NOTE FOR THE

Letter No 888 29-12-88

To

The President M. C. Madras

Sir

I am forwarding herewith the annexed cuttings from the 'Hindu' I have the honour to state that the admission of Annakanna Ammal in the Egmore Hospital was not reported in the daily statement. It is presumed however that the case was treated only as 'suspicious' and no report was therefore thought necessary. I beg to request that in future such cases may also be included in the daily return with a note showing their nature. I have to invite your attention ~~and~~ to

the reports were received from your Health Dept from 26th Nov. to 4th Dec. inclusive.

If the Hindu is correct,

this is the practice in the District

2 the reports sent into your letter no 999 26/11 relate to students who occurred - 10th 40th Nov.

para 2 of G.O. No 829 Pdt 178-98

and to my letter Ref on C No 1164 dated 15th Nov. 98

The daily statement does not give all the information mentioned in the G.O. and it should not therefore replace the much fuller report required in the G.O. of August last. Some reports have been received direct from the medical officers in charge of the plague hospitals. But they are not quite complete, and it is desirable that as these officers work under you, it will be desirable to have a consolidated report should be sent to you for submission to Government. I may add that a periodical report on all plague cases, to be sent to the Govt of India. The report sent in the 1st of your letter No 244 dtd 12/11/98 relative to a case which occurred on the 10th 11/98. I am sorry that such reports unless sent promptly will be of very little use.

3. Two reports, one from the No in charge of the Eguore Hospital and

and to request that the detailed report may be sent to me as soon as possible in the form appended to my No 845 dtd 12/11/98 in addition to the present daily statement.

Deliver reports for agency for in the preparation of the periodical report which is sent to the Govt of India.

that as these officers work under you, it will be desirable to have a consolidated report should be sent to you for submission to Government. I may add that a periodical report on all plague cases, to be sent to the Govt of India. The report sent in the 1st of your letter No 244 dtd 12/11/98 relative to a case which occurred on the 10th 11/98. I am sorry that such reports unless sent promptly will be of very little use.
