ORDER.

The following notification will be published in the Fort St George Gazette.

Notification

Whereas certain parts of India are visited by, and the Districts of ~~Madras~~ ^{Madras}, ~~Madras~~ ^{Madras}, Bellary, ~~Madras~~ ^{Cuddalore}, ~~Madras~~ ^{N. Arcot}, ~~Madras~~ ^{and} ~~Madras~~ ^{Salim, Coimbatore, the Nilgiris and Malabar} are threatened with an outbreak of a dangerous epidemic disease known as the plague, and whereas the ordinary provisions of the law in force in these districts are insufficient for the purpose of preventing the outbreak or spread of the disease:

H.E. The Governor of Fort St George in Council hereby directs that

*Bring papers about
1882-83
to 1888*

(If his orders are necessary
as to the District
struck out.)
H. 7.

There is much to
Question here.
Today's issue only
not for putting in (first)
under observⁿ.

25-895.

Uniform Regulations should be at
the two latter Districts -
and enforced in all the ~~other~~ mentioned
~~in the report~~. These provisions are

Should be carried out as necessity
arises and ^{only} with the previous sanction
of Government. The Collectors concerned
should however mature their proposals
and obtain the sanction of Government. So

so that they may be sanctioned
& carried into effect without delay
when required.

note As regards the Nilgiris, a good inspection station at a place near the Mysore frontier would seem preferable to one at the Sigur Check. It will intercept the passengers to Gudalur also.
Tippukadu? Impossible. Too fearful. H.T.

Nilgiri Collector's Office,
Ootacamund, 24/5/95

Dear Freuchenbeere,

Forbes is probably
attending to the case last
night at Browne's Stable.
Thompson saw the body &
there were no symptoms that
death was due to plague.
He does not profess to know
the cause ^{of death} but gave orders to
have the body & clothes burnt
at once.
Hammett writes that the death

was due to cold & starvation.
The woman was old & a beggar;
some say she came from
Bangalore, others that she
belonged to this place.

I heard of the case this
morning from Thompson &
wrote to Browne asking
him to report at once if
any one on his premises
gets fever.

No p.m. was held, Thompson
considering it unnecessary
as there were no symptoms
pointing to plague.

Yrs sincerely
A. Buttensforth

I had not heard the
rumour -

What has been done
about establishing an inspection
station at the head of the
Sigue ghaut? As the
Miggins declared "under
observation"? Just, please
declare them, so that the
Cbr. may have the added
powers.
