SIR,

With reference to para 5 of G.O. No 396 P dated 24th April last, I have the honor to state that the instructions contained in G.O. 522 M dated 13th March 1897 regarding the division of Municipal towns into circles and divisions have been carried out. The Salem Municipality has been divided into 11 circles and 3 divisions and the Vaniam body and the Sivupattur Municipality into two circles each. In the event of plague breaking out one Commissioned Medical Officer for the Salem Municipality and one Assistant Surgeon for each of the Municipalities of Sivupattur and Vaniam body will be required in addition to the present Establishment. There are at present 3 Sanitary Inspectors for the Salem Municipality, two for Vaniam body and one for Sivupattur. Their qualifications are as follows:-
Salem Municipality. One Sanitary Inspector at Rs 38+7 certificated and trained.
One Sanitary Inspector

on R 38+7, trained but not certificated - one
on R 18+7 - trained but not certificated.

Varianabady - One Sanitary Inspector
Certificated and trained
One Sanitary Inspector
Unpassed.

Seiappattur. The Sanitary Inspector. Trained.
has appeared for the Examination
and the result is awaited.

The pay of the Sanitary Inspectors of the Salem Municipality, the population of which exceeds 50,000, is not in accordance with the scale prescribed in para 3(2) of G.O. No 4 M dated 14th January 1897 and the Chairman explains that this is owing to paucity of funds.

The Municipalities maintain generally the stock of disinfectants referred to in rule 4 of the rules sanctioned in G.O. No 522 M dated 13.3.97. The Chairmen of Municipal Councils Vanniam bady and Trinipattur have been instructed to maintain the full quantities of a few items of disinfectants which were short of the prescribed amount.

I have the honor to be,

See

Sir,
Yours most obedient servant

Rome Wilson
