Collector's Office,

Before No. 1639

Camp Gun, take 21<sup>st</sup> August 1898

FROM

Bannatyne Macleod Esq., M. A., Barr. at Law

COLLECTOR OF

Anantapur

TO

THE SECRETARY TO GOVERNMENT,

Local & Municipal DEPARTMENT,

Coimbatore Madras.

SIR,

Upon the advice of the Surgeon General Sanitary Commissioner, I have the honor to recommend under section 1 of the Additional Municipal Regulations under the Epidemic Diseases Act 1897 that the Anantapur District be declared under observation. We also consider that as Bellary Town will very probably be attacked before long the General Inspecting Station should be revived. It is also probable that infection may be conveyed from Bangalore via Dharmavaram Junction to the Southern parts of the Presidency, it is necessary to get the Mysore Inspecting Authorities of Yeswanthpur to examine outward as well as inward trains from Bangalore. If they cannot do this, an inspecting station

It should be established at Wridapur.  
Under section 21 I have also the honour  
to request that two Commissioned Medical  
Officers may be sent.

I have the honour to be,  
Sir  
Your most obedient servant  
Bannatyne Macleod  
Collector

THE COLLECTOR OF

To

THE SECRETARY TO GOVERNMENT,  
DEPARTMENT,  
Madras.

NOTE FOR THE Secretary

The Public Dept may be informed that our need for qualified medical officers is very great just now, that 4 additional plague inspection stations have been ordered at Jalapet, Hindupur, Guntakal and Pakala, and that for want of Commissioned medical officers, retired Asst Surgeons have been employed at Hospet and Jangabhadra. Dr Thomas may be wired for at once. In fact, the H. M. gave instruction on the 18<sup>th</sup> that this should be done (vide <sup>percol into on</sup> attached letter)

25/8/18 It is submitted that a <sup>special</sup> Commissioned medical officer is required at Guntakal to attend to the plague operations there.
