AUGUST.

Observation Circles.

Approving the revised scheme submitted by the Collector of Kistna to divide the frontier into —.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—again the following papers:—

G.O., Mis. No. 361 P., dated 19th April 1898.

ABSTRACT.—Requesting the Collector of Kistna to prepare a scheme for observation circles along the frontier similar to those sanctioned for Bellary and Kurnool districts.

G.O., Mis. No. 486 P., dated 17th May 1898.

ABSTRACT.—Requesting the Collector of Kistna to submit a plan showing the proposed observation circles, road frontier stations, &c., and to report what roads should be watched should plague break out, how many ferries there are across the Kistna and what supply of boats there is on the river.

G.O., Mis. No. 662 P., dated 11th July 1898.

Read—the following papers:—

From R. MORRIS, Esq., Acting Collector, Kistna District, to the Secretary to Government, Local and Municipal Department, dated Masulipatam, 8th June 1898, Ref. No. 269-M.

With reference to G.O., Mis. No. 486-P., dated 17th May 1898, I have the honour to submit herewith a plan on the scale of 1 inch = 8 miles showing the proposed observation circles and the road frontier inspection stations. The head-quarters of the inspectors of circles are marked on the map. The ranges of the supervisors and their head-quarters are shown in the statement appended below:—

No.	Head-quarters of supervisors.	Ranges of supervision.	No.	Head-quarters of supervisors.	Ranges of supervision.
1	Gurazala	1. Gottipalla. 2. Tallapalli. 3. Rentachintala. 4. Pulipad. 5. Mutukur. 6. Adigoppala. 7. Muttiyalampad. 8. Julakallu. 9. Papayapalem. 10. Chamarra. 11. Razupalem. 12. Vipparla.	3	Nandigāma	13. Jaggayyapēta. 14. Lingala. 15. Magallu. 16. Zuzzuru. 17. Konayapalem. 18. Pendyala. 19. Mailavaram. 20. Kondapalli. 21. Chimalapad. 22. Gampalagudem. 23. Tiruvur. 24. Tsanubanda.
2	Piduguralla		4	Mailavaram	

I have slightly revised the distribution of villages into observation circles. The revised statement is also enclosed.

3. With regard to the road frontier inspection stations, as will be seen from the map, the whole of the western and northern boundaries of Palnad is hilly. The opposite bank of the Kistna in Hyderabad territory is also hilly, and though there are six ferries in this tract, that at Pondugala is the only one at which there are boats capable of carrying carts across the river. The boats at other places can transport only men with very small loads. The whole of the Sattenapalle frontier is occupied

by hills and the Kistna is unfordable. There is no ferry at any point on the Sattenapalle frontier. The western portion of the Nandigāma frontier consists of hill and jungle, and the same remark applies to the zamindari portion of Bezwada taluk and the Tiruvur division. The only trade routes therefore are those along the roads entering the district at Pondugala and Garikapad and by the railway which runs through the centre of the tongue of Hyderabad territory projecting into the district. The railway takes all the traffic from this tongue to Bezwada and carts do not enter the Nandigāma taluk from the east. A cart track enters the district near Tiruvur, but the traffic is insignificant.

4. The six ferries on the Kistna river between the Hyderabad territory and the district are marked on the map. The seventh shown at the tri-junction of Sattenapalle, Nandigāma and Hyderabad plies between places in British territory. With regard to the supply of boats information has been called for from the Tahsildars and will be submitted on receipt.

From R. MORRIS, Esq., Acting Collector, Kistna District, to the Secretary to Government, Local and Municipal Department, dated Masulipatam, 15th June 1898, Ref. No. 969-M.

In continuation of this office Ref. No. 269-M., dated 8th June 1898, and in reply to G.O., Mis. No. 486 P., dated 17th May 1898, I have the honour to state that, in addition to the ferries mentioned in the plan, there are ferries in Palnad taluk at Regulagadda near the boundary of Sattenapalle taluk, Ramapuram, two miles from Pondugala and at Kasulkota, whose exact position I cannot find in any map. I have called on the Tahsildar to report its position. Although there are no ferries in the Sattenapalle taluk on the frontier belonging to any British authority, I now find that at three points opposite to Kamepalle on the Sattenapalle-Palnad frontier, Chittiyala six miles north-east and Kolluru two miles further east, there are ferries maintained by contractors under His Highness the Nizam's Government. These six ferries are of the same class as the five minor ones indicated in the map: the boats at them are only capable of carrying a few men with small loads.

No boats ply up and down the Kistna further west than Muktyala on the Nandigāma frontier. The Tahsildar of Bezwada reports the number so plying to be 18.

Order—Mis. No. 662 P., dated 11th July 1898.

The Collector's proposals are very thorough, but so much of the frontier being hilly and sparsely populated, it would seem that less elaborate arrangements would suffice. The Collector is therefore requested to work out a revised scheme, either

omitting, or dealing in a simpler manner with, such exceptional portions of the frontier. It should not be brought into force unless and until plague is found making way towards the frontier and then only with the previous sanction of Government.

(True Extract.)

(Signed) H. TREMENHEERE,
Secretary to Government.

To the Collector of Kistna.

READ—also the following paper:—

From R. MORRIS, Esq., Acting Collector, Kistna District, to the Secretary to Government, Local and Municipal Department, dated Masulipatam, 11th August 1898, Dis. No. 159-Tour.

Referring to G.O., Mis. No. 662 P., dated 11th July 1898, I have the honour to submit herewith a revised plan of observation circles of this district. It will be seen from it that the three circles—Gottipalla and Tallapalli in Palnad taluk and Chintapalli in Sattenapalle taluk—have been struck out from the list on account of the extremely hilly nature of the tract. I have also omitted the Konayapalem circle and the portions of the Pendyala circle lying west of the Muneyeru and amalgamated the rest of the Pendyala circle with the Zuzzuru in Nandigama taluk. The portions thus omitted are protected on three sides by the rivers and on one side towards Jaggayyapeta by hills also, and they therefore need not be patrolled. I have removed the whole of Tiruvur division from the range of observation, as the whole tract is sparsely populated and full of hills and jungle and the travellers from the plague-infected parts of the Nizam's Dominions are likely to be very few. The Nandigama supervisor can look after all the circles east of the Kistna. The headquarters of other supervisors need not be changed.

ORDER—No. 883 P., dated 23rd August 1898.

The revised scheme is approved. The Collector's attention is drawn to the concluding sentence of G.O., Mis. No. 662 P., dated 11th July 1898.

OFFICE

OF THE

COLLECTOR & MAGISTRATE,

MASULIPATAM,

KISTNA DISTRICT.

8th June 1898.

FROM,

R. Morris Esquire,
Acting Collector, Kistna District.

TO,

The Chief Secretary to Government,

Local and Municipal Department,

Fort St. George.

SIR,

With reference to Government Order No 486 P
Misc. dated 17th May 1898, I have the honor
to submit herewith a plan on the scale of
one inch = 8 miles showing the proposed
observation circles and the road frontier
inspection stations. The Head quarters of the
Inspector of circles are marked on the map.
The ranges of the Supervisors and their
Head quarters are shown in the statement
appended below.

No.	Head quarters of Supervisors.	Range of supervision.
1.	Gurazala	1. Gottipalla 2. Tallapalli 3. Rentachintala 4. Pulipad 5. Mutukur 6. Adigoppala 7. Mutijalampad 8. Julakallu 9. Papayapalem 10. Chamarru 11. Rajupalem 12. Vipparla
2.	Piduguralla	

No.	Headquarters of Supervisors	Range of supervision
3.	Nandigama	13 Jaggaipeta 14 Lingala 15 Magallu 16. Zurguruv. 17 Konayapalem 18 Pendzala.
4.	Mailavaram.	19 Mailavaram 20 Kondapalli 21 Chimalapad 22 Gampalagudem 23 Tiruvut 24 Isambanda

I have slightly revised the distribution of villages into observation circles. The revised statement is also enclosed.

3. With regard to the road frontier inspection stations, as will be seen from the map, the whole of the western and northern boundaries of Palnad is hilly. The opposite bank of the Krishna in Haiderabad territory is also hilly and though there are six ferries in this tract, that at Pondugala is the only one at which there are boats capable of carrying carts across the river. The boats at other places can transport only men with very small loads. The whole of the Sattenapalli frontier is occupied by hills and the Krishna is unfordable. There is no ferry at any point on the Sattenapalli frontier. The western portion of the Nandigama frontier consists of hill and jungle, and the same remarks applies to the Zamunda portion of Berwada Taluk and

and the Tiruvur Division. The only trade routes therefore are those along the roads entering the District at Pondugala and Garikapad and by the Railway which runs through the centre of the tongue of Haiderabad territory projecting into the District. The Railway takes all the traffic from this tongue to Berwada and carts do not enter the Nandigama Taluk from the East. A cart track enters the District near Tiruvut, but the traffic is insignificant.

3. The six ferries on the Krishna river between the Haiderabad territory and this District are marked on the map. The seventh shown at the trifurcation of Sattenapalli Nandigama and Haiderabad lies between places in British territory. With regard to the supply of boats, information has been called for from the Tahsildars and will be submitted on receipt.

I have the honor to be,
Sir,

ORDER. No. 662 P. min. dt. 11-7-98

The Collr's proposals are very thorough, but so much of the frontier being hilly & sparsely populated, it would seem that less elaborate arrangements would suffice. The Collr is therefore requested to work out a revised Scheme, either omitting or dealing in a simpler manner with such exceptional portions of the frontier.

The Collector's proposals seem to be sound enough provided action is necessary, but a great part of the frontier is hilly and either uninhabited or sparsely inhabited, and may not require to be placed under observation. The Government is therefore of opinion that less elaborate arrangements will suffice and requests the Collr to work out a revised Scheme. It should not be brought into force unless and until plague is found making way towards the frontier and then only with the previous sanction of Government.

July 1898, I have the honour to submit herewith a revised

plan of observation circles of this district. It will be

seen from it that the three circles Gottipalli and Tallapalli

and Chintapalli in Sattenapalli Taluk
in Palnad Taluk have been struck out from the list on account

of the extremely hilly nature of the tract. I have also

omitted the Konayapalem circle and the portions of the Pend-

yala circle being lying west of the Muneyeru and amalgamated

the rest of the Pendyala circle with Juzzur in Nandigama

Taluk. The portions thus omitted are protected on three

sides by the rivers and on one side by towards Jaggayyapet by

hills also and they therefore need not be patrolled. I have

removed the whole of Tiruvur Division from the range of ob-

servation as the whole tract is sparsely populated and full

of hills and jungle and the travellers from the plague

infected

infected parts of the Nizam's Dominions are likely to be very few. The Nandigama Supervisor can look after all the circles east of the Kistna. The head quarters of other Supervisors need not be changed.

I have the honor to be,

Your most obedient servant,

K. Subramanian
