Subject

1 Proposed by the Chairman that certain fixed rate of fees be levied for cleansing cesspools every day in the Municipality. The Chairman thinks that the rate of fees be fixed at one rupee per C. yard of the cesspool.

1167/98
The Council unanimously resolves to adopt the suggestions and to levy fees from owners of cesspools at the rate of one rupee per cubic yard of the cesspool independent of the quantity of sewage stored in it

Application will be made to government
for sanctioning the rate fixed. The cesspools
will be cleared every day both morning and
evening. The Council also resolves to issue
notice to each of the owners of the cesspools
as have no inferior ones, now.
Effect will be given to this resolution as
soon as the order of Govt. is received approving
the rates fixed.

of sewage from private cesspools in
this Municipality and to request that
you will be good enough to obtain
the sanction of Government for the
same.

2. The levy of these fees will provide means for strengthening the Establishment employed on Cesspool Cleaning, which is a pressing necessity. On inspection last week, I found the Cesspools in the Othai Brahmin quarter in the most fearful Condition, and the Chairman informed me that owing to paucity of hands, it was impossible to do more than take off the top accumulation as much as two feet of filth at the bottom of some of the Cesspools being never touched.
3. The Council has not apparently considered the question of the extra Establishment to be entertained and is presumably waiting for the sanction of Government to the rate of fees proposed.
4. The method of calculating the fees appears to be the best practicable.
