For example if in say the C ward of Tellicherry Municipality, there are vacancies and all the 3 seats are contested for and won by candidates from the A ward, or even by persons who are residents outside the Municipality (this is permissible under the Amended Act) what would be the result? Three persons who are non-residents of the C ward with no interest or any qualification whatever therein, would be representing it. Govt: will

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

ORDER—No. 883 M., dated 7th May 1898.

Various modifications having been, from time to time, made in the rules for the election of municipal councillors since their promulgation in 1890, and several other alterations having been found to be necessary in order to remedy certain practical defects in them and to bring them into accord with the provisions of the District Municipalities Act IV of 1884, as amended by Act III of 1897, His Excellency the Governor in Council considers that a general revision of these rules is now called for. He accordingly resolves to publish a draft of the revised rules for general information and criticism. 9. Subject to any correction subsequently ordered by the Collector of the district under Rule 10, the orders passed by the Chairman under Rule 8 shall be final.

10. The Collector of the district may, at any time not later than the 20th day of December next ensuing, for reasons which he shall record in writing, direct the Chairman of the Municipal Council to insert in, or remove from, the list of electors and of persons qualified to be elected for any ward the name of any person, upon which the Chairman shall at once give notice to the persons affected and shall correct the list or lists accordingly.

11. 13. Elections shall be held as vacancies in elective seats occur, the choice of the particular ward where they should begin being left to the Collector in case the vacancy does not occur in any particular ward.

14. The day on which, the hours during which, and the places where, votes shall be taken shall be decided upon by the Chairman; but no election shall be held on Sundays or gazetted holidays. Such notice shall be affixed in a conspicuous position at not less than three different places in each of the wards for which the election is to be held.

17. The Chairman of the Municipal Council shall, at least a fortnight before the election is held, publish, by a notice hung up in the Municipal office and in conspicuous places in the ward or wards for which election or elections are to be held, a list of such nominations as appear to him valid, in the following form:—

Name.	Description.	Abode.	Ward for which nominated.

18. The Chairman shall attend at the Municipal office on the third day after the day upon which the list of candidates nominated has been published, in order to hear any objections which may be made to that list. Such objections may be put forward by any registered voter in writing. The Chairman shall give his decision on every such objection in writing, which decision

shall be final, unless, within one week of his giving the same, a petition for revision be p before the Collector. In such case the Collector's decision shall be final. In case the obj is allowed, the decision of the Chairman shall be communicated to the candidate affected thereby. If the decision of the Chairman or the Collector under this rule is for any reason not passed in time to permit of the inclusion of the candidate's name in the schedule of valid nominations referred to in Rule 19, the election shall be postponed for such period as may be necessary for its inclusion.

19. Three days before the election, the Chairman shall prepare a schedule of valid nominations of candidates for election in each ward, and publish the same by affixing one copy to the Municipal office and one copy in a conspicuous position in the ward.

20. (*a*) If the number of valid nominations exceeds that of the vacancies, a poll shall be taken of the ward on the day of the election in the manner hereinafter provided.

(*b*) If the number of valid nominations is the same as or less than that of the vacancies, the person or persons nominated shall be deemed to have been elected.

21. Any candidate whose name is included in the list of valid nominations published under Rule 19 may withdraw at any time before the close of the poll by a written and signed paper, which shall be presented to the Chairman if the poll has not commenced, or to the polling officer if it has. In such case Rule 20 shall apply as regards the remaining nominations. The Chairman shall remove such candidate's name from the list of candidates in recording the result of the election under Rule 29.

22. In the case of a poll at an election, the Chairman shall appoint two members of the council who are neither councillors for the ward of which the poll is to be taken, nor registered voters in it—one to be identifying officer and the other polling officer at the time of the election. The identifying officer shall remain outside the booth, identify electors as they arrive, and send into the polling booth, one by one, those of them who are satisfactorily identified, with a ticket inscribed with their name and number to be delivered to the polling officer, who shall record their votes. It shall be the duty of the polling officer to see that the votes are recorded with absolute secrecy, that only electors are admitted to the polling booth, and that persons who have recorded their votes leave immediately.

23. The votes shall be given by ballot.

24. The ballot of each elector shall consist of an envelope supplied at the polling office, on the face of which the number of vacancies to be filled and the names of the candidates for election whose nominations have been included in the nomination schedule for his ward under Rule 19 shall be printed or legibly written. The elector shall write his name and number inside the envelope and hand it over to the polling officer, who shall, after seeing that the name and number of the elector are legibly entered, close the envelope, seal it or write his name across the flap and give it to the elector. In the case of illiterate electors, the polling officer shall enter their name and number inside the envelope.

25. The elector shall then go into a private cubicle, which should be provided within the polling booth, score out the name or names of the candidates for whom he does not vote, retaining the name or names of the candidates, not exceeding the number of persons to be elected, for whom he votes, and himself put the envelope into the ballot box which shall be so constructed that the ballot paper can be introduced but not extracted without the box being unlocked. The ballot boxes shall be securely sealed and certified by the Chairman of the Council, in writing, to be empty before being entrusted to the polling officer. The envelopes may be opened only by the Collector in case of necessity.

26. Any ballot paper which is not signed or sealed in the way required by Rule 24, or on which the names of more candidates are retained than there are persons to be elected, shall be invalid.

27. When a person presents himself to vote, the polling officer shall satisfy himself that he has a right to vote in the ward in question, and has not already voted.

28. At the close of the poll, the polling officer, in the presence of such of the candidates or their agents as may be present, shall sign the following certificate:—

"Certified that the election for the ward was held this day of at in my presence and was conducted in accordance with the rules."

Such publication shall be made by fixing a copy of the lists in conspicuous positions in the town and in or near the Municipal office and the lists shall continue so affixed for one month.

7. Any person qualified to vote or to be elected, whose name is omitted from the list, may apply in writing to the Chairman of the Council on or before the 1st November next ensuing to enter his name therein, and any person objecting to the entry of any name in the list may, within the same period, lodge an objection thereto in writing with the Chairman who shall pass orders on such claim or objection on or before the 20th idem.

8. Subject to any correction subsequently ordered by the Collector of the district under Rule 9, the orders passed by the Chairman under Rule 7 shall be final.

9. The Collector of the district may, at any time not later than the 20th day of December next ensuing, for reasons which he shall record in writing, direct the Chairman of the Municipal Council to insert in, or remove from, the list of electors and of persons qualified to be elected the name of any person, upon which the Chairman shall at once give notice to the persons affected and shall correct the list or lists accordingly.

10. The list of electors and of persons qualified to be elected shall thereupon be held to be completed and shall come into operation from the 1st day of January next ensuing, and shall continue in operation for twelve months. If on the occurrence of any vacancy among the elected members of the council no valid lists are in existence, such vacancy shall be filled up by Government by nomination.

11. No election shall be held to be invalid merely because of an irregularity in the preparation or publication of the lists of voters and of persons qualified to be elected or either of them, unless the irregularity is, in the opinion of His Excellency the Governor in Council, such as to affect materially the accuracy of such lists or list, in which case all vacancies occurring among the elected councillors before fresh lists have been correctly and regularly prepared in accordance with these rules shall be filled up by Government by nomination.

12. Elections shall be held as vacancies in elective seats occur.

13. The day on which, the hours during which, and the places where, votes shall be taken shall be decided upon by the Chairman; but no election shall be held on Sundays or gazetted holidays. The day of election shall not be deferred for more than two months from the date of the vacancy without the special sanction of Government.

NOTE.—A gazetted holiday means a day which has been notified as a holiday in the *Fort St. George Gazette* or in the official gazette of the district in which the municipality is situated.

14. Thirty days before the day fixed by him for the election, the Chairman shall prepare and sign a notice thereof, stating the number of persons to be elected, the day on which, the hours during which, and the places where, if there be a poll, the votes of the electors will be taken, the date within which nominations must be submitted and the person by whom the nominations will be received. Such notice shall be affixed in conspicuous positions at not less than six different places in the town.

15. Every candidate shall be nominated by at least two electors, in the following form, at least sixteen days before the date of the election:—

Municipality of————

ELECTION for the town of to be held on day of

We, the undersigned, nominate the undermentioned as candidate at the ensuing election:—

Name.	Description.	Abode.	Occupation.

Date (Signed)

No elector shall nominate more candidates than there are vacancies.

Nominations in the foregoing form may be sent to the Chairman or delivered at the Municipal office.

If no nominations are received within the prescribed date, the vacancy or vacancies shall be filled up by Government by nomination.

16. The Chairman of the Municipal Council shall, at least a fortnight before the election is held, publish, by a notice hung up in the Municipal office and in conspicuous places in the town, a list of such nominations as appear to him valid, in the following form:—

	Name.	Description.	Abode.	

17. The Chairman shall attend at the Municipal office on the third day after the day upon which the list of candidates nominated has been published, in order to hear any objections which may be made to that list. Such objections may be put forward by any registered voter in writing. The Chairman shall give his decision on every such objection in writing, which decision shall be final, unless, within one week of his giving the same, a petition for revision be put in before the Collector. In such case, the Collector's decision shall be final. In case the objection is allowed, the decision of the Chairman shall be communicated to the candidate affected thereby. If the decision of the Chairman or the Collector under this rule is for any reason not passed in time to permit of the inclusion of the candidate's name in the schedule of valid nominations referred to in Rule 18, the election shall be postponed for such period as may be necessary for its inclusion.

18. Three days before the election, the Chairman shall prepare a schedule of valid nominations of candidates for election in the town, and publish the same by affixing one copy to the Municipal office and copies in conspicuous positions in the town.

19. (*a*) If the number of valid nominations exceeds that of the vacancies, a poll shall be taken on the day of the election in the manner hereinafter provided.

(*b*) If the number of valid nominations is the same as or less than that of the vacancies, the person or persons nominated shall be deemed to have been elected.

20. Any candidate whose name is included in the list of valid nominations published under Rule 18 may withdraw at any time before the close of the poll by a written and signed paper which shall be presented to the Chairman, if the poll has not commenced, or to the polling officer if it has. In such case Rule 19 shall apply, as regards the remaining nominations. The Chairman shall remove such candidate's name from the list of candidates in recording the result of the election under Rule 28.

21. In the case of a poll at an election, the Chairman shall appoint two members of the Council—one to be identifying officer and the other polling officer at the time of the election. The identifying officer shall remain outside the booth, identify electors as they arrive, and send into the polling booth, one by one, those of them who are satisfactorily identified, with a ticket inscribed with their name and number to be delivered to the polling officer, who shall record their votes. It shall be the duty of the polling officer to see that the votes are recorded with absolute secrecy, that only electors are admitted to the polling booth, and that persons who have recorded their votes leave immediately.

22. The votes shall be given by ballot.

23. The ballot of each elector shall consist of an envelope supplied at the polling office, on the face of which the number of vacancies to be filled and the names of the candidates for election whose nominations have been included in the nomination schedule under Rule 18 shall be printed or legibly written. The elector shall write his name and number inside the envelope and hand it over to the polling officer, who shall, after seeing that the name and number of the elector are legibly entered, close the envelope, seal it or write his name across the flap and give it to the elector. In the case of illiterate electors, the polling officer shall enter their name and number inside the envelope.

24. The elector shall then go into a private cubicle, which should be provided within the polling booth, score out the name or names of the candidates for whom he does not vote, retaining the name or names of the candidates not exceeding the number of persons to be elected for whom he votes, and himself put the envelope into the ballot box, which shall be so constructed that the ballot paper can be introduced but not extracted without the box being unlocked. The ballot boxes shall be securely sealed, and certified by the Chairman of the Council, in writing, to be empty before being entrusted to the polling officer. The envelopes may be opened only by the Collector in case of necessity.

25. Any ballot paper which is not signed or sealed in the way required by Rule 23, or on which the names of more candidates are retained than there are persons to be elected, shall be invalid.

26. When a person presents himself to vote, the polling officer shall satisfy himself that he has a right to vote and has not already voted.

27. At the close of the poll, the polling officer, in the presence of such of the candidates or their agents as may be present, shall sign the following certificate :—

"Certified that the election for the town of was held this day of at in my presence, and was conducted in accordance with the rules."

and securely seal and personally deliver the ballot box to the Chairman of the Council at the Municipal office.

28. On receipt of the ballot box from the polling officer, the Chairman of the Municipal Council shall, in the presence of two councillors, open the ballot box and count the votes, and shall record the result under his signature, witnessed by the signatures of the two municipal councillors present. The ballot papers shall then be forwarded to the Collector and sealed up by him under his seal, and may not again be opened except under his orders and in his presence. These papers may be destroyed six months after the date of the election, provided the inquiry (if any) into the validity of the election has by that time been concluded and final orders passed.

29. A candidate who has been duly elected may withdraw (in writing to the Chairman) before his appointment is gazetted under Rule 31. In such cases the candidate who has obtained the next highest number of votes shall, subject to the provisions of Rule 30, be deemed to have been elected.

30. In cases where there may have been an equality of votes for any two or more candidates, the Chairman shall cast lots as to who shall fill the vacancy.

31. Upon the expiration of the period mentioned in Rule 32, if there have been no objections raised under Rule 33, the names of the candidates duly elected shall be forwarded to Government for publication in the *Fort St. George Gazette*, and until such publication, the candidates shall not enter on their functions as municipal councillors.

32. The validity of any election may be questioned by a petition put in before the Collector by any candidate for election, or by at least ten electors, within fifteen days after the day on which the election was held.

33. The Collector shall then proceed to inquire, either personally or by the Divisional-officer in charge of the division in which the municipality is situated, into the validity of the election held, which may only be questioned on the ground—

(*a*) that fraud, intimidation or bribery was practised at such election and materially affected the result of such election;
(*b*) that the person whose election is questioned was, at the time the election was held, not qualified as a candidate;
(*c*) that he was not duly elected by a majority of votes;
(*d*) that such an irregularity occurred in the preparation of the lists of voters and of persons qualified to be elected or either of them, as to affect materially the accuracy of such lists or list.

34. At the conclusion of the inquiry, the Collector shall pass such orders on the matter as he thinks fit, and report his decision to Government. All orders passed by the Collector under this rule in the case of petitions under Rule 33 (*a*), (*b*) and (*c*) shall be final. In the case of petitions under Rule 33 (*d*), the Government will itself pass orders.

35. The Government reserves to itself the right to interpret these rules.

2. The Superintendent, Government Press, will print the required number of copies of this notification in English and supply them to Collectors for publication in the District Gazettes.

FOR ORDERS.

Vide the note for orders flagged B.

In September 1894, it was proposed to make certain amendments in the rules for the conduct of elections in municipalities published under G.O., No. 1876 M., dated 8th December 1890, and the necessary draft order was accordingly submitted for approval. The Government approved the draft, but the Honourable Sir Henry Bliss directed that copies of the draft revised rules should be forwarded to the Legislative Department in order that the Select Committee on the Bill to amend Act IV of 1884 might consider them before they were published for criticism. Copies of the rules, as revised with reference to the amendments then proposed, were accordingly forwarded to the Legislative Department on the 20th December 1894. The Select Committee sent in its report on the Bill in March 1895, but as it appeared from this report and from the notes of Mr. Butterworth, then Secretary to the Legislative Council, that the rules above referred to were not considered by the Select Committee, the papers relating to the amendment of the Election Rules were re-submitted to the Honourable Sir Henry Bliss, in July 1895, for orders as to whether the rules might be brought in accordance with the Bill, as it then stood, and issued for criticism, or whether they should wait until the Bill became law. On this the Honourable Member observed as follows :—

Vide the notes flagged F.

"I think the rules had better be brought, as far as possible, into accordance with the *Bill* and then be published in the usual way for criticism. That is, unless the Chief Secretary has anything to say to the contrary."

The Chief Secretary (Honourable Mr. Price) was however of opinion that this matter might stand over until the *Bill* was passed. The Bill having been lately passed into law, the question of amending the Election Rules has now to be considered.

2. The amendments in the rules, which were proposed in 1894 and approved by Government, are contained in the draft Government Order put up. The rules as revised, with reference to these amendments, will be found in the second column of the annexed proof,* in which the amendments are printed in *italics*. Some further alterations in the rules have been rendered

* Marked A.

necessary by the amendment of the Act, and subsequent experience has shown that a few others are also required. These will be dealt with below.

3. *Rule 3.*—Clause (*b*) of this rule says that "all persons paying a profession-tax of Rs. 3 per annum and upwards" shall be entitled to have their names registered as voters. The limit of Rs. 3 was apparently fixed with reference to the Schedule A appended to Act IV of 1884, in which a tax of Rs. 3 was prescribed in the case of persons falling under class VI. This class comprised "every person holding any office or appointment, public or private, or employed in any capacity, whose pay or salary amounts to Rs. 100 per month and is less than Rs. 200 per month" and also persons carrying on certain trades therein specified who were not assessed under any other class. In the Schedule A, as modified by Act III of 1897, however, there is no class which is assessed to a tax of Rs. 3 per annum, the taxes being fixed at Re. 1, Rs. 2, Rs. 4, Rs. 8 and so on. The class of the amended schedule which corresponds to class VI of the old schedule is class VII, but on this a tax of Rs. 4 per annum is to be levied. Clause (*b*) of Rule 3 has therefore to be amended so as to bring it into accord with the provisions of the Act— specifying namely Rs. 4

Vide G.O., No. 1838 M., dated 21st August 1897. I.

The Municipal Council of Calicut suggests that, as under the existing rule, persons receiving a salary of Rs. 30 per mensem [clause (*e*)] and all persons paying income-tax [clause (*c*)] are entitled to be registered as voters, all persons paying a profession-tax of Re. 1 should also be declared to be entitled to vote. Persons paying a profession-tax of Re. 1 per annum will fall under the last class of the amended Schedule A, which includes "every person described in class I, whose pay, salary or pension amounts, or whose income is estimated to amount, to Rs. 30 a month or upwards." If a person drawing *a salary* of Rs. 30 per mensem is entitled to be registered as a voter, there seems to be no reason why a person deriving the same income from any trade or profession, should not have the same privilege. It is, therefore, submitted that clause (*b*) of Rule 3 may be altered into "all persons paying profession-tax." If this proposal, which will have the effect of extending the franchise to a larger section of the rate-payers is accepted, clause (*e*) may be omitted, as the class of persons therein referred to will be covered by clause (*b*),

No — Retain clause (c) and restrict the profession tax vote to persons who pay Rs 4, as shown.

and the present clauses (*f*) and (*g*) may be altered into clauses (*e*) and (*f*), respectively.

4. *Rule 5.*—(i) The proviso to this rule says that "no person shall be eligible for election unless he has been resident in the town for at least six months immediately preceding the publication of the list of candidates, &c." Under clause (*c*) of sub-section (1) of section 10-A, however, a person will be qualified for appointment as councillor whether "he is resident within the municipality or within two miles of the limits thereof." The word appointment occurring in this section evidently includes appointment by election also. Cf. section 10. In order, therefore, to bring this rule into accord with the Act, it is submitted, that the words "or within two miles of the limits thereof" may be inserted between "town" and "for" in the proviso to this rule.

(ii) Again under this rule, as it now stands, it may be possible for all the members of an undivided Hindu family or of a company to stand for election. The note to Rule 3 prescribes the manner in which the votes of companies, associations, &c., shall be given, but this note does not provide for a case of an undivided Hindu family, while there is no provision in Rule 5 on any of these points. Section 7 of the City of Madras Municipal Act I of 1884, as amended by Act VII of 1884 and Act II of 1892, provides that "when an undivided Hindu family or a company has fulfilled the conditions prescribed in clause (*e*) of this section,* only one member thereof shall be eligible as representing such family or company to be elected a commissioner." In the Bill to amend Act IV of 1884, a provision like this was proposed by the Select Committee in sub-section (2) of section 10-A, which ran as follows:—

* Section 7 of the City Municipal Act.

Vide section 9 of the Bill. G.

"(2) No person is qualified to be appointed a municipal councillor if any of his *relatives* or servants or any person in whose service he is employed is a member of the municipal council." On this sub-section the Select Committee reported as hereunder:—

Vide portion marked on page 2 of its report. H.

"10-A. * * Sub-section (2) of the new section will be noted. An analogous provision appears in the last sentence of section 7 of the

Vide page 2 of the Select Committee's report on the Bill to amend Act IV of 1884.

Vide portion marked on page 109 of the printed proceedings. J.

City Act. The object of the sub is to prevent the formation of cliques and the necessity for som provision has been urged in seve the papers before us." The "relatives" occurring in this sub-se however, was omitted by the Legisl Council at its meeting held on the March 1896, but the reasons for omitt it are not apparent. A provision simi to that contained in the last sentence section 7 of the City Municipal Act above quoted however seems desirable, and it is therefore submitted that a note to this effect may be added to Rule 5.

If this proposal is approved, the following alterations may be made in the note to rule 3 :—

(i) At the end of the first sentence, add the words "and all undivided Hindu families."

(ii) In the second sentence insert the words "or families" after "companies," the word "member" after "partner" and the words "or family" after "company."

5. *Rule 6.*—(i) This rule specifies the disqualifications for election as a municipal councillor. Section 10-A of Act IV of 1884, as amended by Act III of 1897, also contains some disqualifications, and in proposing this provision, the Select Committee on the Bill to amend Act IV of 1884 reported as follows :—

Vide portion marked on page 2 of the report. H.

"We think it advisable to insert in the Act itself certain of the conditions which disqualify for election. The new section is based on the City Act and on the rules relating to elections which have been framed by Government * * *". Some of the provisions of this new section, such, for instance, as those contained in clauses (*a*), (*b*) and (*c*) already find a place in these rules, clauses (*e*) and (*g*) are not fully covered by the corresponding provisions in the rules, and there is no provision in the rules similar to clauses (*d*) and (*f*). It is therefore submitted that the words "In addition to those mentioned in sub-section (1) of section 10-A of the Madras District Municipalities Act IV of 1884, as amended by Act III of 1897," may be inserted at the beginning of Rule 6. If, however, it is considered desirable to make the rules complete in themselves by incorporating such of the provisions of the Act as are not contained in them, the necessary amendments will be made.

For clause (*c*), *vide* the proviso to rule 5 as amended.

(i.) The wording of this rule appears also to be defective, for it is not clear when the disability specified in the rule should exist in order to disqualify a person for election. It may so happen that a person is qualified for election at the time of his nomination under Rule 18, but may become disqualified on the date of the election and there may be other instances in which a person becomes disqualified after he is elected, but before his name is notified in the Gazette. The rule, as it stands, is silent on the point whether such subsequent disqualification invalidates the election or not. The same remarks apply to the disqualifications specified in section 10-A of the Act. As it is desirable to make the intention clear, it is submitted that the following clause may be added at the end of Rule 6 :—

"Provided that the disqualifications mentioned herein and in section 10-A of the Act exist at the time of nomination under Rule 16 * or of election."

6. *Rules 7 to 14.*—These rules prescribe the procedure to be adopted by municipal councils in the preparation of lists of voters and of persons qualified for election. In paragraph 2 of the draft order of 1894, it was proposed to amend Rule 7, so as to require that the lists of voters and of persons qualified for election shall be revised by a given date in each year, such date to be the same for all the municipalities in the Presidency and that they shall continue in force for the calendar year. When this proposal was submitted for orders, the Honourable Sir Henry Bliss remarked thereon as follows in his note of the 8th September 1894 :—

"The first thing to decide is the year for which lists of candidates and voters should be in force. It does not matter, that I can see, whether it is the calendar or the official year—say the latter—* * * *. If we get the new rules out sharp, they can be brought into effect from 1st April 1895."

The date for the delivery of the lists to the Chairman under Rule 7 was then fixed as the 15th of January every year. As, however, the draft order making the proposed amendments was not expected to be ready before the beginning of November 1894, it was represented to the Honourable Member in the following

* Rule 18 of the existing rules has now been altered into Rule 16—*Vide* column 3 of the tabular statement marked A put up.

Vide the portion marked in the note flagged L.

note, dated 27th October 1894, that it would not be possible to bring the new lists into effect from the 1st April 1895 :—

"It does not appear possible that the new lists can be brought into effect from the 1st April 1895, as remarked by the Honourable Member in his note of the 8th September. The rules are now published for criticism and will not come into force until three months elapse from the date of their confirmation and republication in the District Gazette. The preparation of the new lists cannot therefore be taken in hand by municipal councils on the 15th January, as the new rules would not have come into force on that date. Would it not therefore be sufficient if the new lists are brought into force from the 1st January 1896? Meanwhile the existing lists in the various municipalities may, under Rule 13 of the existing rules, be ordered to continue in operation until that date. If this be approved, the date now fixed in the draft in the amendment to Rule 7 may be altered to 15th October * * * *".

It is submitted that for similar reasons it will not be possible now to bring the new lists into force from the 1st of January 1898. The rules must first be published for criticism under sub-section (1) of section 256 of Act IV of 1884, as amended by Act III of 1897. Any objections which may be received will then have to be considered and the rules should then be confirmed and republished in the District Gazettes. Under sub-section (2) of the same section, the Governor in Council may, in the special circumstances of the case, direct that the rules shall come into force before the expiry of the usual period of three months from the date of final publication; but, assuming that only fifteen days are allowed for this purpose, it does not appear to be possible, in view of the time that may be taken in printing and circulating the rules, that they can come into force before the 15th October, which is the date prescribed in the rules, as amended in 1894, for the delivery of voters' lists to the Chairman under Rule 7. The Honourable Member having expressed the opinion that it is immaterial whether the lists are for the calendar or the official year, it is submitted that the new lists may be brought into force on the 1st April 1898. If this proposal is approved, the date for the delivery of the lists to the Chairman under Rule 7

lists can be got ready before the 15th January next.

Note

As it is now too late to get the lists ready for delivery to the Chairman on the 15th January, as proposed in para 6 of the note for orders, it is submitted that the date originally proposed viz: 15th October, may be allowed to stand, the other dates being correspondingly altered. The lists will then be for the calendar year. VK

will have to be altered into 15th January, and the following alterations made in the dates specified in rules 8 to 13 :—

	Original date.	Date as now proposed.
Rule 8.—Date for affixing the lists at the Municipal office ..	25th Oct.	25th Jan.
Rule 9.—Date before which objections or claims should be filed.	15th Nov.	15th Feb.
Rule 10.—Date of meeting for deciding objections	30th Nov.	2nd Mar.
Rule 12.—Date within which Collector may order corrections to be made in the lists	31st Dec.	31st Mar.
Rule 13.—Date on which lists shall come into force	1st Jan.	1st April.

7. In this connection it may be noted that the procedure prescribed in Rules 7 to 14, appears to be rather complicated and difficult to work. The rules for the conduct of elections as originally proposed by the Local self-Government Committee of 1882 are printed on pages 187 to 190 of the appendices to their report. Rules 12 and 13 which relate to the preparation of voters' lists run as follows :—

"(12) A list of voters shall be prepared by the President and published in the local Gazette at least thirty days before the date fixed for the election. It shall be the duty of the President to revise the list of voters from time to time."

"(13) Any one claiming to vote or objecting to the right of any voter named in this list to vote, shall present his petition or objection in writing to the President on or before the seventh day preceding that fixed for the election. The President's decision shall be final."

Mr. Hammick who was appointed on special duty to frame rules under the Madras Local Boards Act V of 1884, and the District Municipalities Act IV of 1884, however, after considering the remarks and suggestions received from the several municipal councils on the rules framed by the committee above referred to, proposed a set of rules in which the existing procedure for the preparation of voters' lists was prescribed—*vide* Rules 9 to 15, printed on page 3, appendix D to Mr. Hammick's report. The rules proposed by him and approved by Government were adopted by

the municipal councils in which the elective system of appointing councillors was in force, each of them fixing a date which it found suitable for the delivery of the lists of voters to the Chairman under Rule 7. Subsequently in 1890 these rules were slightly modified and a set of rules applicable to all municipalities was issued in
C G.O., No. 1876 M., dated 8th December 1890.

The rules impose a number of duties on the municipal council and the Chairman for the performance of which specific dates are prescribed, so that any slight remissness on the part of either the council or the Chairman would, in the absence of any express provision to the contrary, result in invalidating the lists. Rule 13 as proposed to be amended in 1894 lays down that "if, on the occurrence of any vacancy in the council, no valid lists are in existence, such vacancy shall be filled up by Government by nomination." The failure to prepare and publish the lists by the prescribed dates in a particular year would then have the effect of virtually depriving municipal councils of the benefits of the elective franchise in that year. During the six years and a half in which the election rules issued in G.O., No. 1876 M., dated 18th December 1890, have been in force, several cases have come to notice in which municipal councils have failed to appoint persons to draw up lists or the lists were not delivered to the Chairman or published by the latter on the prescribed dates. In view of the trouble caused by the neglect of the Chairmen or the municipal councils to satisfy the requirements of the election rules in regard to the preparation, &c., of these lists, the Government had, so far back as 1893, to warn them that if they did not take the necessary steps for the working of the rules, the Government will have to assume that the privilege of election was not valued and will have to withdraw it from such of them as commit default in this respect. This extreme course was, however, not adopted in any case, although the Government had in every case to fix new dates and to order the old lists to continue in force until the new ones were prepared. In these circumstances, it is for consideration whether the following suggestions for simplifying the procedure prescribed for the preparation of these lists may not be adopted:—

(*a*) *Rule* 7.—This rule requires (1) that the municipal council shall appoint persons to draw up the lists of persons

entitled to vote in each ward, and (2) that such persons shall deliver to the Chairman a list of all persons entitled to be registered as voters in each ward. The object of requiring the *municipal council* to appoint persons for the preparation of the lists and of providing that they shall deliver a list to the Chairman is not clear. This system is, however, open to the objection that the persons appointed by the council for the purpose may not be responsible men, and that there is no remedy in case they fail to perform their duty properly or punctually. A case recently came to notice in which three persons were appointed by the municipal council to draw up a list of voters. Instead of preparing a single list, as they were required to do, they prepared two different lists. As the persons in this case were municipal councillors, the council had no control over them. In some cases the lists, though properly drawn up, are not delivered to the Chairman on or before the prescribed date. In view, therefore, of putting an end to this state of things and of ensuring the proper and punctual preparation of these lists annually, it seems desirable to make the Chairman responsible for their preparation and publication, as in the City of Madras, where these duties devolve on the President. The Chairman can, without any inconvenience or difficulty, get the lists prepared by the municipal subordinates or in any other manner as may appear to him expedient, but he will be responsible for their due preparation. As many of the municipalities will have a vice-Chairman and a Secretary appointed under the new Act, the work of preparing these lists must be considerably easier. If this proposal is approved, it seems unnecessary to prescribe a date on or before which the lists shall be prepared by the Chairman, as it would be enough if the latest day for the publication of the lists is fixed in the rules, and for this purpose the date already specified in Rule 8 may be adopted. The following may therefore be substituted for Rules 7 and 8 :—

Vide section 19 of Act I of 1884, as amended by Acts VII of 1884 and II of 1892.

"(7) Lists of persons qualified to vote and to be elected in each ward shall be prepared and published by the Chairman on or before the ~~25th~~ January in each year. Such publication shall be made by fixing a copy of the lists for each ward in some conspicuous position in that ward and in or near the Municipal office and the lists shall continue so affixed for ~~two~~ one months."

1st october

Why 2 months? There is no objection that I cannot in fixing the lists keep up beyond the date within which objections & addl. claims must be brought forward. One month at Municipal office

3

The above rule has been so framed as to be applicable also to the preparation of lists of persons qualified to be elected, which is provided for by Rule 14 of the existing rules. The necessary alterations will also be made in Rules 8 to 13 and Rule 14 will be omitted.

The last two sentences of Rule 7 might more appropriately go under Rule 3 and will, as amended below, be added as note 2 to that rule, the present note being numbered as 1:—

"Note 2.—A person may be registered for more wards than one provided he has the requisite property qualification under clause (*a*) in each such ward. A person who pays the requisite amount of taxes to entitle him to be an elector, but has his property scattered over more than one ward may be registered for any one such ward as he may elect."

(*b*) *Rule* 9.—For the words "any person desiring that his name shall be entered in the list of persons entitled to vote for any ward" occurring at the beginning of this rule, read "any person qualified to be elected or to vote whose name is omitted from the list" and insert the words "to enter his name therein" between "ensuing" and "and any." The alterations herein proposed are partly verbal and partly consequential on the suggestion to omit Rule 14—*vide* clause (*a*) *supra*.

(*c*) *Rule* 10.—This rule provides that all claims and objections in respect of the lists of voters and candidates shall be decided at a meeting of the municipal council within a specified date. This duty the council can hardly be expected to do satisfactorily, especially when the number of claims and objections is large, as some preliminary investigation will be required for their proper disposal, and this will have to be done by the Chairman and the municipal executive. It seems therefore better to vest in the Chairman of the council the power to dispose of finally such claims and objections. By delegating the power to the Chairman, the difficulty which would be experienced in calling for meetings of the municipal council in accordance with the provisions of the law within a limited time and of getting a quorum in such meetings may be avoided. It is therefore submitted that the words "who shall pass orders on them at the end of that month" may be added by the end of Rule 9, Rule 10 may be

omitted and in Rule 11 the word "Chairman" shall be substituted for "municipal council" and the words "Rule No. 8" for "Rule No. 10."

(*d*) *Rule* 11.—The wording of this rule appears to be defective. It says that "subject to any correction subsequently ordered by the Collector of the district, the orders passed by the municipal council under Rule No. 10 shall be final." The corrections referred to in this rule are evidently those ordered by the Collector under Rule 12, and in order to make this clear it is submitted that the words "under Rule No. 10" may be inserted after "district."

Vide G.O., No. 2153 M., dated 2nd October 1897.

Z

(*e*) *Rules* 12 *and* 13.—The words "and of persons qualified to be elected" may be inserted after the word "electors" in Rules 12 and 13. *Vide* clause (*a*) *supra*.

(*f*) *Rule* 14.—This may be omitted, as Rules 7 to 13 have been amended so as to make them applicable also to lists of persons qualified to be elected.

(*g*) *Rules* 7 *to* 13 as they now stand prescribe certain dates within which certain duties have to be performed by the Chairman or the municipal council. What is the legal consequence of a failure to keep to the prescribed dates in the preparation and publication of the lists of voters and of persons qualified to be elected? Will any default, however trifling it may be, render the lists invalid? The rules contain no express provision on this point. Rule 13 as proposed to be amended in 1894 which says that "if, on the occurrence of any vacancy in the council, no valid lists are in existence, such vacancy shall be filled up by Government by nomination" is intended to provide for cases in which a municipal council has not taken any steps towards the preparation of fresh lists in a certain year. But supposing that in the preparation of new lists, a municipal council is prevented from strictly conforming to the provisions of the rules, are the lists to become invalid simply by reason of such irregularity? The only defaults that can possibly be made in the preparation of these lists are failure to prepare and publish the lists, or to hear and decide claims and objections, within the prescribed date and in the prescribed manner. In some cases, defaults of this description may render the lists quite inaccurate and untrustworthy, while in others it may not

B

do so. In the absence of any express provision in the rules to the contrary, the natural inference is that in all such cases any neglect to conform to the rules will invalidate the lists. This, however, seems inequitable and may be provided that any irregularity in the preparation or publication of the lists shall not render the lists invalid unless, in the opinion of His Excellency the Governor in Council, the irregularity is such as will materially affect their accuracy. The following may therefore be inserted as Rule 12: "No irregularity in the preparation or publication of the lists of voters and of persons qualified to be elected, shall render the ~~lists invalid~~ unless the irregularity is, in the opinion of His Excellency the Governor in Council, such as to affect materially the accuracy of the lists."

8. *Rule* 16.—(i) This rule provides that the day of election shall be decided upon by the council at a meeting to be held not more than fifteen days before or after the occurrence of each vacancy. It is not, however, stated what will be the consequence if the council does not decide upon the day of election within the prescribed period. Nor does it appear to be necessary to specify in the rule any period within which the meeting for deciding upon the day of election should be held. The object of such a provision is apparently to prevent any unnecessary delay on the part of the council in taking steps to hold an election for filling a vacant seat, but this object cannot be gained by the rule in its present form; for, although it is made obligatory on the municipal council to hold a meeting within fifteen days of the occurrence of a vacancy, and the sanction of Government is required for deferring the day of election more than two months from the date of such meeting, yet, as no penalty is provided for failure to comply with the provisions of the rule in regard to the holding of the meeting, the council can, with impunity, postpone the meeting for an indefinite period after the occurrence of the vacancy. Nor does it appear at all necessary to require the *council* to fix the day, hour and place of election, as the Chairman might well be authorized to do this. It is therefore submitted that the word "Chairman" may be substituted for "Council", and the words "at a meeting to be held not more than fifteen days before or after the occurrence of each vacancy" occurring in the first sentence of the rule may be

omitted. If this suggestion is adopted, the second sentence of the rule may also be amended by substituting the words "the vacancy" for "such meeting", so that the election in respect of a vacant seat shall not be deferred more than two months from the date of the vacancy without the special sanction of Government.

(ii) Again, as this rule stands at present, there is no objection to an election being held on a Sunday, Good Friday or Christmas day or on any other recognized holiday. In the case disposed of in G.O., Y No. 1357 M., dated 14th August 1896, an objection was taken to the validity of an election on the ground that, as the election was held on Good Friday, the petitioner lost the votes of some of the Christian electors which he would otherwise have got. It was then proposed to amend the rules so as to lay down specifically that no election shall be held on a Sunday, Good Friday or Christmas day. It is however submitted that it would be better to make the scope of the rule wider by prohibiting the holding of elections on a gazetted holiday. The words "but no election shall be held on Sundays or gazetted holidays" may therefore be added at the end of the first sentence of this rule. If this suggestion is accepted, it would be necessary to define the term "gazetted holiday" and the following definition may be added as a note to this rule :—

"*Note.*—A gazetted holiday means a day which has been notified as a holiday in the official gazette of the district in which the municipality is situated."

9. *Rule 18.*—This rule deals with the nomination of candidates for election. There is nothing in this rule to prevent an elector from nominating more than one candidate for a single vacancy. It seems therefore desirable to make some provision in the rules prohibiting such a practice. It is accordingly submitted that the following words may be added at the end of this rule :—

"No elector shall nominate more candidates than there are vacancies."

10. The amendments and alterations proposed above relate only to the rules for the conduct of elections by wards. When orders have been passed on them, the necessary alterations will be made in the corresponding rules for elections by the town as a whole. The rules as thus amended may then be issued as a new set of rules.

Rules 24 & 25 seem to be bad inasmuch as they practically nullify Rule 23. Resident's marks signature should be on the back of the paper which would then be folded that his mark or signature cannot be seen — After that he should strike out the names of the candidates for whom he does not vote. The Coll. alone should have the power of giving the pertening book to any person the elector voted

11. If the suggestion made in paragraph 6 *supra* that the lists of electors and of persons qualified for election may be for the official year is approved, then new lists can be got ready in all the municipalities, which will, under the rules, come into force on the 1st ~~April 1898~~. It is submitted that a notification under the proviso to sub-section (1) of section 17 of Act IV of 1884, as amended by Act III of 1897, prescribing the 1st of ~~April~~ as the date upon which all municipal councillors appointed by election prior to that date, in all the municipalities, shall vacate office, may accordingly be issued when the revised election rules are finally published, the 1st of ~~May~~ being fixed as the date of the first general elections in all municipalities.

Why is the case of Nellore treated specially? I don't see why it should be.

Please see the note on p. 10 of 2244/97, dated 24th March 1897 from Tch. It will be seen that the special case for Nellore was allowed on the representation of the Council that very few native houses let for more than Rs 5. The special rule has however now been omitted.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

ORDER—No. 883, M., dated 7 ~~April~~ May 1898.

Various modifications having been, from time to time, made in the rules for the election of municipal councillors since their promulgation in 1890, and several other alterations having been found to be necessary in order to remedy certain practical defects in them and to bring them in accordance with the provisions of the District Municipalities Act IV of 1884, as amended by Act III of 1897, His Excellency the Governor in Council considers that a general revision of these rules is now called for. He accordingly resolves to publish a draft of the revised rules for general information and criticism. The following notification will ~~accordingly~~ be published in the Fort St. George and all District Gazettes :—

NOTIFICATION.

The following draft of the rules, framed under section 250 (1) (*a*) of the Madras District Municipalities Act IV of 1884, as amended by Act III of 1897, for the conduct of elections in municipalities in which the elective system of appointing councillors has been introduced, are published under section 256 (1). Order.

The Government considers that rule No. 6 of the rules for the conduct of elections by wards, published under G.O. dt 8th December 1890 No. 1876 M., should be amended so as to render ineligible for election all persons whose names do not appear in the list of candidates qualified to be elected prepared under rule 14, ~~for standing for election~~. The following words will therefore be added at the end of the first proviso to that rule:—

"and unless his name appears "in the list of candidates qualified for "election prepared under rule 14."

2. It is also thought desirable to amend rule 7 so as to require that the lists of voters and of persons qualified for election shall to be revised annually ~~delivered to the Chairman~~ in each year by a given date, ~~in order that those~~ lists

lists may come into operation on or about the first day of each official year in all the municipalities in the presidency. The words "the 15th January in each year" will therefore be substituted for "such date as shall be determined by the municipal council with the sanction of the Governor in Council" in that rule, and the words "mentioned in" for "determined in accordance with" in rule No. 8.

and shall continue in force for the official calendar year

* please see note in pencil at end of this draft.

3. Several applications have from time to time been received from Municipal councils, which have at present frequently neglected to take the necessary steps for revising the lists of voters and candidates, requesting that the period of their validity may be extended under rule No. 13, to permit of elections being held to fill up vacancies. In order to ensure punctuality in the preparation of these lists, it is considered desirable to make the rule absolute as regards their period of currency, and to provide that if no valid lists are in existence

accordingly

on the occurrence of any vacancy such vacancy shall at any time, will be filled up by Government by nomination. The words "or if the Government so directs, until fresh lists are completed under the rules" at the end of rule No. 13 will accordingly be omitted & the following added instead:—

"If on the occurrence of any vacancy in the Council no valid lists are in existence such vacancy will "be filled up by Government by nomination."

4. As Rule 20, as it now stands, renders it possible that a candidate for election may through no fault of his own be debarred from standing for election or from the chance of being elected if the Chairman or the Collector does not for any reason decide upon objections to his nomination in time to permit of his name being included in the schedule of valid nominations published three days before the election under rule 21. the following clause will accordingly be added at the end of this rule 20.—

"If the decision of the Chairman or the Collector under this rule is not for any reason passed in time to permit of the candidate's name being included in the schedule of valid nominations referred to in rule 21 the election shall be postponed for such period as will allow of three days' interval."

inclusion of the objection to be disallowed but the permit of the candidate's name being included in the schedule required by Rule 21 to be published

5. The Govt. considers that in order to secure both secrecy in the ballot, & thoroughness in the identification of voters it is necessary that in order to ensure absolute secrecy of the ballot, the ballot paper should bear a distinguishing mark at

~~of the same time, the Government~~

~~consider it~~ is necessary that two officers to control such election

should be appointed, one of whom

the voting actually takes place to identify voters as

~~to identify electors as they arrive~~. ~~It~~

they arrive, while the other superintends the voting of such electors as are passed by the identifying officer.

It is therefore proposed to substitute the

following for rule 23:—

"23. In the case of a poll at an election
"the Chairman shall appoint two members of
"the council, who are neither councillors for the
"ward of which the poll is to be taken, nor regis-

Notes

(1) With reference to this note of 8th Sept. does not appear to be necessary to allow any margin for adjournment of the meeting under Rule 10, as there is already a margin allowed. Under Rule 8, the lists are to be affixed within 10 days of the date mentioned in

Not in the act.

The portion enclosed in red chalk has been reinserted in the proof, as the rule in the case of elections by the town as a whole differs slightly from that in the case of elections by wards. In the former the words "who are neither councillors for the ward of which the poll is to be taken, nor registered voters in it" have to be omitted.

and under Rule 9, objections can be made only if made within three weeks (21 days), while according to Rule 10, the Council may meet within 35 days of the date mentioned in Rule 8.

2) No alteration in the rules is necessary to prevent a Councillor who is acting for one ward from coming forward in for another ward without first vacating the seat he holds, as such a case will be met by the proposed amendment of section 10 of the Act — (Vide Clause 9 of Bill in fo. 256m 24.2.93).

3) It does not appear possible that the rules can be brought into effect by 1st April 1895, as remarked by Mr. Hall's note of the 8th Sept.r. The rules must be published for criticism & will not come into force until three months from the date of their confirmation & publication in the district gazette. The preparation of the new lists cannot therefore be taken in hand by the municipal councils on the 15th January & the new rules would not have come into force on that date. Would it not therefore be sufficient if the new rules are brought into force from the 1st January

4) Meanwhile the existing lists in the various municipalities may under Rule 13 of the existing rules, be ordered to continue in operation until that date.

If this be approved, the

date now fixed in the draft in the amendment to rule 7 may be altered to 15th Oct. Mr. Hall has said that it is immaterial whether the lists run for the calendar or for the official year, & this date 15th October being adhered to & coming into operation of these rules by three months, & also prevent their occurring at the time of the first & the end of the official year when there is already a great deal of work

ORDER—dated November 1894, No. M., Local and Municipal.

The Government considers that rule No. 5 of the rules for the conduct of elections by wards, published under G.O., dated 8th December 1890, No. 1876 M., should be amended so as to render ineligible for election all persons whose names do not appear in the list of candidates qualified to be elected prepared under rule 14. The following words will therefore be added at the end of the first proviso to that rule :—

"and unless his name appears in the list of candidates qualified for election prepared under rule 14."

2. It is also thought desirable to amend rule 7 so as to require that the lists of voters and of persons qualified for election shall be revised by a given date in each year, such date to be the same for all the municipalities in the presidency and shall continue in force for the calendar year. The words "the 15th October in each year" will therefore be substituted for "such date as shall be determined by the municipal council with the sanction of the Governor in Council" in that rule, and the words "mentioned in" for "determined in accordance with" in rule No. 8.

3. Municipal councils at present frequently neglect to revise the lists of voters and candidates, and then request that, to permit of elections being held to fill up vacancies, the period of their validity may be extended under rule No. 13. It is accordingly considered desirable to make absolute the rule as to their period of currency, and to provide that if no valid lists are in existence on the occurrence of any vacancy such vacancy shall be filled up by Government by nomination. The words "or if the Government so directs, until fresh lists are completed under the rules" at the end of rule No. 13 will accordingly be omitted and the following added instead :—

"If on the occurrence of any vacancy in the council no valid lists are in existence, such vacancy will be filled up by Government by nomination."

4. Rule 20, as it now stands, renders it possible that a candidate for election may, through no fault of his own, be debarred from standing for election if the Chairman or the Collector does not for any reason decide upon objections to his nomination in time to permit of his name being included in the schedule of valid nominations published three days before the election under rule 21. The following clause will accordingly be added at the end of rule 20 :—

"If the objection be disallowed, but the decision of the Chairman or the Collector under this rule is for any reason not passed in time to permit of the inclusion of the candidate's name in the schedule of valid nominations referred to in rule 21, the election shall be postponed for such period as will allow it to be so included."

5. The Government considers that it is necessary, in order to secure both secrecy in the ballot and thoroughness in the identification of voters, that two officers should be appointed to control each election, one of whom should remain in a place other than that in which the voting actually takes place to identify voters as they arrive, while the other superintends the voting of such electors as are passed by the identifying officer. It is therefore proposed to substitute the following for rule 23 :—

"23. In the case of a poll at an election the Chairman shall appoint two members of the council who are neither councillors for the ward of which the poll is to be taken, nor registered voters in it, one to be identifying officer and the other polling officer at the time of the election. The identifying officer shall remain outside the booth, identify electors as they arrive, and send into the polling booth one by one those of them who are satisfactorily identified with a ticket inscribed with their name and number to be delivered to the polling officer who shall record their votes. It shall be the duty of the polling officer to see that the votes are recorded with absolute secrecy, that only voters are admitted to the polling booths, and that persons who have recorded their votes leave immediately."

6. With a view to make the intention of rule 35 clear, a comma will be inserted after the word "electors," and the words "candidate for election" shall be substituted for "candidate at the election,"

7. With a similar object the words "and materially affected the result of such election" will be added at the end of clause (*a*) of rule 36.

8. It also appears desirable to amend rule No. 37 so as to give the Collector power to dispose finally of petitions questioning the validity of elections while reserving to Government the right to interpret the rules. The following will therefore be substituted for that rule :—

"At the conclusion of the inquiry, the Collector shall pass such orders on the matter as he thinks fit and report his decision to Government. All orders passed by the Collector under this rule shall be final, but the Government reserves to itself the right to interpret the rules."

9. Corresponding alterations will be made in rules Nos. 4, 6, 7, 12, 19, 22, 33, 34 and 35 of the rules for the conduct of elections by the town as a whole.

10. The following notification will be published in the Fort St. George and in the District Gazettes except those of Anantapur, Nellore and Kurnool. The Superintendent, Government Press, will print the required number of copies of this notification and forward them to the Collectors concerned for publication :—

NOTIFICATION.

Under section 250 (1) (*a*) of Act IV of 1884, it is proposed to make the following alterations in Nos. 5, 7, 8, 13, 20, 23, 35, 36 and 37 of the rules for the conduct of elections by wards and Nos. 4, 6, 7, 12, 19, 22, 33, 34 and 35 of the rules for the conduct of elections by the town as a whole, published under G.O., dated 8th December 1896, No. 1876 M. Any objections or suggestions which may be made in respect of these alterations by any persons interested therein will be considered on or after the 15th January next :—

(1) In No. 5 of the rules for the conduct of elections by wards—

Omit the words "or if the Government so directs, until fresh lists are completed under these rules" and add instead "If on the occurrence of any vacancy in the council no valid lists are in existence, such vacancy will be filled up by Government by nomination."

(5) In No. 20 of the rules for the conduct of elections by wards, add at the end the following words :—

"If the objection be disallowed, but the decision of the Chairman or the Collector under this rule is for any reason not passed in time to permit of the inclusion of the candidate's name in the schedule of valid nominations referred to in rule 21, the election shall be postponed for such period as will allow it to be so included."

And in No. 19 of the rules for the conduct of elections by the town as a whole, add at the end the following words :—

"If the objection be disallowed, but the decision of the Chairman or the Collector under this rule is for any reason not passed in time to permit of the inclusion of the candidate's name in the schedule of valid nominations referred to in rule 20, the election shall be postponed for such period as will allow it to be so included."

(6) For No. 23 of the rules for the conduct of elections by wards substitute the following :—

"In the case of a poll at an election, the Chairman shall appoint two members of the council who are neither councillors for the ward of which the poll is to be taken nor registered voters in it, one to be identifying officer and the other polling officer at the time of the election. The identifying officer shall remain outside the booth, identify electors as they arrive and send into the polling booth one by one those of them who are satisfactorily identified, with a ticket inscribed with their name and number to be delivered to the polling officer, who shall record their votes. It shall be the duty of the polling officer to see that the votes are recorded with absolute secrecy, that only voters are admitted to the polling booths, and that persons who have recorded their votes leave immediately."

And for No. 22 of the rules for the conduct of elections by the town as a whole, substitute the following :—

"In the case of a poll at an election, the Chairman shall appoint two members of the council, one to be identifying officer and the other polling officer at the time of the election. The identifying officer shall remain outside the booth, identify electors as they arrive and send into the polling booth one by one those of them who are satisfactorily identified, with a ticket inscribed with their name and number to be delivered to the polling officer, who shall record their votes. It shall be the duty of the polling officer to see that the votes are recorded with absolute secrecy, that only voters are admitted to the polling booths, and that persons who have recorded their votes leave immediately."

(7) In No 35 of the rules for the conduct of elections by wards and No. 33 of the rules for the conduct of elections by the town as a whole—

Insert a comma after the word "electors," and substitute the words "candidate for election" for the words "candidate at the election,"

(8) At the end of clause (*a*) of No. 36 of the rules for the conduct of elections by wards and clause (*a*) of No. 34 of the rules for the conduct of elections by the town as a whole, add the following words :—

(9) Substitute the following for No. 37 of the rules for the conduct of elections by wards, and No. 35 of the rules for the conduct of elections by the town as a whole :—

"At the conclusion of the inquiry, the Collector shall pass such orders on the matter as he thinks fit and report his decision to Government. All orders passed by the Collector under this rule shall be final, but the Government reserves to itself the right to interpret the rules."

NOTES.

(1) With reference to Honorable Member's note of 8th September, it does not appear to be necessary to allow any margin for adjournment of the meeting under rule 10, as there is already a margin allowed. Under rule 8 the lists are to be affixed *within* 10 days of the date

mentioned in rule No. 7, and under rule 9 objections are admitted only if made within three weeks (or *21* days), while according to rule 10 the council may meet within *35* days of the date mentioned in rule 8.

(2) No alteration *in the rules* is necessary to prevent a councillor who is sitting for one ward from coming for election for another ward without first resigning the seat he holds, as such cases will be met by the proposed amendment of section 10 of the Act (*vide* section 9 of Bill in G.O., dated 24th February 1893, No. 256 M.).

(3) It does not appear possible that the new lists can be brought into effect from 1st April 1895 as remarked by the Honorable Member in his note of the 8th September. The rules are now published for criticism and will not come into force until three months elapse from the date of their confirmation and republication in the District Gazette. The preparation of the new lists cannot therefore be taken in hand by municipal councils on the 15th January as the new rules would not have come into force on that date. Would it not therefore be sufficient if the new lists are brought into force from 1st January 1896 ? Meanwhile the existing lists in the various municipalities may, under rule 13 of the existing rules, be ordered to continue in operation until that date. If this be approved, the date now fixed in the draft in the amendment to rule 7 may be altered to 15th October. The Honorable Member has said that it is immaterial whether the lists run for the calendar or for the official year, and this date would advance the coming into operation of these rules by three months and also prevent their occupying the time of the offices just at the end of the official year when there is already a great deal of work.

(Signed) J. THOMSON,
Ag. Collector.

ORDER—dated 8th November 1894, No. 1670 M., Local and Municipal.

In the Government order read above, a draft notification raising the number of wards in the Kumbakónam Municipality from six to seven and redistributing the elective seats among them was published for information and criticism, under section 250 (1) (*a*) (ii) of the District Municipalities Act. Note Rule 31 as it now stands leaves the casting of lots to the candidates who have obtained an equality of votes. A case has recently come to notice in which the candidates refused to cast lots. To obviate this difficulty, the rule has now been altered so as to throw the duty of casting lots on the Chairman.
