPUTY SANITARY COMMISSIONER FOR MADRAS,

To

THE Secretary to the Surgeon-General,

With the Government of Madras,

Nungambakam, M A D R A S.

Through, The Sanitary Commissioner for Madras.

Enclosure.

SIR,

With reference to your Reference No. 33/1, of 20th. Janu-
 ary last forwarding copy of Proceedings of the Madras Govern-
 ment, Local and Municipal Department, No. 78 M. Mis., dated
 the 14th. January 1898, I have the honour to report as follows.

2. With regard to the preparation of Dr. Haffkine's pro-
 phylactic, I may say that I am well acquainted with the
 process, in fact, the material now being used in Bombay has
 been made entirely by my own hands, and mostly during the
 absence of Dr. Haffkine from the Presidency.

3. As already reported in my telegram to the Secretary to
 Government, Local & Municipal Department, I have made myself
 acquainted, as far as the pressing work in the laboratory,
 coupled with the ordinary correspondence of my office would
 permit, with all departments of "the general conduct of
 plague affairs, such as the organisation of hospitals and
 the conduct of house searches and quarantine and segrega-
 tion camp arrangements in towns and villages." As these
 arrangements are being constantly changed however as exper-
 ience is gained, I will make it my business to go round
 from time to time to note such as seem beneficial.

4. With a view to the above I propose to accompany Dr.
 Haffkine to Baroda tomorrow, and to note the plans he may

Dr. Haffkine

work out for the suppression of the epidemic of plague now raging there. I may mention that Dr. Haffkine has been specially deputed by the Government of India to Baroda and has been given full scope to carry out his special measures there. It will therefore be of extreme interest to note the actual effects of his experiment on the spot.

I have the honour to be,

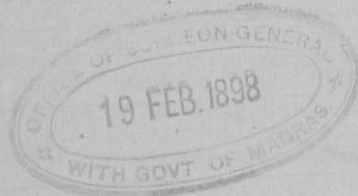

Sir,

Your most obedient servant,

M. Bannerman M.D.
Surgeon-Major, I.M.S.

Inspector of Vaccination & Dy. Sanitary Comr.

On special Plague Duty, Bombay.
